Shipping board officials are confident that a basis will be reached this week for settlement of all labor disputes in Pacific coast shipyards.

Accountants Organize To Aid Government

Washington, Sept. 17.—Plans for concentration of a large number of the country's leading accountants for important war service in government auditing and supervision were announced here today at the opening of the annual meeting of the American Institute of Accountants.

The committee has already obtained fourteen members as divisional auditors in charge of accounting at army cantonments.

Stockholm Conference Is Postponed, Say Boosters

Stockholm, Sept. 16.—After conferences with the Russian delegates who have returned from their mission to London, Paris and Rome, the organizing committee of the Stockholm conference, in a report on the present situation, declares that the conference has not been abandoned, but on the contrary that a date will be fixed as soon as passport difficulties are overcome. The Russian delegation is still convinced that the working classes of Great Britain, France and Italy are unanimously in favor of the conference, because they believe that a stable peace can only be reached by a common concerted effort on the part of the proletariat of the entire world.

Cabinet Named to Handle Russia's Affairs of State

Petrograd, Sept. 17.—A cabinet of five members, including Premier Kerensky, has been named to take care of all matters of state for the new republic. The following official communication was issued:

"Pending the definite constitution of a cabinet and in view of the present extraordinary circumstances, all affairs of state have been entrusted to M. Kerensky, premier; M. Tereschenko, minister of foreign affairs; General Verkhovskiy, minister of war; Admiral Verdevskiy, minister of marine, and M. Nikitin, minister of posts and telegraphs."

SUSPECT FRENCH DEPUTY OF TREASON

Finding of Money Recalls the Statement German Chancellor Received Full Information of Sitings.

Paris, Sept. 17.—Semi-official announcement was made today that Paul Deschanel, president of the Chamber of Deputies, and quakers of the chamber would meet on Monday to decide what action should be taken regarding the Turmel affair, which for more than a week has been the principal topic of discussion in the press.

Premier Painleve, Jules Steeg, minister of the interior, and Raoul Peret, minister of justice, have decided that it is thus far under the jurisdiction of the chamber, inasmuch as M. Turmel is a deputy.

The discovery of the bank notes was recalled, however, as soon as the German chancellor, Dr. Michaelis, made the statement that he was fully informed by witnesses of everything which was said at the secret sittings of the chamber. It was intimated that the bank notes had been given in payment for treasonable acts on the part of some deputies.

Eventually the name of M. Turmel was made public in connection with the incident. He explained that he was the legal advisor for French-Swiss firms and received money in fees. He added that his last trip to Switzerland was May 10 and hence it was out of the question that he could have betrayed the proceedings.

GERMAN U-BOATS SINK THREE SHIPS

Passengers Reach Atlantic Port and Toll of English and Belgian Boats Being Sunk; 38 Lives Lost.

(By Associated Press.) An Atlantic Port, Sept. 17.—News of the destruction by a submarine early in May, near the British coast, of the British steamship, Mary Baird, became known here today for the first time, on the arrival of members of the crew of the steamer on an American passenger liner.

Also on board the liner were Captain Charles Davis and four members of the crew of the American four-masted schooner, Laura C. Anderson, which was sunk with bombs by the crew of a German U-boat, August 29, thirty miles from Havre. Captain Davis said his ship was stripped of all its stores before being sunk.

Omaha College Man Takes Poison in Detroit Cemetery

Ann Arbor, Mich., Sept. 17.—(Special Telegram.)—Claude Robertson, 30 years old, a graduate of the Literary college of the University of Michigan of the class of 1915, who had returned to enter the law school this fall, was found lying stark naked on a grave in Forest Hill cemetery yesterday.

Robertson was conscious and told Prof. C. L. Meader, who found him, that he had taken bichloride of mercury. He was rushed to the Homeopathic hospital, where he showed signs of being demented. He has at times during the day been violent. No cause is known for his action.

Sites Selected for Nineteen Hospitals to Teach Men Useful Occupations After the War is Over.

(By Associated Press.) Washington, Sept. 17.—Sites have been chosen tentatively in nineteen cities for the great "reconstruction" hospitals in which the United States will begin the work of re-habilitating for private life its soldiers who return wounded from the front in Europe. The cities, selected as the largest centers of population, were announced tonight by Major General Gorgas, surgeon-general of the army, as follows:

Boston, New York, Philadelphia, Baltimore, Washington, Buffalo, Cincinnati, Chicago, St. Paul, Seattle, San Francisco, Los Angeles, Denver, Kansas City, St. Louis, Memphis, Richmond, Atlanta and New Orleans.

Fire Causes \$2,000,000 Loss in Westwood, Cal

Westwood, Cal., Sept. 17.—Fire believed to be of incendiary origin destroyed today 70,000,000 feet of lumber in the yards of the Red River Lumber company here. The loss is estimated at \$2,000,000. Twenty million feet of lumber was saved. The Red River Lumber company is the largest in Lassen county. An investigation is under way.

soldier to private life with his wounds healed and such pension as he might be given, it is now considered that it is the duty of the government to equip and re-educate the wounded man, after healing his wounds, and to return him to civil life ready to be as useful to himself and his country as possible.

"When the soldiers are able to take up industrial training, further provision will be ready. The injured man may be retrained to his previous occupation to conform with his handicapped condition or retrained for a new industry compatible with the condition. Additional education will be given to those fitted for it and men may in some cases be returned to more valuable work than that from which they were called to war. Workshops will be provided at the hospitals, but arrangements will also be made with outside industries whereby more elaborate methods of training may be carried on.

Orthopedic Surgeons Added.

"Orthopedic (prevention of deformity) surgeons will be attached to the medical force near the firing line and to the different hospitals back to the base orthopedic hospital which will be established within 100 miles of the firing line. In this hospital, in addition to orthopedic surgical care, there will be equipment for surgical reconstruction work and "curative workshops" in which men will acquire ability to use injured members while doing work interesting and useful in itself.

"It is not the intention that men able to go back to the firing line shall be returned to this country unless their convalescence will extend over a period of a considerable number of months. Soldiers unable to return to duty will be sent to the reconstruction hospitals in the United States."

THOMPSON, BELDEN & Co.

The Fashion Center for Women

WOMEN'S SUPERIOR APPAREL

Bearing the Thompson-Belden Label

To rise above the ordinary is no easy task. To be distinctive without any evidences of freakishness or a reliance on bizarre effects is not possible with the ordinary Fashion organization. The manipulation of words can not effect the reality.

Good taste is not chance, it is insight. Quality, in the truest sense of the word, is essential. Skill in design and care in the making are necessary before apparel is correct and of genuine goodness.

These Statements Are Borne Out in Our Present Fall Showings of Women's Outer Apparel

A Perfect Fit Is Assured

Becoming Millinery

Is made possible in this instance because we have assembled fashions of every sort, shapes that are charmingly different, colors that are of the moment, trimmings that lend distinction to fabrics of unusual richness.

To be in tune with the dictates of those who are called well-dressed, is the privilege of the wearer of a Thompson-Belden Hat.

FABRICS—FURNISHINGS—ACCESSORIES

That are in accord with the new season. Only one who has seen the evidences of our search for what is new, will be appreciative of the fact that distinction in dress has little to do with price.

We believe that many a problem of dress will vanish because of these selections of ours; vanish, too, without exceeding the expenditure one has decided upon.

THE STORE FOR BLOUSES

A Delightful Specialty Shop

Smart Blouses have either oval, V-neck or high necks, allowing a wide range of expression. Decorations of beaded embroidery and colored, also white embroidered are favored.

Two Distinctive Blouse Types Stand Out the Coming Season.

One is the higher neck blouse, more elaborate than any shown heretofore. The other the oval, or decollete neck, which either fastens down the back, or at least appears to, for the opening is cleverly hidden behind a tuck or plait in the front. Numerous blouse-fashions have the V-neck, with, however, a collar that is medium wide.

Georgette is the leading fabric. Prices are pleasingly moderate.

Luxurious New Furs

Short-haired pelts are the choice of the fashionable women this season. Such furs most easily adapt themselves to throws, shawls and capes. Soft colorings, when blended with the costume, make a delightful effect. Many linings are brocaded, their sharpness being softened by chiffon and georgette.

Kolinsky—Mole—Hudson Seal and Mink are most featured.

Trefousse French Kid Gloves

Have for more years than one cares to remember, been the standard of good taste throughout the world. Because of their excellence it is with more than ordinary pride that we chronicle the fact that the selling of them in Omaha is our exclusive privilege.

Fashionable colors—in all styles. Many with embroidered backs.
