Rev. S. De Freese Assumes Charge at St. Mark's Church

Rev. S. De Freese preached Sunday morning at St. Mark's English Lutheran church on "The Christ," taking as his text the words of Christ, "I am the way, the truth and the life; no man cometh unto the Father but by Me." "You often hear men boast," said Rev. Mr. De Freese, "that they never go to church or read the Bible or are about Christianity, but they take care of their families, pay their debts and obey the laws and therefore are 'just as good' as professed, active Christians. "But obedience to the laws and ordinary good conduct in dealings with men are not sufficient for salvation. In the words of the text, Christ lays down the one way by which we must come to the Father. There is no other way. Wise men do not set up their own judgment as to what is right in opposition to the words of the Master as recorded in the Scriptures."

Cocoon Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough for months.—Advertisement.

Thompson Keeps His Mouth Closed When Questioned Concerning the Location of Liquor Plant.

Thompson, 4222 South Twenty-sixth street, when Officer Shean arrested him for drunkenness Saturday night. "Not on your sweet life," answered Frank McIntyre, 3629 R street, when he was asked if he would tell where he got the quart of whisky, which he had in his possession when Detectives Lepinski and Dworak arrested him. He was brought to the police station, where he was charged with the illegal possession of liquor. Officer Petach arrested Charles Miller, 1020 Miller street, Saturday night. He had an eight-ounce bottle of medicated alcohol. The plaintiff alleges that it is losing between \$10,000 and \$40,000 annually, because of this.

NOT SATISFIED WITH RECALL OF LUXBURG

Argentine Foreign Minister Declares Friendship With Germany Will End Unless Concessions Made at Once.

(By Associated Press.) Buenos Aires, Sept. 17.—Foreign Minister Pueyrredon informed The Associated Press today that he is satisfied that the expulsion of Count Luxburg, the German minister to Argentina, has not closed the incident growing out of the telegrams the minister sent to Berlin through the Swedish legation here. Minister Pueyrredon declared that the Argentine government intends to act energetically, but not precipitately, in upholding the honor of the republic and to close the present incident favorably. The Argentine government has sent cablesgrams to Dr. Louis B. Molina, the minister at Berlin, concerning the negotiations, but no official response has yet been received. The foreign minister believes the delay is due to difficulties of transmission and the censorship. The foreign minister said he believed Germany would make concessions to retain the friendship of Argentina, but explained that friendship between the two countries will end unless the republic obtains the assurances and concessions desired. The government prohibited today an anti-German demonstration planned by foreign residents here. Withdraws Wireless Privilege. The government has withdrawn the permission granted to a German wireless company to attempt to receive wireless messages from the German station at Nauzen. The German wireless service, consisting largely of messages from the semi-official Overseas News agency, which was sent to this country through the Sayville station before the entrance of the United States into the war, is distributed from Nauzen. It has been reported on several occasions since the United States and Germany severed relations that information was being sent to Germany by wireless from South America. Pan-German Press Fumes. Amsterdam, Sept. 17.—The pan-German newspapers, which have taken longer than the remainder of the German press to digest Count Luxburg's famous dispatches to the German foreign office through the Swedish legation in Argentina complain of Luxburg's lack of discretion and caution, and appear to be very cross with everyone concerned. The Taegliche Rundschau of Berlin says it was not absolutely necessary for the count to announce by cable that he regarded the Argentinian foreign minister a notorious ass. It thinks that might have been said later. The comment of Count von Reventlow in the Tages Zeitung is distinguished from the rest by the absence of any attempt to explain away Count Luxburg's reference to "sinking without trace." The count merely fumes because such dispatches indicate that the submarine warfare had not been guided strictly and unchangeably by the proclamation of the barred zone. The Kreuz-Zeitung, like several other newspapers, explains Count Lux-

Mr. Clarke, the First Congregational has secured a location in Dundee, near Forty-ninth and Dodge streets, and next year will probably erect a church building there.

CUT THE H. C. of L.

You can do it if you own a BRISCOE

You can run 20, 40 or even 60 miles out into the country of an evening or Saturday afternoon, buy produce from the farmer at little more than half its city price, and bring it home in your handy car. Or, if you live in the country, you can tuck a nice load of produce into the tonneau whenever you make a trip to the city and sell it for more than it would ever bring you on the farm.

The Briscoe not only enables you to market in the country, but to run down in a few minutes to the big city markets and get bargains there. It opens, also, to you and your family a whole world of healthful pleasures and clean sports.

The Briscoe has the famous half million-dollar Motor, giving it wonderful smoothness and power, maximum gasoline and tire mileage and minimum repair expense. It looks and acts like an expensive car, yet the Briscoe is a low priced car and is the greatest value on the market today.

Come in and let us show you this car.

BURGESS-NASH COMPANY. "EVERYBODY'S STORE" A Money Saving Sale of New Fall Crepe-de-chine Blouses At \$3.95 and \$5.95 That Demonstrates Most Convincingly How Our Patrons Benefit from Our Co-operative Merchandising Methods. The fabrics are beautiful, the workmanship splendid, the fit perfect. The styles are new, authentic, attractive and appealing. A GREAT many months ago, in fact early last spring, a manufacturer of good waists bought tremendous quantities of fine silk. He knew that prices would advance excessively—as they since have. He likewise knew that a certain number of good stores would take all the Waists he could produce, figured on the basis of cost of material to him. We, together with other merchants in other cities, placed open orders for these Blouses, to be delivered at periodic intervals during the Fall and Winter, to be made up in the new and wanted styles. The first allotment has just come in, and will go on sale tomorrow. As was expected, they are most unusual in value, for in addition to the saving on the material, the arrangement effected many other savings; such as eliminating selling expense and lower making cost. Selling as we buy, giving our patrons the benefit of any advantage we possess, instead of charging "all the traffic will bear," the Blouses will be sold, while they last (for no more of the styles can be obtained), at \$3.95 and \$5.95.
