

ARGENTINA WILL BREAK WITH KAISER

BULLETIN.
London, Sept. 20.—A Stockholm dispatch to Reuter's Limited says that the Swedish minister at Berlin has been instructed to protest to Germany against the Luxemburg incident, it being "confirmed" that German officials seriously abused the confidence of Sweden.

Buenos Aires, Sept. 20.—The Argentine Senate, by a vote of 23 to 1, today declared for the breaking off of relations with Germany. The resolution now goes to the Chamber of Deputies. There is strong public feeling in favor of its final passage.

Washington Is Gratified.
Washington, Sept. 19.—News that the Argentine senate had voted overwhelmingly to sever diplomatic relations with Germany was received in Washington with gratification and no little surprise.

Officials had recognized that recent disclosures concerning cablegrams sent to Berlin by the German minister at Buenos Aires through the Swedish foreign office had aggravated the situation brought about by Germany's sinking of Argentine ships, but it had been assumed that, with the German minister handing his passports, no further official action would be taken pending receipt of Berlin's explanation of the messages.

Argentina Welcome in War.
Although it is understood the State department's purpose in making public copies of the cablegrams was only to expose the German government's world-wide system of duplicity and intrigue, it is no secret that Argentina's participation in the war would be welcomed.

Even the breaking off of relations, it is pointed out, would have a powerful effect on public opinion in all South American countries where German influences are known to be strong. That action also probably would result in considerable material benefit to the allies by restricting Argentine grain and meat exports to neutral countries, through which they might find their way to Germany. Argentina is now the only great neutral food-producing country.

Thompson Climbs Into the Patriotic Band Wagon

Chicago, Sept. 20.—Mayor William Hale Thompson, whose opposition to sending troops abroad aroused comment all over the country, apparently climbed into the patriotic band wagon today with a proclamation occasioned by the departure of selected men from Chicago to the Rockford cantonment. In the course of the preamble he says:

"Whereas it is the duty of all patriotic citizens to stand by our country in times of controversy with any other country and to show in an unmistakable way that the American people stand behind the army and the navy, which represent the majesty of our government—"

Ancient Capital of Romanoff Despots Will Ring to Cheers of Congress of Russia Third Estate, Eight Hundred Strong

Invitations Issued to Soldiers, Workmen and Peasants, But Former Duma Members and Bourgeoisie Excluded.

Petrograd, Tuesday, Sept. 18.—With Premier Kerensky at the front conferring with the army leaders, the delegates of the Soldiers' and Workmen's council at Petrograd turned their efforts today towards completing plans for the democratic congress to be held in the capital on September 12 (old style), when the social revolutionary elements are expected to muster their strength against the conservatives.

Eight hundred delegates are expected to participate and of this number the Council of Soldiers' and Workmen's Delegates will have 200. Oppose Death Penalty.
A dispatch from Odessa declares the Maximalists in the army groups there strongly oppose the order issued by Premier Kerensky forbidding politics in the army. Their executive council demands the abolition of the death penalty.

A Cossack council met today amid great excitement at Novo-Tcherkask, the capital of the territory of the Don

Cossacks, to discuss the recent order to arrest General Kaledines, the Cossack leader. Three hundred deputies attended the meeting of the Cossack council, which was led by Under Ataman Bogasensky, who read General Kaledines' communication. The Cossack leader, according to Bogasensky, was suspected of organizing a revolution when he was only traveling through the territory trying to increase the bread supply. General Kaledines learned of the order for his arrest and voluntarily went to the station of Obitzkaja with a guard of only 100 Cossacks and waited there for two hours vainly for the government commissioner to arrest him.

Bogasensky said the Cossack leaders were trying to restrain the passions of their men and then added: "But, if General Kaledines is summoned to trial, I'll follow him."

Washington Satisfied With Lindman's Regrets

Washington, Sept. 20.—Sweden's official reticence concerning the exposures made by Secretary Lansing of the part her diplomatic agents have taken in transmitting German messages is regarded here largely as a cloak to cover what must necessarily be an embarrassing irregular reform.

Officials of the State department today made no effort to conceal the fact that the United States is disposed to accept the unofficial statements of regret and indignation from Admiral Lindman, minister of foreign affairs at Stockholm, as a true indication of the Swedish people's attitude. Cablegrams from London have quoted a spokesman of the British government as saying that the same admissions made to it by the foreign minister would be regarded there as satisfactory.

Niagara Falls, Ont., Sept. 20.—The world program committee of the board of foreign missions of the Methodist Episcopal church today voted that the board should ask the church for \$40,000,000 for the extension and maintenance of Methodist enterprises and missions in foreign lands. When the train slowed down truckloads of tobacco and provisions were put aboard and the coaches were decorated with bunting. Then a big demonstration was begun. The men from Rosa made the sixty-mile trip to the scene of the "holdup" in motor cars.

MURDER AND RIOT MARK PRIMARIES

Thug in Philadelphia, Who Admits He Was Hired by Candidate Deutsch, Shoots and Kills Policeman Eppley

(By Associated Press.)
Philadelphia, Sept. 20.—This city is aroused by murder and riot today in the Fifth ward known as the "Bloody Fifth." The murder, that of a policeman by a man declared to be a gunman imported from Jersey City, was the outcome of a bitter political fight between two rival republican factions for the control of the ward which skirts the river front.

For weeks the battle has waged culminating today when the primary election was held for the naming of candidates. James A. Carey, holding a prominent city office, and Isaac Deutsch were the opponents for the nomination for select councilman from the ward on the republican ticket. Early in the day Carey, while making the rounds of the ward, was

attacked by a man alleged to be Jacob Mascia of Jersey City. He was struck from behind with a sandbag and then blackjacked. At the same time J. H. Maurer, an assistant district attorney, was attacked. Policeman George A. Eppley went to their rescue and, it is alleged, Mascia placed a revolver against his abdomen and fired. Eppley died later in a hospital. On his death bed he identified Mascia as his assailant.

Confessed Hirelings.
Mascia was arrested and along with him John Costello, also of Jersey City.

The police questioned them for an hour and later announced that both men had confessed they were hired in New York or Jersey City with nineteen others and brought here yesterday to vote for Deutsch.

Mascia is charged with murder and Costello with being an accessory to the crime. Mascia denied that he did the shooting.

Today's rioting was the culmination of trouble which began last night when about thirty thugs attacked the Finletter club, the republican organization headquarters in the Fifth ward, and shot up the place. Six men were sent to the hospital.

Save Money Now On Hudson Super-Six

Many former \$1200 to \$1400 cars now cost about as much as a Hudson Super-Six.

Price has always been a fairly accurate index of quality. But just now, because of the headlong rising of material costs, price is not a true indication of value. Fifty-one cars have been forced to advance prices 20 per cent to 25 per cent.

The present supply of Hudson Super-Sixes is built from materials contracted last year. Since then material costs have almost doubled. When that supply of materials is exhausted, then Hudsons, too, must cost more. By prompt buying you can save the difference between what a Hudson Super-Six now costs and what it must certainly have to cost when its

price is influenced by the present material market.

When former cheaper cars could be bought at \$200 to \$300 less than the Super-Six, no two of them had sales equal to those of the Hudson. That shows how popular the Super-Six has always been as compared to other cars. It is easy to imagine how much more popular it will be now that there is no such price advantage. The Hudson Super-Six has made itself the wanted car as compared with others.

It is the largest selling fine car. Almost 40,000 are in daily use. It has established itself as the life-time car.

TRUTH ...IN... ADVERTISING

If you know you are all right... Never mind those who think you are all wrong.

Advertising is always effective—never doubt that. If it is honest, it brings business—if dishonest, it brings the sheriff—either way it is effective.

The more a fraud advertises the more he advertises the fact that he is a fraud. The man with something to be ashamed of should shun advertising because his shame will find him out.

I defy any man to sell brass for gold very long even though he uses pages in the largest publications.

I defy the most prosperous store to misrepresent goods and retain their customers—and this is doubly true of the Professional man.

Professional men, with college training are first of all supposed to be gentlemen—and above all others should be scrupulously exact in their statements—avoiding even the appearance of making claims which are palpably untrue.

Exaggeration is first cousin to untruth—and when it takes the form of claiming to be "the best in the world" the relationship is even closer.

In my advertising I have been compelled to use the personal pronoun extensively—not in a spirit of boasting nor to satisfy egotism, BUT TO AVOID THE APPEARANCE OF HIDING BEHIND A COMPANY NAME AND TO IDENTIFY MYSELF WITH THIS OFFICE AND TO STAND SPONSOR FOR EVERY STATEMENT I MAKE.

When I tell you that unnecessary pain is eliminated in dental operations in my office—YOU MAY RELY UPON MY WORD.

When I tell you that I can save you money on your dental work and that both workmanship and material are guaranteed, I MEAN IT AND STAND BACK OF THAT GUARANTEE.

People who pay exorbitant prices for dental work in the belief that they are getting better value—are hugging a delusion and paying dearly for the privilege.
