This year high hopes were entertained for the Yankees, but they have come to

nothing.

Their failure cannot justly be charged to the owners, the manager or the scouts. Never has more effort been expended upon a club and never has a club had such a continued series of misfortunes. In the three years of the new regime there is hardly a man who has not at one time or another been out of the game. Injules or illness have followed the Yankees have they been able to put their full strength in the field.

Every regular has been out of the game somewhere from five days to five months. Bill Donovan was laid up with the grippe. Home Baker came to the team with a bad hand and later broke his ribs, and hurt his legs. Maisel and Gilhooley have broken collar bones and Gilhooley broke his leg. Rourke, Hanlon, Fairweather and Savage Said to Be Setting Themselves for Some Fireworks.

"They will play with their cards on the table at the next Western league meeting or I'll kick over the table."

That was the manner in which Ed Hanlon, owner of the St. Joseph base ball team, expressed himself as to the coming/meeting of the league magnates, which is to be held in St. Joseph soon, and as he was standing near Pa Rourke, boss of the Omaha team, when he made the remark, and the Omaha owner chimed in with a similar remark, it is evident that there is to be something stirring in the hidden recesses of that meeting.

Politics are to be eliminated from the Western league circles, if it is possible to do so and in their stead are to be substituted business principles. A new faction has arisen within the league and it is believed that this faction controls things pretty well; certain it is that they control the finances of the league in good style.

This branch is composed of Ed Hanlon, W. A. Rourke, Tom Fair-weather, owner of the Des Moines team, and John Savage of the Joplin team. On the other side are Jack Holland of Hutchinson, Frank Isbell of Wichita and possibly Hugh Jones of Denver. The alignment of Ducky Holmes is expected to be with the Hanlon-Rourke crowd for Lincoln wants in on the new league, which is being planned and will stick with the

That is certain to cause a row at the outset of the meeting and a lively session is certain from that time on for this magnate is also a scrapper and will die hard.

Hanlon and Rourke have expressed themselves as disgusted with the league as it stands. "The league is a joke," said Rourke in St. Joseph the other day. "Think of such towns as Hutchinson being in a league with such cities as Omaha and St. Joseph. Its all wrong and such a circuit cannot last."
