

WAKE UP AMERICA THURSDAY EVENING

Thrilling War Spectacle Will Be Part of Ak-Sar-Ben Festivities; Shown in Pyrotechnical Display.

Omahans will not have to risk a voyage through the perilous waters of the war zone to receive an inkling of the magnitude and roar of a modern battle.

King Ak-Sar-Ben XXIII will stage a huge reproduction of a night assault upon stricken Verdun as a feature of the great military fireworks spectacle. "Wake Up, America" to be held Thursday evening at Rourke park.

Preceding the battle will be a gorgeous pyrotechnical display, the most elaborate ever witnessed in Omaha. Electric, gold and silver fireworks, aerial bombs hursting thousands of feet in the air, and scores of other beautiful effects will be secured by the use of fuse and powder.

Bombardment of Verdun.
As a climax to the evening a vivid picture of the bombardment of Verdun will be shown in detail, with armed attacking forces to storm the bloody fortress. Thousands of rifle shots will be fired, together with subterranean mines and sky shells, to give a realistic scene of warfare.

Wireless telegraphy, field telephones and modern war paraphernalia will be used. First is heard the small arms firing from the outposts, seemingly miles away; then bugle calls, commanding the soldiers to action. Follows then the rush to the trenches, bringing up of the artillery, placing of machine guns, with all the intense excitement of the coming struggle.

Shown in Eastern Cities.
The battle will open with the firing of the first trench soldiers. Artillery will be shovled forward to protect the advance of the infantry, while a fierce cannonading will begin as the fort is attacked. The roar of the bombardment and the exploding of shells and mines is deafening. The heavens are illuminated with bursting bombs and the fort is blown up as reinforcements rush to the aid of the attacking army.

Large eastern cities where the production has been staged pronounced it the most thrilling spectacle of war ever seen there. Thirty thousand people witnessed the battle scene when it was shown at the Fifty-first encampment of the Grand Army of the Republic.

Commercial Club Will Assist Armenian Relief

The Commercial club will take up the matter of aiding in the relief of the stricken citizens of Armenia. At a meeting Saturday noon, at which H. H. Baldrige presided, a number of Omaha business men talked the situation over with Dr. M. G. Papazain and Rev. George E. White of Anatolia college, Marston, Turkey. These men are here in the interest of the relief of the people of Armenia, and as a result of the conference Saturday noon, Commercial club committees were appointed to begin a relief campaign.

More than 2,000,000 people in Armenia are said to be actually destitute and in need of daily food. More than 400,000 of these are orphan children. The cost of sustaining one of these lives varies in different localities, but is said to range from \$3 to \$16 a month. During the coming six months of winter it is said at least \$30,000,000 is needed.

Dr. Papazain will speak at a public affairs luncheon at the club Monday noon.

Mrs. Herman Metz Dies Following Operation

Mrs. Herman Metz, wife of Herman Metz of Metz Bros., died at her home, 4001 Florence boulevard, this morning, following an operation for appendicitis.

Mrs. Metz was a beautiful girl and was married to Mr. Metz about a year ago in New York City.

Her home was formerly at Dorchester, Mass., where relatives now reside. Funeral arrangements await word from Dorchester.

Ford Hospital Will Hold Public Reception Sunday

The Ford hospital, Twenty-fifth and Douglas street, will be open to the public Sunday, September 30, from 2 to 5 and from 7 to 9. The hospital has been in operation for some time, but on account of the necessity of completing some of the details of the building and equipment, it has not been thrown open to the visiting public at any set hours until now.

Omaha War Notes

General Plummer, commander of Camp Dodge, has been invited by the board of Ak-Sar-Ben governors to attend the ball next Friday, and it is expected that the Omaha officers at the camp will have leave to come over for it.

Clifford and Dudley Wolfe, sons of Mrs. Joseph Baldrige, are expected to sail October 3 for France with the field transportation service.

William Peterson, son of Mr. and Mrs. P. E. Peterson of 101 South Thirty-ninth street, is one of forty young men of the aviation corps now on their way to France. Jack Lawrence of Lincoln is also of the party.

Lieutenant Drexel Sibbernson arrived unexpectedly from Camp Dodge Tuesday on a two days' leave before going to Camp Robinson near Sargis, Wis., where he was ordered to join the training battalion of the Seventh field artillery. He left for the camp Thursday evening.

Lieutenant Colonel Lawrence P. Butler formerly stationed at Fort Crook where he was Captain Butler, was married to Miss Roberta Lee Walker of Brownville, Texas, on September 1. Colonel Butler is stationed at Fort Riley.

Lieutenant E. B. Banister has been here on leave visiting his parents, Colonel and Mrs. J. M. Banister, and left Thursday for his station at Syracuse, N. Y., stopping en route in Des Moines to see his sister, Mrs. J. H. Barnard, wife of Major Barnard.

Lieutenant Louis Sweet, who has been at home on ten days' leave, left Thursday evening for Recruit camp, where he will be stationed for some time.

Captain Carlisle Whiting and Mrs. Whiting are at Fort Crook, where Captain Whiting will be stationed for several months. Mrs. Whiting is the daughter of Mr. and Mrs. C. A. Sweet.

Council Passes New Munny Coal Plant Ordinance

Omaha city council passed the municipal coal yard ordinance with record-breaking speed. The ordinance was signed by Commissioner Withnell and given three readings in rapid sequence. It passed by unanimous vote.

The ordinance was classed as an emergency measure, thus enabling the council to give it three readings at the same sitting, and it goes into effect immediately. The ordinance permits the council to obtain necessary funds to finance the munny plant in any way possible. Money may be transferred from any available city fund, or the city may borrow the money at 6 per cent interest.

BOHEMIAN PEOPLE HOLD PILGRIMAGE

Representatives of Four States Gather in Omaha to Do Honor to Patron Saint, Wenceslaus.

Commencing Sunday, September 30, and continuing until Tuesday, October 2, the Bohemian (Czech) people of Nebraska, Kansas, South and North Dakota will meet in Omaha. The event of this meeting is an old country pilgrimage, which is an observation of the patron saint of Bohemia, St. Wenceslaus, on which day in many cities and villages in Bohemia a pilgrimage is held and with it a bazar is given.

On Sunday morning a business meeting will be held. In the afternoon a monster parade of all Bohemian lodges will take place; the parade will start from Catholic Sokol hall, 1245 South Thirteenth street, at 1:30 p. m., going south to Castelar street, to Sixteenth and back to the hall, where a program will be given.

Prominent speakers will address the gathering, among them Rev. O. Zlamal of Cleveland, Ohio, and Professor B. Simek of Iowa State university. Monday night a wrestling match and tug-of-war will be between the Sokols of Omaha and the south side. Tuesday night a grand concert and singing program will be given. The convention and celebration is held under the auspices of National Alliance of Bohemian Catholics, for the purpose of raising a fund for the liberation of Bohemian (Czech) states, at the Bohemian Catholic Sokol hall, 1245 South Thirteenth street.

Move Cars Required to Handle Soldiers' Supplies

The local war board gives out the statement that from now on the roads of the country will be called upon to furnish an average of 2,500 cars daily to handle the food and supplies that will be required to provide for the soldiers in the various camps and cantonments throughout the United States.

So far, by making one car do the work of two, it is asserted at war board headquarters that a saving of close to 500,000 has been accomplished, and that with the same number of cars in service as last year 25 per cent more freight has been handled than before the United States went into the war.

Relative to the assertion of the coal dealers that they are unable to get cars, the war board says that within the last month the supply of cars for carrying coal has increased 25 per cent, but that the shipments have not increased proportionately.

Chiropractic Health Talks

Those who have not closely followed the recent progress of scientific research of the body wonder just why it is that the chiropractor can "adjust the spine" for diseases of the stomach, liver, kidneys, bowels as well as headaches, nervousness, dizziness, insomnia and the very large class known as "Women's Diseases," or for some other disease seemingly not at all directly connected with the spine.

When it is remembered that every organ in the body is dependent upon, and under direct control of the nerves—and that every one of these nerves passes through the spine before reaching the brain, it can readily be understood why the spine plays so important and so vital a part in the health of the body.

No matter what your ailment is, do not think your case is hopeless until you have tried Chiropractic Spinal Adjustments. What it has done for others it will do for you. Do not through ignorance of this wonderful science shut the door to your ultimate relief and happiness.

Hundreds of people have come to me knowing that the Chiropractic Spinal Adjustment has cured cases after case exactly like your own.

MISSOURI PACIFIC PENSIONS EMPLOYEES

Railroad Makes Provisions for Care of People Who Have Grown Old in Its Service.

On the advice of, and at the suggestion of President Bush, a pension system for employes has been adopted by the Missouri Pacific Railroad company. The affairs of the pension department are to be administered by a board of five men, who are to be appointed by President Bush and who are to serve without compensation.

The rules of the pension board provide that all officers and employes who have attained the age of 70 years may retire. There is a provision that trainmen may be retired at 65 years. Such persons as have at the time of retirement been in the continuous service of the company twenty-five years will be pensioned. Those who have been in the employ of the company twenty-five years or more and have become permanently incapacitated, may be retired and pensioned, regardless of age.

Forty Per Cent of Wages.
The pension paid officers and employes is 1 per cent of the regular monthly wage received for the ten years preceding retirement. Thus, if an employe had been continually with the company forty years and his average salary had been \$75 a month for the last ten years, his pension would be 40 per cent of \$75, or \$30 a month. It is provided, however, that in no case shall the pension be less than \$15, nor more than \$75 a month.

Rules that go along with the pension of officers and employes provide that in the future no person who is inexperienced shall be taken into the employ of the company if more than 35 years of age and no experienced person who is past 45. The president of the road may set this rule aside and order the employment of any person of any age for a period of not more than six months.

Want Soils Products Exposition for Omaha

The bureau of publicity, in co-operation with the Omaha Hotel Men's association and other interests, has under advisement the feasibility of bringing the next meeting of the International Soils' Products exposition to Omaha. Chairman W. F. Baker and Manager Parrish, and Secretary J. A. Medlar of the Hotel association, attended the meeting in Peoria, Ill., this week.

Noted Pianist to Talk On South Side Today

Miss Zofia Naimska, pianist, who is a member of the faculty of the Dornrosch Institute of Musical Art, New York City, is in Omaha visiting her cousin, Zofia Nostitz-Naimska, at Brownell Hall.

Miss Naimska will give an illustrated lecture at Pulaski hall, Thirty-third and L streets, South Side, this afternoon at 3 o'clock. She will tell of her recent experiences in war-stricken Poland and will show original photographs of people and conditions there.

Miss Naimska represents the Women's League of Poland and is authorized to collect funds for the relief of the orphan children of Poland.

An informal reception will be held after the lecture and all of the Polish people are expected to be present.

George Petras Opens Swell Cafe in the Hotel Edwards

George Petras of the Hotel Edwards has opened a swell cafe to be known as the Woodrow and it is a place where it is a pleasure to eat, not only on account of the good things served, but because the appointments are pretty close to being perfect. Those who ought to know say that it is one of the finest places of its kind in the central west.

The decorations on the walls of the Woodrow cafe are hand painted and are scenic. The floor is mosaic and the entire interior is in harmony. The fixtures are marble and mahogany, with immense marble and glass columns.

Leaves University Club To Prepare for Army

Leon B. Carlson has resigned his position as assistant manager of the University club and will leave Sunday evening for New York, where he will take a special course in stores handling in Columbia university. Mr. Carlson was not drafted and so hopes to serve his country either in the commissary department or coast defense.

Washington Sees Good Weather for Ak-Sar-Ban

Washington, Sept. 29.—Weather predictions for the week beginning Sunday, announced by the weather bureau today, are: Plains states and upper and middle Mississippi valley: General indications are for fair and comparatively cool weather during first half of the week, probably followed by local rains and higher temperatures over the northern districts during the second half. Fair during second half over southern portion and somewhat warmer.
