

### ALL BOOSTING FOR NEW LIBERTY LOAN

**T. C. Byrne Says Its Success is Assured, Judging by the Enthusiasm Already Manifest.**

"I had thought the enthusiasm of the bankers in the Liberty loan drive was about the last word in patriotism," said T. C. Byrne, state chairman of the Liberty loan committee, "but it seems that the newspapers of the state are going the bankers one better, if such a thing is possible. "I am exceptionally well pleased," said Mr. Byrne, "at the way the papers have taken hold and boosted this loan. It has been very gratifying to see the spirit of co-operation shown by the country newspapers all over Nebraska. In communications we are getting from them all the time they are offering to do all they can to make the second Liberty loan a big success. Sure of Success. "I am sure now that the sale of the second bonds will be a big success, and I feel already that that success will in a large measure be due to the

co-operation we are getting from the newspaper men over the state." Five moving picture reels, of 500 feet each, will soon arrive to be shown in the moving picture houses over the state during the Liberty Loan drive. This word comes from headquarters in Washington. The reels are made up from a Liberty Loan play produced by an all-star cast of movie actors who produced it exclusively for the reels for this Liberty Loan drive, as their bit in the contribution to the cause. Mr. Thomas, manager of the Strand theater and chairman of the movie theater campaign for the Liberty Loan, announced that he will have a series of appropriate slides to be shown all over the state in the movie houses during the progress of the campaign. The Omaha Barristers' club at its noon meeting in the Commercial club rooms arranged for a further list of four-minute men to give talks over the state in theaters and public places boosting the Liberty Loan.

### I. W. W. is Arrested by Federal Men at Huron, S. D.

Alexander Cournois, one of the 160 Industrial Workers of the World indicted by the federal grand jury at Chicago last Friday, has been arrested by the police of Huron, S. D., at the request of the federal authorities at Omaha.

### 2,000 ENTRIES FOR OMAHA SWINE SHOW

**Hogs Valued at \$1,000,000 Will Compete for Prizes; Prize Winners from Neighboring States Entered.**

Two thousand of the prize-winning hogs from the state fairs of Nebraska, Iowa, Missouri and Kansas will be on exhibition at the Second Annual Swine show here this week. The exhibit is valued at nearly \$1,000,000. Fifteen carloads arrived from Sedalia and will be put in the best possible shape for the opening Wednesday. Every day sees more arrivals from neighboring states and indications point to a far larger exhibit than last year. Superintendent William Shellberg has made arrangements to take care of the additional entries. Special protection has been provided for the more valuable entries, some of which are worth \$10,000. The big barns of the South Omaha Horse and Mule company, where the show will be held, have been thoroughly fumigated and cleaned and the hog pens and equipment installed. "We have made arrangements for

and expect over 2,000 hogs for this show," said Everett Buckingham, superintendent of the Union Stock Yards. "These animals will be the finest in the world, consisting of prize winners from the various fairs and shows all over the country. In a way this is an elimination show, as only the best can hope to survive the test made here."

### Found Dead in Rooming House; Think Him Suicide

Frank Kotyza was found dead in bed at 507 South Thirteenth street yesterday by R. W. Schmidt, proprietor of the rooming house. The bed clothes were tightly wrapped around his head. Duffy & Johnson, who were called in by the county attorney, could find no marks of violence and believe that he committed suicide by taking bichloride of mercury. Before the inquest is held County Attorney Magney will have an examination made of the body in order to determine the cause of his death. In the pocket of the dead man were found a letter addressed to Mrs. Frank Kotyza and post card pictures of himself and a little girl, presumably his daughter. He rented the room Saturday night and the only time he was seen was while paying the rent. It is believed that he brooded over a court summons found in his pocket.

### Discuss Redistribution of Live Stock on Farms

Dr. C. W. Pugsley, head of the university extension work, Lincoln, and E. L. Burke of Omaha, chairman of the live stock committee of the State Food Administration, met at noon at the Commercial club rooms and went over details of co-operation between the University Extension department and the food administration in the handling of the food conservation matter as it relates to live stock. The redistribution of live stock on the farms and ranches was the principal topic discussed, as the university will co-operate with the administration in this matter. It is hoped to bring together in the most direct way the man whose ranch or farm is overstocked with live stock, and the man who wants this stock for his pastures and to effect the distribution with the least possible expense for transportation and handling.

### Building Operations Increasing

Building operations for nine months just closed show an increase of more than \$500,000 corresponding period of last year. Last month showed a substantial increase over September of 1916. The figures: September, 1917, \$756,640; 1916, \$715,705. First nine months of this year, \$5,777,627; first nine months of last year, \$5,265,962.
