

### GERMAN RIOTERS DEMANDING PEACE

Persistent Demonstrations in German Cities Indicate Development of Revolutionary Spirit.

Copenhagen, Oct. 2.—A monster demonstration in favor of a peace without annexations, was held on Sunday at Frankfort-on-the-Main. Leaders in the clerical, radical and socialist parties sponsored the demonstration. The crowd numbered forty or fifty thousand and addresses were made from six different platforms simultaneously.

Demand Statement of Terms. London, Oct. 1.—A demonstration against the German government at Essen, home of the Krupp works, in consequence of the decision of Chancellor Michaelis not to state Germany's peace terms, is reported in an Exchange Telegraph dispatch from Amsterdam.

Women formed a majority of the demonstrators, says the dispatch, breaking windows of the town hall and shouting demands for more food, for peace and for the return of their men folk.

The police and military were called out to quell the riot. Two women were injured and several were arrested. The whole of Essen is reported to be in a state of ferment.

German Leaders Divided on Peace. Amsterdam, Oct. 1.—The Vorwarts, the German socialist paper, says the German government will make a formal declaration regarding Belgium when it deems the psychological time has arrived. The moment will be deemed to have arrived when the question of Belgium appears to be the only obstacle to peace, says the newspaper, which adds that, according to Dr. Richard von Kühlmann, the German foreign minister, the declaration may be expected in a couple of weeks.

The Vorwarts concludes by saying that Dr. Michaelis, the German imperial chancellor, and Dr. Kuehlmann are not in agreement on the question of peace, Michaelis adhering to the pan-German ideas and Dr. Kuehlmann favoring peace by compromise.

### England Wants Peace But Not German Brand

London, Oct. 2.—Joseph Havelock Wilson, general secretary of the National Seamen's union, in a speech at Middlesborough, last night, declared all want peace, "but we are not going to have a German peace." It has been said that it is impossible to have a military victory. Well, if we cannot win the war with such a great weight as that of the United States we do not deserve to win.

Mr. Wilson added that if he could have his way "we will deliberately punish the Germans for the crimes they have committed." He enjoined all the seamen "to keep the flag at the masthead, never to surrender and to go straight on with the determination that we are going to win and bring about peace on satisfactory lines."

The speaker declared that some pacifists, "who love every country but their own," would make believe that Great Britain was as guilty in this war as the Germans.

"I can only describe them," he said, "as very foolish men."

Adele Pankhurst is Married to a Seaman. London, Oct. 1.—The marriage yesterday of Adele Pankhurst, daughter of Mrs. Emmilene Pankhurst, the English suffragette leader, to a seaman named Walsh, is reported in a Reuter dispatch from Melbourne.

Miss Pankhurst has been in Australia for several months and has taken a prominent part in the agitation against conscription, having figured in a number of riots which resulted. In August she was reported to have been sentenced to imprisonment for a month on account of a demonstration by her outside the parliament building in Melbourne.

### To Improve Mail Service To American Troopers

Washington, Oct. 1.—To make sure that American troopers abroad get their letters from home, 150 postal clerks will be dispatched to France and the War department has given orders that all transports bound toward the front shall carry all the accumulated mail available and thus keep the service up to the last minute.

Appeal for letters, magazines and newspapers have been pouring in on congressmen. Investigation disclosed that the mails were far behind because transports repeatedly were sailing without them.

### Adele Pankhurst is Married to a Seaman

### Women and the War Work

Mending clothes of the boys at Fort Omaha is the latest war work undertaken by the National League for Woman's Service. A committee from the league, headed by the president, Mrs. William Archibald Smith, went out today to the fort, where a room in the Young Men's Christian association club house was turned over to them in which to work.

Twenty-five sweaters, completed by women of the league, were taken to the fort Monday and sold to the boys at cost of the yarn only.

"The boys just grabbed the sweaters. They're freezing, for the government's consignment of winter clothing has not yet arrived," said Mrs. Smith. "Every woman who can handle a knitting needle should be making sweaters for our boys before the cold weather sets in."

The National Service league has ready to turn over to the Red Cross thirty sweaters, 150 pair of socks, fifteen mufflers and twenty pair of wristlets. This represents only one month's work of the league, for the supply of yarn from the Red Cross was taken out September 4.

Mrs. Harvey Newbranch's women knitting for the Navy league are at work on 400 sweaters and 1,000 pairs of socks for the marines in France.

Mrs. Howard Baldrige, who taught French to the boys at Fort Crook before their departure, is now giving French lessons three times a week at Fort Crook.

Fifteen young women, most of them school teachers, are enrolled in a night class in motor mechanics which will begin its course of study Tuesday night at 7:30 o'clock at the Nebraska Auto school. Miss Bertha Clark is the commandant and the members include: Misses Bertha White, Almira Haycock, Mona Cowell, Edna S. Clark, Orta Ambler, Frances Nieman, Anna C. Granbeck, Ada Riddelsberger, Eula J. Weston, Pauline M. Green, Ellen E. Green and Daisy Bonnell, Mrs. O. L. Hart and Mrs.

Robert V. Montague. Four applications already have been received for a second night class which will begin next week.

Mason school teachers, headed by their principal, Mrs. Martha Christianity, have organized a knitting unit of thirteen members. Mrs. Harvey Newbranch went to the school Tuesday afternoon to give the teachers their first instruction in knitting.

Additional vice chairmen were named at the last executive meeting of the National Service league. Mrs. E. M. Syfert and Mrs. W. G. Ure will assist Mrs. Smith; Mrs. E. E. Standfield was named vice chairman of the motor mechanics section headed by Mrs. Louis C. Clarke, and Mrs. Milton Barlow and Mrs. Howard Baldrige were appointed to assist Mrs. Newbranch in the general service section.

Ten young women have applied for the free course in telegraphy arranged through the National Service league.

Mrs. Linge Larsen has been dubbed "the helmet lady" at the service league rooms. When instructions were received from national headquarters to make helmets no one knew how to start. Mrs. Larsen took the sample, carefully counted out the stitches, made one like the sample and has since been at the rooms every day teaching other women how to make them.

Mrs. S. A. Kenyon called at the rooms Friday and was given a supply of yarn. Early this morning, before the doors were open, she had returned with a completed pair of wristlets to keep some poor Sammy's hands from freezing.

The weekly executive meeting of Omaha chapter of the Red Cross society was held in the court house Tuesday afternoon. Mrs. J. T. Stewart has resigned from the comfort kit section.

### MORAL ISOLATION TELLS ON GERMANY

Lord Milner Asserts Ostracism of Civilized World is Working Change in Kaiser's Country.

London, Oct. 2.—Moral isolation from the rest of the civilized world is beginning to tell upon the German people, according to Lord Milner, minister without portfolio in the British war cabinet.

Lord Milner in a speech before the American Luncheon club asserted that such moral isolation is no light matter for a people that have taken so large a part in human intercourse and advancement as have the Germans.

"There are signs," said Milner, "that this aspect of being outside the pale of the civilized community is beginning to weigh upon the spirits of the German people. That is why a new party has been called into being in Germany to revive anew the waning spirit and preach again the doctrine that might is right."

Train One Negro Unit At Each Cantonment. Washington, Oct. 2.—With plenty of room available at the national army cantonments, due to the large number of men to be withdrawn to fill up the National Guard and other branches, the War department has again modified its plans for training negro troops for the national army forces.

It is now the purpose, Secretary Baker said today, to train a complete unit of negroes at each of the sixteen cantonments.

The first of the drafted negroes will be mobilized under the call of October 3.

### Mexican Consul Says His Countrymen Are Drafted Illegally

New York, Oct. 1.—More than 100 Mexicans have been illegally drafted for service in the national army by boards in this city and many subjects of Mexico are being secreted here to prevent their arrest by military authorities, according to Juan T. Burns, Mexican consul general, who tonight declared he would "go to any extreme to protect the rights of Mexicans residing here."

Knowing his official status, members of a local draft board have certified for service Vice Consul Jesus Martinez, the consul general stated. He said he did not know what his country proposed doing through diplomatic channels in reference to the impression of Mexican subjects into the service of the United States, but declared he felt obliged to protest against "this arbitrary action committed in a most absurd way."

Mr. Burns asserted that numbers of Mexicans have been sent to their native country because of the persecution of their countrymen here in the administration of the draft law.

Mrs. Lowrie Childs, head of the social service section, National Service league, is expected home from the east next week, ready to take up her work.

Mr. Burns asserted that numbers of Mexicans have been sent to their native country because of the persecution of their countrymen here in the administration of the draft law.
