br. Edwards' Olive Tablets, the substi-tute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.
Dr. Edwards' Olive Tablets act gently

br. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calonel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.
Dr. F. M. Edwards discovered the formula after seventeen years of prac-tice among patients afflicted with bowel and liver complaint, with the

attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

That Everyone Should Know CONSERVATION is the word of the hour-the government is asking everyone to know the value of

foods and make the most of them. Candy As a Food Ranks High

Dr. Leonard Keene Hirsberg, A. B., M. A., M. D., of Johns Hopkins University, advances analysis of candy and it is substantiated

"Candy contains so many food essentials that it is sure to become a bigger and bigger factor in these conservation days. Pure candies are excellent rations, rich in calories, because of the sugar, butter, milk, chocolate and good flavors in them. They train the palate to distinguish the indifferent from the good, and the reason well known brands of candies are "famous treats" is because their richness in food value yields energy.
