PERU NORMAL LOSES TO CREIGHTON TEAM

Schoolmasters Are Outclassed at Every Stage of the Game Played on Creighton Field.

In a game featured with long end runs by Mulholland, Lahey and Harmon, and with interference, Creighton defeated Peru Normal, 73 to 7, on the Creighton gridiron Friday afternoon.

Harmon, who came to Creighton from South Dakota, proved to be a speed demon and heady player. Mulholland played a fast and hard game. Lahey at fullback gave his usual brilliant exhibition of foot ball.

Creighton outweighed Peru, and its men outclassed in every stage of the game. Peru averaged 155, while Creighton averages 163 pounds.

The First Touchdown.

The first touchdown was made in the first four minutes of play. Sandberg of Peru kicked off to Creighton. Harmon received the ball and pranced up the field for twenty-eight yards. Mulholland tore over twenty-three more on a dash around right end. Harmon made another twenty yards around left end, and on the next play Lahey took the ball over the line for a touchdown. Campbell kicked goal. Sandberg kicked to Kelly in the middle of the field. The ball was advanced ten yards on line plunges and Mulholland went through right tackle for the second touchdown. Towards the end of the first quarter he made his second touchdown.

With the ball continually in the Peru's territory Moonan, who replaced Harmon, Kelly and Mulholland, made three more tallies for Creighton in the second quarter. It was in this quarter that Peru made its lone touchdown.

The oval was in Creighton's possession on its fifty-five-yard line when Tyson intercepted a forward pass and ran sixty yards for a touchdown. Sandberg kicked goal.

In the Second Half.

In the second half Coach Mills' sent in a number of substitutes. Moonan at right half showed up well and imitated his predecessor, Harmon, in the manner in which he showed Coach Johnson's men how to find holes in an opposing line. Jimmy Connors, who substituted for Kelly at quarter, ran the team well and dove over the goal line for one of Creighton's scores.

Creighton completed three out of eight attempted forward passes. The men were penalized 100 yards for holding, illegal blocking, and being off-side.

Nebraska WORKMEN CASE UP TO INSURANCE BOARD

Head of Iowa Lodge Objects to Taking Members Over Unless Omaha and Fremont Lodges Come.

(From a Staff Correspondent.) Lincoln, Neb., Oct. 5.—(Special)—The state insurance board held a meeting today for the purpose of listening to more arguments in the Ancient Order of United Workmen tangle, wherein the Iowa jurisdiction is endeavoring to take over or hold possession of lodges in Omaha and Fremont, representing a membership of about 1,800 in the latter city and about 4,000 or 5,000 in Omaha.

Mr. Bennett of Omaha told the board that the situation in Omaha was not satisfactory and never had been. Members of the Nebraska jurisdiction had never been able to agree and the result had been disastrous to the order. Nearly every member in Omaha wants to go in with the Iowa jurisdiction, the eight lodges of Omaha and Fremont having voted to do so.

Master Workman Evans of Des Moines said that unless the Omaha and Fremont lodges were allowed to go into the Iowa jurisdiction in a body and it was left to the individual

members to pay their dues to Iowa, not one in twenty would pay.

On a Different Basis.

When asked by Governor Neville if the Iowa jurisdiction would be willing to take over the whole Nebraska jurisdiction the same as it did that of Illinois, Mr. Evans said it would be willing, but on a different basis because of different conditions.

Governor Neville appeared to rather oppose the splitting off from Nebraska of the Omaha and Fremont lodges, fearing that the Nebraska jurisdiction would be so weakened that it would not be able to recover from its present financial condition.

State Actuary Lonsberry said that while the Nebraska jurisdiction had been unable to make any advancement as regards new members for some time, he believed that the financial condition was improving, and that, if left alone, would be able to get out of the hole by September next.

The board will probably take some time to consider the proposition before it renders its final decree.
