## CHICAGO CAPTURES FIRST CLASH OF WORLD'S SERIES FROM M'GRAW'S MEN, 2 TO 1

Siants Completely Baffled by Eddie Cicotte's Famous Shine Ball; McMullen Drives in First Run; "Happy" Felsch Clouts Circuit Drive; Thirty-two Thousand See Game.

Chicago, Oct. 6.-Eddie Cicotte of Detroit, pitcher extraordinary to the Chicago Americans, piloted his team to victory today over the New York Nationals, by a score of 2 to 1, in the first game of the 1917 world's series played at Comiskey park.

At the wheel of the White Sox ma-Q chine he was the master of the Giants at every stage of the contest, which thrilled 32,000 followers of the local American league champions and sent them away from Comiskey park convinced that after several years of waiting, the highest honors of the base ball game were to fall to the share of Chicago.

SUPPORT IS FAULTLESS.

While Cicotte was the master mind of the victory, he was ably assisted by the White Sox machine, which played almost faultless base ball against the determined stand of the National league standard bearers, who would not admit defeat until the final catch of Robertson's fly by J. Collins, ended a contest which equalled in every way the expected battle between the rival clubs of the two major leagues. Tis teammates played with the confidence of certainty behind Cicotte and the combination proved too much for the vaunted power of the Giants.

An even 32,000 spectators paid admission to the field of the local club with a result that \$73,152 was divided among the players' clubs and the National commission. Of this amount the players received \$39,502.08; each of the clubs \$13,167.36 and the National commission, \$7,315.20. Had Comiskey's park been able to accommodate all those who desired to witness the first clash between the White Sox and the Giants, these figures might easily have been tripled.

Every Seat Taken.

As it was, there was not a vacant seat within the base ball amphitheater when the players took the field and and character assassination" against hundreds of disappointed fans throng- members of congress who voted ed the adjacent streets. Washington, Oct. 6.-German submarines are finding their match in there was let loose upon those senathe American destroyers now opera- tors and representatives a flood of inting in European waters, as was disclosed today, when the Navy depart- and individuals who had been clamorment announced the details of the sinking f a submersible by a United State destroyer, with the comment that "this is one of a number of en-

counters of similar nature."

The decrease in the toll of merchant vessels sunk by submarines so marked during the last three weeks may be in part, at least, attributed to the success of the Americans in destroying the subsea fighters.
