Talented Pianist Duet All by Herself

Ursella G. Deitrick, talented pianist who has played in American cities from San Francisco to Bar Harbor, gave some remarkable demonstrations with the Artapola at Hospe's last week. Miss Deitrick, possessing a finished technique herself, alternates her own playing with that of the automatically modulated playing of the mechanically operated piano in such a way that the two are not distinguishable.

Miss Deitrick performs the paradoxical feat of playing a duet with herself. This is made possible by the fact that as an accomplished pianist she has been selected to play several selections, including Chopin's "Ballade" and the "Invitation to the Dance," by Weber-Welgartin, for the recording devices producing the Artapola rolls. Miss Deitrick is a clever and very successful entertainer and will play at several concerts and musicales in Omaha this fall.

Face Wrinkled? Complexion Sallow?

Then Why Not Treat Your Skin As Beautiful French Women Do?

Paris—Science has discovered that faded, mottled, aged-looking complexions can be virtually renewed merely through the combined application of warm water and roseated cream by a new process called skin osmosis. The warm water softens the rough skin cuticle and opens the pores so as to induce the absorption of the cream. Roseated cream not only helps to remove the half-dead skin scales so that the beautiful skin underneath may take its place, but it possesses the valuable property of revitalizing the tissues and producing skin cosmetics which gives to the complexion a most astonishingly clear, youthful appearance. Thus do famous actresses preserve the rare beauty of their complexions, and if you were to pay hundreds of dollars for expensive treatment you probably would not be anything like as well off as by using this simple home recipe. Try it tonight. Merely wash your face with clear, warm water and rub in a teaspoonful

of roseated cream (which can be obtained from druggists): wipe the face and apply Poudre Petaliss—a very fine complexion powder prepared especially for shiny noses and bad complexion. If your face is badly wrinkled, get a box of Japanese Ice Pencils to use in connection with the roseated cream and you should get quick action on even the deepest wrinkles. Many a wrinkled, hollow-cheeked, careworn looking woman has in this way banished every complexion blemish and unsightly mark of age and marvellously increased her beauty, while others by failing to supply their skin with what it needed have lost their beauty beyond recall.

NOTE—Creme Tokalon Roseated and the other articles mentioned in the beauty recipe above are inexpensive, and the manufacturers guarantee success from their use or refund the price paid. They are supplied in this city by Shermans & McConnell Drug Co., Green's Pharmacy, Brandeis Stores, Richardson Drug Co., Hayden Bros.
