

German Naval Mutiny Indicates Internal Strife

SOME MEMBERS OF REICHSTAG UNDER SUSPICION

Statement of Minister of Marine Places Socialists on Guard; Vorwaerts Attacks Government.

Rotterdam, Oct. 11.—The statements of Vice Admiral von Capelle, the German minister of marine, have turned the Reichstag into a theatre of the wildest scandal, says the Vorwaerts, discussing the exposure of mutinies within the German navy. The socialist newspaper adds that there is no shadow of proof that any deputies were guilty of illegal action in connection with the mutiny.

The Vossische Zeitung describes the attack on the independent socialists as a deplorable and illegal trick on the part of the government. The Tageblatt contends that if the Reichstag believes that the independent socialists are guilty, they must be handed over to the court.

The Koelnische Zeitung expresses surprise that the government, "when it had such strong proofs of guilt against three persons suspected of treason, did not ask the consent of the Reichstag to take legal measures. No Reichstag would have been able to refuse consent."

Army Also in Mutiny.

London, Oct. 10.—A Hague dispatch to the Daily Mail says that, according to the report there, the mutinous battleships at Wilhelmshaven included the Insurgend and the Kaiser. Several mutinous outbreaks also are reported to have occurred among soldiers at the front. These were not of such a grave character, the dispatch says.

Furious Disorder Follows.

A dispatch to the Central News from Amsterdam says that at the conclusion of Admiral von Capelle's statement in the Reichstag on the mutiny in the German navy there were scenes of a most disorderly character, the shouts from the other deputies being heard loud above the furious interruptions of the socialists.

Punishment Just, Says Michaelis.

A Reuter dispatch from Amsterdam says advice received there from Berlin as to the effect that Chancellor Michaelis declared the punishments inflicted on the men at Wilhelmshaven were not unjust, papers found on them indicating that they had bound themselves to recognize the principles of the independent socialists and proving that that party had carried on an extensive agitation in the fleet.

Thaw, was filed in common-pleas court here today by attorneys representing Frederick Gump, father of Frederick Gump, jr., the Kansas City high school boy who was alleged to have been flogged by the Pittsburgh millionaire in a New York hotel Christmas day, 1916. Thaw, who was adjudged insane after attempting suicide here, is in a local asylum, where he was committed some time ago by a committee on lunacy.

German Shell-Hole Defenses Prove Traps for Occupants

(By Associated Press.)

With the French Army in Flanders, Oct. 11.—The new system of front line defenses inaugurated by the Germans, who, instead of utilizing line trenches, organized nests of shell holes, proved a regular trap in the battle just ended. The German troops who occupied the craters without other shelter, when they found during the fighting that their officers were not with them, deserted as soon as the French approached. The German officers meanwhile were sheltered in concrete pill boxes further to the rear.

TWENTY STAPLES PLACED UNDER FEDERAL LICENCE

President Proclaims List of Necessities Which Will Be Directly Under Government Control.

(By Associated Press.)

Washington, Oct. 11.—Government control of foodstuffs is extended to take in virtually all the essential articles of diet by a proclamation issued tonight by President Wilson directing the food administration to license, after November 1, the manufacture, storage, importation and distribution of some twenty prime commodities. Many small dealers are exempted, as are farmers, who were especially excepted in the food control law.

The move was forecast in a statement last night by the food administration declaring it was necessary to prevent unreasonable profits and to stop hoarding and speculation.

After quoting the food control act, under which the action is taken, the president's proclamation says:

"It is essential, in order to carry into effect the purposes of said act, to license the importation, manufacture, storage and distribution of necessary to the extent hereinafter specified:

- "All persons, firms, corporations and associations engaged in business either (1) operating cold storage warehouses, (a cold storage warehouse for the purpose of this proclamation being defined as any place artificially or mechanically cooled to or below a temperature of forty-five degrees Fahrenheit, in which food products are placed and held for thirty days or more); (2) operating elevators, warehouses or other places for storage of corn, oats, barley, beans, rice, cotton seed, cottonseed cake, cottonseed meal or peanut meal or (3) importing, manufacturing (including milling, mixing or packing); or distributing (including buying or selling) any of the following commodities:

such rules and regulations governing the conduct of the business as may be prescribed.

"Applications for the license must be made to the United States Food Administration, Washington, D. C., Law department, License division, on forms prepared by it in advance for that purpose, which may be secured on request.

Help to Win The World War; Appeal to Kiddies

(Continued From Page One.)

saparilla pop had to make the same decision that every boy is called upon to make when he is jumped upon by a tough customer.

Make 'Em Yell 'Enough.' Another question (boys only): Did you ever let a boy up before he yelled 'Enough' and then have the whole fight over again?

If so, you might go around in your neighborhood and give some valuable information to people older than yourself.

If you (this is for both boys and girls) went out into the woods for a picnic with another "bunch" of young people you knew and liked, and if your crowd had a basket of things to eat and the other crowd had a basket and some toughies came along and stole the basket belonging to the other crowd, would you give them something to eat out of your basket, or let them sit over by themselves, hungry and miserable, and watch you stuff yourselves?

You'd play fair, of course, even if you had to go a little hungry.

Mr. Hoover is now asking every boy and girl in America to play fair and divide up with the hungry youngsters of France and Belgium and Great Britain.

There isn't enough food in the world to go around if we are selfish and claim more than our share.

How can a boy or girl under high school age really help to win the war? First join the Junior Red Cross.

Then keep on saying, "I know Uncle Sam is right and I will pull for him until he wins."

Believe what you say.

Root for Uncle Sam. Root for the U. S. A. as you would root for your base ball nine or your basket ball five.

Stand out on the edge of the sidewalk and cheer the soldiers as they swing by.

If you get a chance to hold yarn for a Red Cross knitter, do your "bit" and say to yourself, when your arms begin to get tired: "I am helping on a pair of socks, and these socks will keep a soldier warm and prevent him from being ill or discouraged. When the time comes for him to fight he will be in better condition and more willing to fight because he had these warm socks to wear. He will climb over the top of a trench and help to chase the Germans back to where they belong. There will be a great victory and I will share in it because I held the yarn that knit the socks that warmed the feet that carried the man that chased the German that obeyed a kaiser that has to be licked before the world can go back to housekeeping."

Probably the children to whom we are now talking are better posted regarding United States history than are some of the people who talk about it.

What Our Kiddies Know. The children have got the Declaration of Independence and the Emancipation Proclamation freshly in mind and know what they were about and why.

They know that this country is dead set against slavery, either of the old-fashioned kind of chains and shackles, or the modern sugar-coated German variety.

They know that our boys now in the training camps or on their way to France are getting ready to fight against the oppressions of a cruel despot, just as some other American boys once fought at Bunker Hill.

By the way, if you can find a man or woman who does not understand how the rights of democracy are to be preserved when kings go on the rampage, you might loan this ignorant person your school history. Mark the pages relating to the Boston Tea Party, the Liberty Bell, Lexington, Valley Forge and Yorktown.

See if you can find any favorable mention of the pacifists of 1776! (Next story in this series will appear exclusively in The Bee October 17.)

Russian Rail Strike Called Off by Leaders

ALSACE-LORRAINE PROBLEM TO COME BEFORE REICHSTAG

Decisive Steps Expected in Few Days; Majority Favors Formation of Monarchical State With Guarantees.

Amsterdam, Oct. 11.—The Reichstag probably will take a decisive step forward in regard to the question of Alsace-Lorraine within a few days, the Vossische Zeitung of Berlin says. The Reichstag majority supports the idea of the formation of a monarchical federal state with democratic and parliamentary guarantees. The newspaper believes that this plan also is favored by the imperial government which has abandoned the scheme of dividing Alsace-Lorraine between Prussia and Bavaria.

During the debate in the Reichstag yesterday Deputy Conrad Haussmann said that the declaration of Dr. von Kuehlmann, the foreign secretary—that apart from Alsace-Lorraine there is no absolute bar to peace—was tantamount to a definite understanding that Belgium should be given up.

"That should be heralded forth to all the nations," the deputy added.

Reduction of Armaments. Gustav Stresemann, a national liberal, said he would not oppose a reduction of armaments, but he thought that disarmament hardly was practical.

Count von Westrap, a conservative, thought that Germany's answer to the pope ought to have made clear that Germany would not undertake to disarm, and hoped that Von Kuehlmann had not tied himself to yielding up Belgium.

George Ledbour, social democrat leader, dwelt on the damage done to the German cause by the revelations concerning Von Luxburg, the German minister to Argentina. He considered that the population of occupied territory should be permitted to decide their own fate.

Liberty Loan Appeals Will Drop From Skies; Balloons From Omaha

Washington, Oct. 11.—Liberty loan managers are planning to take their campaign to the skies. On October 20 forty-five aviators and eight balloonists will bombard towns, cities and training camps, from coast to coast, with red, white and blue paper bombs, whose contents will be, not powerful explosives, but powerful appeals to purchase Liberty bonds.

Five balloons will fly over St. Louis and three will ascend in Omaha. One balloon will fly from Omaha to Des Moines and two other captive balloons will be sent out. Fort Omaha, Fort Des Moines and Camp Dodge will be visited.

Count von Luxburg Under Arrest; Will Be Interned

Buenos Aires, Oct. 11.—Count von Luxburg, the German minister who was recently handed his passports by the Argentine government, has been arrested in the southern part of Buenos Aires province, according to the highest authority. He is now being taken to the island of Martin Garcia, where he will be kept in the German detention camp under military guard until an opportunity is found to send him from the country.

For a Man's Right To Decide For Himself

There are thousands of men and women, whose children attend the public schools of Omaha, who are radically opposed to the practice and principle of vaccination. Their opposition is based upon a knowledge of cases where vaccination proved to be injurious to the patients.

These men and women believe in the principle of medical freedom. They protest the assumed right of boards of health or school boards to enforce an arbitrary decree for vaccination. They contend for the right to decide for themselves whether or not their children shall be vaccinated.

They are organizing a committee of protest and invite you to join. In Indianapolis 1,200 men and women joined such a committee.

We want your moral support. Mail or bring your name to Committee Headquarters, 501 Omaha National Bank Building. THE COMMITTEE OF PROTEST.

Airmen Will Bombard U. S. Cities With Liberty Loan Literature

Washington, Oct. 11.—Bombardment from airplanes and balloons of many American cities from New York to San Francisco with bombs containing Liberty loan literature will take place October 20 as one of the final publicity features of the campaign. Up to date forty-five airplane pilots and eight balloonists have offered their services.

Subscriptions should be made to the second Liberty loan even though personal sacrifices are involved, Cardinal Gibbons today declared in a letter to the Maryland Liberty loan committee.

"With the sincerest wishes for the loan's over-subscriptions, in order to be of some help to the government and to encourage others by example, I am subscribing to the extent of my limited means," he wrote.

New York, Oct. 11.—The marked increase in the number of small subscriptions ranging from \$50 to \$500 announced yesterday indicates that the great campaign organization built up by the Liberty loan committee was beginning to reach the mass of the people of the Second Federal Reserve bank district.

Total subscriptions to date amount to \$264,499,250 and show that the loan is behind its schedule by \$298,000,000.

Kaiser Ready for Peace If French Do Not Ask for Alsace-Lorraine

Amsterdam, Oct. 10.—In addressing the Reichstag, Foreign Secretary Von Kuehlmann said, according to a Berlin dispatch, that as far as he was able to view the world situation, there was no impediment to peace, no question which could not be solved by negotiations, except for the French demand for Alsace-Lorraine.

Pacifists Declare Meeting Was Held; Police Hotly Deny

Sioux Falls, S. D., Oct. 11.—Delegates to the state convention of the People's Council of America for Democracy and Peace, scheduled to open here today, met for a short session this morning and performed the work for which the meeting was called, despite a strong force of county, state and city officials and home guards who picketed the town to prevent the meeting of the pacifists, according to an announcement of W. C.

Rempier, secretary of the organization. Police officials this afternoon were stout in their denials that a meeting of the council was held.

Rempier refused to disclose the meeting place of the delegates. He declared that the council had elected a permanent organization, selected officers and adopted a full program.

Officials declared that every delegate had been under surveillance from

CATARRH CAUSED BY A GERM

Very Effective Method for Banishing Hairs

(Modes of Today) At very little cost any woman can rid her face of hairy growths if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Advertisement.

How to Destroy the Germ and End Disease. To catarrh so it won't come back you must, according to a noted authority, first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation which does this called Hyomel (pronounced High-o-m-e). Hyomel is a germ-killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomel through the mouth and nose by means of a little hard rubber inhaler which druggists furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen inflamed membrane, stops the discharge and opens up the clogged nose and air passages, in a truly wonderful way. Sherman & McConnell Drug Co. and many other leading druggists in Omaha and vicinity sell Hyomel with the positive guarantee that it must cure catarrh or that the money paid for it will be refunded.—Advertisement.
