

STATE BANKERS SAY 3 MILLION IS ONLY STARTER

Say Banks Have Only Subscribed What They Want to Carry for Themselves.

"This \$3,000,000 subscription is only a starter for us," said A. D. Weston, president-elect of the Nebraska Bankers' association which closed its meetings here Thursday. "The banks have subscribed only what they want to carry for themselves. We will raise ten times that amount out in our several districts before the campaign closes."

John L. Kennedy, in his stirring appeal to the convention in the interests of the loan, pledged Omaha to contribute one-third of any amount raised by the rest of the state. "We intend to make Omaha go some before this campaign is over," a prominent out-state banker said.

The evening session Thursday at the convention hall took the form of an educational and musical entertainment. Dr. George E. Condra, of the University of Nebraska, delivered an illustrated lecture on the "Resources and Industries of Nebraska," which was highly appreciated by the representative bankers of the state. Dr. Condra's lecture accompanied by lantern projections showing sectional maps and typical scenes illustrating the crops and industries, the soils and possibilities in the different sections of the state, gave his audience a new insight into Nebraska's resources.

"You get an idea of the hundreds of different branches of activity that are going on in this state of ours," one member put it.

The four West sisters, Madge, Vivian, Eloise and Bell, were encored repeatedly in their instrumental quartet selections which followed in the "musical hour." A basso cantate rendered by W. A. Haberstroth and a soprano solo by Mrs. C. F. Brinkman were excellently rendered and highly appreciated by the visitors.

The privileges of all the Omaha clubs were extended to the visitors and many took advantage of the entertainment committee's invitation for a round or two at golf at the links of the country clubs of the city during the afternoon.

Refreshments and dancing at the Fontenelle closed the convention program.

Coastwise Steamer Runs Ashore; No Serious Damage

An Atlantic Port, Oct. 12.—An American steamer, in the coastwise passenger service, ran ashore off the New England coast last night and was floated today, apparently undamaged. The ship pulled itself free from the sand without assistance and proceeded on its voyage.

GUILTY ON CHARGE OF KILLING DAUGHTER

Father Convicted, Wife Acquitted, in Strange Case of Supposed Unintentional Murder of Child.

Cambridge, Mass., Oct. 11.—Joseph Wakelein, of Melrose, was tonight found guilty of manslaughter on account of the death of his daughter Loretta, 7 years of age.

His wife, Sarah, who had been on trial with him on the same charge, was acquitted. The jury deliberated nearly eight hours. Sentence will be pronounced Tuesday morning. The maximum penalty for manslaughter in this state is twenty years' imprisonment.

Wakelein and his wife were originally indicted for murder, but charge was changed to manslaughter. The state contended that when Loretta, or "Tootsie" as she was called, was sent home from school on the morning of June 1, 1916, for a book she had forgotten, she objected to returning to school, and that in a fit of anger Wakelein seized her more forcibly than he intended and choked her to death. Then, in order to divert suspicion, according to the state's allegation, he mutilated the child's body and concealed it in the woods near the home in Melrose, so as to make it appear that his daughter had been the victim of a degenerate.

Defense in Draft Law Conspiracy Case Opens

Grand Rapids, Mich., Oct. 12.—Attorneys for Adolph Germer, socialist leader of Chicago, and eleven other persons charged with conspiracy against the selective draft law today opened the defense at the trial in United States district court here.

The defense hopes to submit evidence to sustain its contention that the defendants did not effect a conspiracy to oppose the draft and that no treasonable or disloyal literature was circulated by them.

James Cully Found Guilty Of Inciting Draft Fight

Chicago, Oct. 12.—The United States district attorney received a telegram today from Freeport, Ill., that James Cully was found guilty today of inciting 115 men to resist conscription. The cases of the men indicted by Cully were dealt with some time ago by Judge Landis, who sentenced them to terms in the house of correction.

GIVEN DOPE AND NOW HE WANTS TO FIGHT THE KAISER

Conscientious Objector Twice Arrested for Avoiding the Draft is a Changed Man.

Gustav Eric Gustavsen, conscientious objector, whose religion forbade him to fight, and who was arrested twice in an attempt to avoid the draft, is at last on his way to Camp Funston, breathing forth fire and brimstone and anxious for a speedy meeting with the kaiser's minions.

The credit for Gustav's conversion lies with a certain wise physician at Fort Omaha, where Gustav was committed after being arrested. On his

second visit there he feigned sickness and was taken to the hospital. Lieutenant Scott, the physician who received him, has a method of his own invention for such cases. He mixed a large and nauseous dose of cod liver oil and similar ingredients, gave it to the young objector and put him to bed. In the morning the young man clamored for a gun and a ticket to Camp Funston.

Thursday he, in company with two others, was put on the train by his board and shipped to the training camp. As they passed through the gates Gustav looked up at W. G. Ure and remarked:

"Say, Mr. Ure, do you know—when I was at Fort Omaha they gave me some medicine that made a regular fighting man of me." The conversion bids fair to be lasting, it is said. After this and after a kindly talk from Colonel Hersey at the fort, the young man changed his views and thinks he will like the army now.

Report Unidentified Ship Sinks Off Lewes

Philadelphia, Oct. 12.—A report to the maritime exchange from Lewes, Del., states that an unidentified steamer sank late yesterday afternoon off the Delaware coast. The crew is supposed to have been picked up by a passing vessel. No details of the sinking are known at Lewes.

Warneson Moore, of Kansas City; Dr. Eva Harding, Ike Gilberg and Ernest Newman of Topeka, and George Kleigle of Fort Scott, Kan., were returned today by a federal grand jury.

The indictments returned were the result of an anti-conscription meeting held on May 27, 1917, in Topeka. Dr. Harding was a candidate for congress. Mrs. Moore formerly was a public school teacher.

Coal Shortage Ties Up Columbus Street Cars

Columbus, O., Oct. 12.—Because of a shortage of coal the Columbus street car system was tied up again this morning for nearly an hour and thousands of people were forced to walk to work.

"DEAD MAN" TO BE PLACED ON TRIAL

Frederick Searing to Face Jury on Charge of Attempting to Defraud Insurance Company.

New Orleans, La., Oct. 12.—Frederick Roe Searing, former wealthy Philadelphia contractor, and Elizabeth Rendell, his former stenographer, left here today for Philadelphia in custody of a detective, to answer charges of conspiracy to defraud life insurance companies.

Searing was supposed to have been drowned at Atlantic City in August, 1915. Searing's wife in Philadelphia had twice obtained judgments against insurance companies for his policies totaling \$18,000.
