100 Girls Wanted at Once

We want 100 live, ambitious girls to fill positions in different manufacturing departments of this firm—girls who are experienced in the making of house dresses and aprons, men's dress shirts and working garments-also experienced in laundry work.

There are also positions open for girls as inspectors of garments.

Emperienced workers can command good wages—there is no l'mit to your earning power-the positions are permanent and there are great opportunities for promotion and advancement to those who prove capable.

Working conditions here are ideal. Machines are electrically driven, requiring little exertion in operating them.

A matron—a real girl's friend, is forever working in your interests-not an overseer, but a real helper.

A large dining room is provided, where tea and coffee are furnished at lunch time-free of charge-everything is clean, immaculate and homey.

A library, a piano and a talking machine are at your disposal to furnish you with diversion and amusement during lunch hours.

If you want to work in a place where you will mingle with refined types of girls, where wages are good, working conditions ideal, where positions are permanent with possibilities for advancement, it will pay you to call Monday morning at the Employment

M. E. Smith & Co.

A few apprentices also wanted to enter our training schools to learn different trades in various departments. Good wages while learning.
