Postponement of the food pledge card campaign is announced from the office of Food Administrator Wattles. The campaign is postponed for one week, and is now to take place the week of October 27 to November 4.

The action was the result of a request from President Wilson to Federal Food Administrator Hoover, because the Liberty bond campaign is occupying so much attention at this

President's Letter to Hoover.

The president's letter follows: The exigencies of the treasury have required setting the final week of the Liberty loan campaign during the period of October 21 to 28. This I understand brings it into the same week as the food conservatio pledge campaign. It seems to me undes.rable in the interest of both these capi-Tallers that I .. should occur. Under lese circumstances, therefore, I would be gla the pled cam-paign co ld be de and one week; that is, until October 28 to November 4. In asking this alteration of the plans of yourself and your associations, I should like to take this occasion to impress upon them that I in no way underrate the importance of their effort. If we are to supply our allies with the necessary food and are to reduce our own prices of foodstuffs during the coming winter, it can only be accomplished by the utmost self-denial and service on the part of all our people through the elimination of waste and by rigid economy in the use of food.

"Therefore, I would be glad if you would convey to all of our staff throughout the country my feeling of the prime importance of their plans and their work. I wish particuplans and their work. I wish particularly to express my great appreciation of the service which this additional tax on their time will impose upon the many thousand volunteers who have already deferred their own concerns to public interest in this important work. I ask them not to allow this alteration in program to dampen their fine enthusiasm, but rather to redouble their energies in their very great branch of national service. Cordially and sincerely yours, "WOODROW WILSON."

### INTERSTATE FAIR IS WELL RECEIVED

State Fair Members, Cattle Clubs and Omaha Retailers Endorse Proposed Show in Omaha.

The Associated Retailers of Omaha have endorsed the proposed Omaha interstate fair. At their monthly meeting the fair idea was thoroughly discussed and it was decided that it was worthy of the retailers' support and Secretary J. W. Metcalfe was authorized to write a formal letter of endorsement.

"There was not a dissenting vote," said President Charles E. Black, "the decision was unanimous." "The retailers were glad to learn of

the promised support of the Nebraska state fair," reported Secretary Met-calfe, "and hope that a working agreement with the Ak-Sar-Ben may be effected by the interstate fair people."

Charles Graff of Bancroft, Neb., president of the Red Polled Cattle Club of America, recently wrote: "As a member of the State Board of Agriculture, I see no reason why an inter, state fair could not be a success in Omaha; in fact, I feel, if worked out in the proper way, it should be a winner. I thank you for the kind consideration you have shown the state board members and your desire for a

real spirit of co-operation." E. R. Purcell of Broken Bow, Neb., another member of the state board. "The management of the Nebraska state fair looks with favor upon the organization of an interstate fair at Omaha, with dates to be approved by us, and I will be glad to aid in any way possible to help make the Omaha interstate fair the success I believe it will attain under the directorship of
