Important questions pertaining to Red Cross work and outline of future work will be discussed. Heads of all departments of Red Cross from the central division at Chicago will attend, as will representatives from headquarters at Washington.

Employe of Shining Parlor Taken as Deserter

John Smernis, an employe at a shining parlor at Sixteenth and Farnam streets, was turned over to the military authorities at Fort Crook as a deserter. Smernis called on the exemption board of the Third district and declared he had not received any notification of his selection in the first draft. He inquired whether he was in the second draft. C. C. Redwood of the board told him he was in the first draft and turned him over to United States Deputy Marshal Quinley who took him to Fort Crook.

PRESENT TIMES CALL FOR HIGHEST FAITH

Dr. A. M. Reitzel Tells Presbyterian Synod Church Must Combat Materialism of Present Age.

"The world of modern liberty was born of the Reformation and Martin Luther did more than any other man to bring about this great movement," said Dr. A. M. Reitzel in his address before the Nebraska Synod of the Presbyterian church, assembled in the First Presbyterian church, last night.

"The Reformation was preceded by such forerunners as, Wycliff of England, Huss of Bohemia, and Savonarola of Italy, but Martin Luther culminated the movement which bore fruits in the modern world of today. Luther gave the Reformation to the world and it gave to the world the modern idea of liberty. The basis for the common school system of today was laid by Luther in his reforms."

Great Call For Faith. The close of the great conflict in which we are engaged will present to us the greatest opportunities of any time since the Reformation. The call today, as then, is a call to faith and faith will transform the world. The world calls for faith to combat the rationalism, materialism and commercialism of today.

In giving the report of the Foreign Mission Committee at the afternoon session, Dr. Knauer pointed out the necessity of giving to the foreign missions more liberally now, than ever before. The cost of maintaining the missions has doubled in some countries. In Africa the children of the missionaries are suffering for lack of milk and in some parts of Africa the missionaries have had to eat monkey meat because of the scarcity of food.

Dr. Baxter Fullerton of New York, who represents all of the benevolent boards of the Presbyterian church, was presented by Dr. James Salesbury of the Nebraska executive committee.

Don't Forget the Church. Dr. Fullerton pointed out the needs of the missionaries created by war conditions and urged the pastors and churches to meet these needs at this important time.

He urged his audience to support the Young Men's Christian Association, the National Service Commission and the Red Cross but not to forget the church, the fountain head of the other worthy societies.

Dr. Fullerton gave statistics showing that the largest member contributes but seven cents a day to the yearly expenses of the church amounting to \$20,000,000, and that each member contributes but one cent to the work of the foreign and home missions.

No Smoking On New Cars; 25 in Service Next Month

Next month the Omaha street railway will start adding twenty-five new cars out of the local shops, the entire quota to be in service in time for the holiday rush of business. This is the number of cars annually turned out of the Omaha shops.

The new cars this year will be unlike any ever before seen in Omaha, in that they will have enclosed vestibules, front and rear. Otherwise they will be similar to cars run on the Farnam and North Twenty-fourth street lines.

All vestibules will be opened and closed by the motorman. The conductor will occupy his same position, but space for ingress and egress on either side will be wider. Enclosing of the rear vestibule will do away with smoking.

Elbert Burnett Ordered To Annapolis for Training

Elbert Burnett, formerly active in athletics in Omaha High school, has recently been ordered to Annapolis for intensive training in navigation.

Burnett was selected with a picked class of 600 men from all over the United States.

He has been attending the Great Lakes naval training station. Last week he passed a special examination, after which he was made a line officer with the rank of ensign. He will be at Annapolis for three or four months.

Burnett is the son of A. H. Burnett, attorney for the Woodmen of the World.

Lift Out Your Corns ICE-MINT THE NEW DISCOVERY ENDS Foot Troubles

This new discovery, made from a Japanese product, is certainly a wonder the way it draws out inflammation from a pair of swollen, burning, aching feet. It takes the soreness right out, then the corn or callous shrivels and lifts off.

Hard corns, soft corns or corns between the toes, just shrivel up and lift off so easy. It is wonderful. Just think. Not one bit of pain while applying Ice-mint or afterwards. It doesn't even irritate the surrounding skin.

You will never have to cut a corn again and run the risk of blood poison. Say good-bye to your old corn plasters, and bandaging tape, for that pet corn of yours is sure to be a "goner" if it ever feels the magic touch of Ice-mint.

It imparts such a delightful, soothing, cooling feeling to the feet that you will wish you had it on your hands.

Ice-mint is the real Japanese secret for fine, healthy, little feet. It prevents foot odors and keeps them sweet and comfortable. It is greatly appreciated by women who wear high heel shoes.

Just ask in any drug store for a little Ice-mint and give your poor, suffering, tired, swollen feet the treat of their lives. It costs little and there is nothing better.—Adv.

How You Can Quickly Remove Hairy Growths

(Aids to Beauty) A well known beauty specialist advises this treatment for the removal of hair from the face. Mix into a paste some powdered delatone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and every trace of hair has vanished. This method is quick and entirely safe. To avoid disappointment, however, it is well to make certain you get genuine delatone.—Adv.

For Burning Eczema Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 25c, or \$1.00 for extra large size, get a bottle of zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, penetrating, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

GRAND OLD MAN OF Y. M. C. A. IS HERE

Work of Organization Started by Robert Weidensall Forty-Nine Years Ago in Omaha; Data of Early Days.

Robert Weidensall, "the grand old man of the Young Men's Christian association," is in the city for a few days.

"It is just 49 years ago today since I started in association work," he said. "I started in Omaha. Tomorrow I begin the year that completes a half-century of work."

Mr. Weidensall started the Young Men's Christian association work in Omaha in 1868 for railroad men. It broadened out until there were many organizations scattered about the United States for young men generally. Later the national organization came into being.

During the coming year a memorial building to Mr. Weidensall will be built at Gettysburg college, Gettysburg, Pa., his alma mater. It will be called Weidensall hall. In the new building at the Young Men's Christian Association college, Chicago, a large room has been set aside as an historical room and Mr. Weidensall is gathering into it papers and other objects of the greatest value in Young Men's Christian association history.

Lawyers Sue Client Who Settled Out of Court

McGilton, Gaines & Smith, law firm, is suing Agnes Jacquith in district court to recover a fee alleged due them. They say she retained them in 1912 to sue William C. Sunderland and Sherman Saunders for \$9,000 on a stock transaction.

Both the defendants died in 1913, but the court action was continued against legal representatives of the heirs. Later a settlement was made for \$5,500 without the knowledge of McGilton, Gaines & Smith. They ask a third of the amount.

Funeral of L. E. Doty Will Be Held Friday Afternoon

CATARRH GERMS EASILY KILLED

By Breathing Into Throat, Nose and Lungs a Pure Antiseptic Air.

If you have catarrh and want to get rid of it you must kill the germs which cause the disease.

The known way of destroying Catarrh germs is to breathe into the air passages of your nose and throat and lungs.

The pleasant, penetrating air of Hyomei (pronounced High-oh-mey), Hyomei is made from purest oil of Eucalyptus combined with other powerful, healing, antiseptic and germicidal ingredients.

You breathe it through a little pocket inhaler which Sherman & McConnell Drug Co., and other leading druggists in Omaha and vicinity, are furnishing with every complete treatment sold.

Every time you inhale the sweet, fragrant air of Hyomei through this little device you are drawing into your swollen, inflamed, germ-laden membranes a medicated air which will not only reduce all the swelling and inflammation and open your clogged nose and stopped-up air passages, but
