

# Public Rises to Emergency Buying Many Bonds

## TWO-BILLIONS IN SUBSCRIPTIONS SATURDAY NIGHT

### Goal Set for Close of Week Will Be Reached, Treasury Officials Believe; Five Billions in Finish.

Washington, Oct. 19.—The Liberty loan campaign continued its gains today and treasury officials announced that many estimates placed the total so far subscribed at above \$1,750,000,000 and "within striking distance" of the \$2,000,000,000 hoped for by Saturday night.

Unofficial figures made public by the department show that a minimum of \$1,535,000,000 had been subscribed up to the close of business Wednesday night. Officials were optimistic that the \$2,000,000,000 mark would be attained by the close of the campaign, October 27.

### Urges Bonds as Christmas Gifts.

Harrisburg, Pa., Oct. 19.—Governor Brumbaugh, in his proclamation, issued today, designated October 24 as Liberty day, suggests that Liberty bonds be among the gifts bestowed upon relatives and friends this coming Christmas. He asks that all business places close on October 24 and the day be observed by appropriate exercises to stimulate national fealty.

### Half Holiday in Illinois.

Chicago, Oct. 19.—A proclamation was issued by Governor Lowden today promoting President Wilson's designation of Wednesday, October 24, as Liberty day. Governor Lowden urges all persons on the afternoon of that day to devote their time and energies to the Liberty loan.

### Vassar Has Campaign On.

Poughkeepsie, N. Y., Oct. 19.—With \$15,000 as its goal, Vassar college today launched a Liberty loan drive in which gift students served Uncle Sam as speakers, salesman and purchasers of the bonds.

### New York Sales Numerous.

New York, Oct. 19.—An overnight gain of more than \$21,000,000 brought the total Liberty loan subscription in the New York federal reserve district up to \$566,300,000, it was announced at noon today by the committee. The German submarine brought from England was exhibited in Central park today. It bore a sign "U-Buy-A-Bond."

Several women were overcome when they were jostled in the crowd attending a Liberty loan meeting on the steps of the United States treasury building here today. They were removed to the office of J. P. Morgan & Co., across the street, where they were attended by hospital doctors.

### Police Guarding School Buildings in New York

New York, Oct. 18.—Every public school in the upper east side and the Bronx which has been damaged during riots of pupils and parents opposed to the Gary system of instruction was being guarded today by extra details of police.

Adoption of the Gary duplicate system has been made an issue in the mayoralty campaign, with socialist and democratic speakers opposing it. Riots of school children in the Bronx kept the police busy all yesterday and last night. Many children were arrested for rioting, scores of windows where the duplicate system is under trial and which were the centers of the disturbances were broken.

With the opening of the schools this morning the strike spread and disturbances were resumed. At one of the largest Bronx buildings the children broke many windows. They paraded through the streets with placards reading, "We won't go back to school until the Gary system is taken out." The police dispersed them.

In Brooklyn several hundred women armed with stones forced their way into a school in Brownsville, a Jewish section, and demanded that their children be allowed to go home. Some windows were smashed and several persons were injured, including three policemen, while police reserves were quelling the riot. The 3,000 children were dismissed for the day.

### Banks to Underwrite Loan for Entire County

The Saunders county banks will underwrite the entire county quota of Liberty bonds amounting to \$708,000. This word was received by E. F. Folds, general secretary of the Liberty loan committee for Nebraska. The little town of Wood Lake subscribed \$20,000 in a few minutes yesterday at a mass meeting.

Mayor Dahlman, at the noon meeting of the city committee, said the city employees and officials would undoubtedly subscribe in the neighborhood of \$35,000.

Some further reports made at the noon meeting were:

Three Million Dollars for British Red Cross in Day

London, Oct. 19.—More than \$670,000, irrespective of street collections, was contributed yesterday to the British Red Cross. Thursday was designated "Our Day," and from daylight until dusk 8,000 women, including wives of cabinet members, titled ladies, society leaders and actresses, canvassed the great city. King George gave £10,000. The members of the royal family also contributed generously.

### Million Dollar Block of Bonds Sold on Exchange

New York, Oct. 19.—A million dollar block of Liberty loan bonds changed hands on the stock market today at 99.72. This is the largest single transaction in the bonds since they were put on the market.

## GRAIN MEN PLEDGE DOLLARS FOR WAR

### Get Behind Liberty Loan With Subscriptions From \$50 to \$20,000 When Call is Sounded.

When the Omaha Grain Exchange men got into action in subscribing for the Liberty bonds Thursday morning they subscribed in amount ranging from \$50 to \$20,000.

The Trans-Mississippi Grain company subscribed \$20,000; W. J. Hynes, N. B. Updike, George A. Roberts, each subscribed \$10,000.

### Mexican Government Makes Deposit for Corn

Mexico City, Oct. 18.—The Mexican government has deposited 1,000,000 pesos in a New York bank to cover the purchase of 3,000,000 bushels of American corn to be used in relieving the food situation. The corn will be delivered at Laredo at the rate of 200,000 bushels every twenty days.

## DENISON RETURNS FROM CAMP DEMING

### Y. M. C. A. Secretary Tells of Work Being Done by the Association at That Camp

E. F. Denison, general secretary of the Omaha Young Men's Christian association and in charge of the association work at Camp Cody at Deming, returned to Omaha yesterday full of enthusiasm for the way things are going at the big National Guard camp.

"Deming is a good town for the boys to be in," said Mr. Denison. "I haven't seen a soldier under the influence of liquor during all the time I have been there. The day after Major General Boxer arrived the town was dry, bone dry at that."

"Say this for me," said Mr. Denison in regard to the needs of the boys in camp, "what the American army needs is not to have something given to them in the way of charities. The men are well fed and well clothed and well taken care of by the government. What they do need is good wholesome amusements for their leisure hours."

Someone has to start something to give them a way of amusing themselves and that is what the Young Men's Christian association is doing.

### Thirty-Two Secretaries.

The Young Men's Christian association has five big buildings used to the use and entertainment of the men and 32 secretaries engaged in the work at Camp Cody. The buildings are conveniently placed in the various sections of the camp and have recorded an average daily attendance of 10,000.

Letter writing seems to be second only to military maneuvers as an activity of the camp. "We furnish 7,000 to 10,000 Young Men's Christian association letter heads to the men daily," said Mr. Denison. "We order our letter paper and envelopes by the 1,000,000 lots."

### Classes in French.

Classes in French and in English have been formed by the association for the soldiers. There are many good Americans in the army who are unable to understand English well and who want instruction. Young Men's Christian association physical directors will have a big part in the army athletic work, cooperating with Major Todd, the "athletic officer" of the army. The association holds two religious services each week and has numerous Bible classes which are very well attended, Mr. Denison states.

"Besides the religious and educational classes we give the men three movies each week in each of the five buildings. The shows are free, and also very well attended," Mr. Denison said. "There is also a 'stunt night' in each building each week in which the 'stunt men' of the various companies are matched against each other in pie-eating contests, boxing and wrestling matches and other sports of the kind."

"We are now erecting a big chalet tent which will seat about 10,000, where the 'Red Cross' programs, composed of high-class attractions and entertainers, will be booked six nights a week every other week. The men are in fine spirits and are going into this thing with a will. I find that most of them have come, not in any spirit of thoughtless adventure, but rather with a serious, sober-minded patriotism back of their action. We are in for a big thing here and those boys are going to see it through."

"The Young Men's Christian association sought to have three more buildings at Camp Cody at the least," said Mr. Denison. "We haven't the funds to build them at this time, but as soon as we get some more we will go ahead with them."

### Danish Steamship Cargo Catches Fire

St. Thomas, Virgin Islands, Oct. 19.—The 3,700-ton Danish steamship "Argonia," from a port of the United States for Montevideo, arrived today with its cargo afire.

and Hango, on the northern coast of the Gulf of Finland, guards the approaches to the gulf. The landing of German forces on the Estonian coast would menace this town, from the rear.

### Russ Fleet Battered Up.

Apparently contingents of the Russian fleet—in all about twenty warships of various classes—are bottled up in Moon sound, with a corollary of German warships barring their egress northward back into the Gulf of Finland or to the south into the Gulf of Riga.

### Russians Outclassed.

Brave, but outclassed by reason of superior gun range and heavier tonnage, the Russians gave battle to the Germans and attempted to force back the enemy armada off Oesel island.

Standing far outside the shell zone of the Russians, however, the guns of the German dreadnaughts sank the battleship Slava—a relic of the days before the Russo-Japanese war—and so badly damaged other units that the Russian flotilla was forced to seek refuge in Moon sound—lying between Moon island and the Estonian coast.

### Two German Vessels Sunk.

Two German torpedo boats were sunk in the mine fields in Moon sound yesterday, the war office announces.

### Hammer Moon Island.

Immediately seeing their advantage, the Germans, according to latest German official communication, began intensive operations against Moon island, hammering its eastern shore batteries until they were silenced and also attacking the Russian guns on the mainland, putting them out of action.

Moon island was captured and the Russians took refuge inside the sound. Thereupon the Germans threw warships to the eastern part of Kassar bay, lying to the north of Moon island, barring exit from the northern entrance to Moon sound, apparently closing the passage to the south in the Gulf of Riga.

### Russ Hold Off Germans.

Already the Germans have attempted to attack from the north into Moon sound, but the Russian guns have held them back. Among the German warships attacking the old line vessels of the Russian fleet were at least two dreadnaughts of the Grosser Kurierst type—vessels displacing 25,000 tons, as against 13,500 tons for the Slava. A majority of the crew of the Slava was saved by Russian torpedo boats when the vessel took its final plunge.

Intensive air fighting took place Wednesday between the French and

## Heavy Shelling In Flanders.

Berlin, Oct. 19.—(Via London.)—Notably violent artillery fire was kept up yesterday on the Flanders front at Houtholst wood, near Passchendaele and between Gheluvelt and Zandvoorde, army headquarters announced today.

Two Russian infantry regiments, totaling 5,000 men, were captured on Moon Island, in the Gulf of Riga, it is announced officially. The island is now completely in possession of the Germans.

### Repulse Raiders Over Vermelles.

London, Oct. 19.—"We repulsed a hostile raiding party last night east of Vermelles," said today's official statement. "We had no casualties."

"On the battlefield the enemy's artillery activity has been centered chiefly against positions in the neighborhood of the Menin road and against Zonnebeke."
