DETECTIVE FINDS BOOZE IN DRUG STORE

Testimony in Police Court Trial Uncovers Evidence on Which Officers Visit Dequoy's Establishment.

Five barrels of alcohol, 12 cases, each containing 48 half-pint bottles of whisky, 404 pint bottles of beer and 358 half-pint bottles of plain whisky were brought into the South Side police station Thursday afternoon as the result of a raid made at the drug store of Louis Dequoy, 5401 South Thirty-second street.

Dequoy was arrested Wednesday afternoon by Detectives Sullivan and Lepinski and charged with illegal possession and sale of liquor. The officers testified that Dequoy had been selling medicated alcohol. Mrs. Katie Tomz testified that she purchased a bottle of medicated alcohol from Dequoy October 16 and said that she told Dequoy it was wanted for a beverage.

William Jamieson, attorney for the defendant, interrupted the case with an objection in regard to the interpreters, and Police Judge Fitzgerald continued the case until Saturday so that new interpreters might be obtained.

PRESENT TIMES CALL FOR HIGHEST FAITH

Dr. A. M. Reitzel Tells Presbyterian Synod Church Must Combat Materialism of Present Age.

"The world of modern liberty was born of the Reformation and Martin Luther did more than any other man to bring about this great movement," said Dr. A. M. Reitzel in his address before the Nebraska Synod of the Presbyterian church, assembled in the First Presbyterian church, last night.

"The Reformation was preceded by such forerunners as, Wycliff of England, Huss of Bohemia, and Savonarola of Italy, but Martin Luther culminated the movement which bore fruits in the modern world of today. Luther gave the Reformation to the world and it gave to the world the modern idea of liberty. The basis for the common school system of today was laid by Luther in his reforms.

The close of the great conflict in which we are engaged will present to us the greatest opportunities of any time since the Reformation. The call today, as then, is a call to faith and faith will transform the world. The world calls for faith to combat the

rationalism, materialism and commercialism of today." In giving the report of the Foreign Mission Committee at the afternoon session, Dr. Knauer pointed out the necessity of giving to the foreign missions more liberally now, than ever before. The cost of maintaining the missions has doubled in some countries. In Africa the children of the missionaries are suffering for lack of milk and in some parts of Africa the missionaries have had to eat monkey meat because of the scarcity of food.

Dr. Baxter Fullerton of New York, who represents all of the benevolent boards of the Presbyterian church, was presented by Dr. James Salesbury of the Nebraska executive committee. Don't Forget the Church. Dr. Fullerton pointed out the needs of the missionaries created by war

conditions and urged the pastors and churches to meet these needs at this important time. He urged his audience to support the Young Men's Christian Association, the National Service Commission and the Red Cross but not to forget the church, the fountain head of the other worthy societies.

Dr. Fullerton gave statistics showing that each member contributes but seven cents a day to the yearly expenses of the church amounting to \$20,000,000, and that each member contributes but one cent to the work of the foreign and home missions.
