

NEBRASKANS PAY WELL FOR LEARNING

State Auditor Smith's Report Reveals That Youth of Cornhusker State Is Not Being Overlooked.

(From a Staff Correspondent.)
Lincoln, Oct. 20.—(Special.)—It costs nearly as much for education in Nebraska as all the other activities of the state, according to figures prepared by State Auditor W. H. Smith, in his quarterly report for the quarter ending September. According to the report the activities of the state cost as follows:

State university.....	\$46,061.71
Normal schools.....	259,912.75
Board of Control.....	422,922.59
All other departments.....	234,120.00
Totals.....	\$1,063,027.05

The state university item includes all educational activities, like the state farm, Omaha medical college and the other activities. The normal school item includes everything connected with the normal schools, while the Board of Control item includes the board with the 15 institutions it controls. The other item takes in all departments of the state not included in the other three.

The expenses of the state for the three quarters run up to a total of \$4,298,493.22, as follows:

First quarter.....	\$1,457,672.17
Second quarter.....	1,255,485.31
Third quarter.....	1,585,335.74

It may be interesting to know that for the last quarter the sum of \$470,891.44 has been paid by the state in salaries; \$33,880.51 for telegraph and telephone (15 state institutions not included); mileage and traveling expenses, \$26,670.52. The item for state institutions is included for transportation, telephone and telegraph and the board amounts to \$4,648.41.

Farmers Lukewarm Merchant Asserts In Loyalty Letter

The food pledge campaign is meeting with opposition in some parts of the state.

S. R. McKelvie, head of the campaign for Nebraska, has received a letter—the author of which he will not divulge—which shows the sentiment that is holding back the movement in some parts of the state. The letter with names and places omitted follows:

"I am in receipt of your window posters, and have the same hung up in my window. I know that the display of these posters is going to lose me some trade, as we are living in a 'red-hot' German settlement, and they greatly resent any demonstration favorable to the allies; but in these times I shall not care for trade or custom, as I have one boy who has just registered, and another one, just past 16, is ready and anxious to go to the front. I feel that we should do all that we can for those who have already gone.

"I wish that you could get the State Council on December 10 to go after the farmers' unions and get them lined up properly. There is a farmers' union at _____, Neb., with about 50 members, and I can safely say that over two-thirds of them are 'knocking' the government in every possible effort."

Two Lumps of Sugar, Five Cents, Is Price in New York

(By Associated Press.)
New York, Oct. 20.—Scarcity of sugar caused considerable concern in New York today, resulting in conferences between the newly appointed commissioner of markets, Dr. Henry Moskowitz, sugar refiners, wholesalers and retailers.

In some of the poorer sections of the city as high as 15 cents a pound was paid for sugar and there were but few places where it could be bought for less than 12 cents. Investigation disclosed that some of the large wholesale grocery stores had none left in their warehouses and many retailers were forced to paste "no sugar" signs on their windows to keep away the crowds of would-be purchasers.

The menu card of a leading hotel today contained this note:

"Sugar—Two lumps, 5 cents; powdered, 10 cents a portion."

It was announced, however, that the price of tea and coffee would be reduced and that maple sugar or syrup would be served free when desired.

James H. Post, chairman of the American refinery committee of the federal food administration, said today that the sugar shortage is only temporary.

Sylvian Stux, president of the Wholesale Grocers' association of this city, told Commissioner Moskowitz that all but three refineries in the vicinity of the city had been forced to close.

Says Farmers Will Lose By Holding Back Crops

Milwaukee, Wis., Oct. 20.—"I think the farmers will be glad later on to take half of the prices they are now getting for potatoes," said Patrick Cudahy, head of a packing concern, today in discussing the statement of Food administrator Hoover that the farmers are holding back their crops.

"I think Mr. Hoover's statement is sound," said Mr. Cudahy. "The farmers are getting altogether too much the best of things. They ought to be regulated the same as business men."

"They are holding back when potatoes are at higher prices. People coming from the country tell me the farmers are holding potatoes in their cellars."

"They are getting from \$1 to \$1.25 for potatoes now. Next spring they will be getting 50 cents."

Norfolk High Wins.
Norfolk, Neb., Oct. 20.—(Special Telegram.)—The Norfolk High school football team defeated the Grand Island High school team here Friday afternoon, 23 to 0. The visitors were unable to put across their forward pass. The sensation of the game was a 30-yard end run for a touchdown by Rosenthal. A drop kick was prettily executed by Rosenthal.

Obituary

FRANK HAY, aged 60 years, a former resident of Oriawold, Ia., died Friday afternoon at a local hospital. The body will be sent to Champaign, Ill., for burial.

Buy Your Hudson Now At the Low Price

Prices will advance soon, but before that time comes our allotment will be sold.

Men who have held off buying Hudsons are going to be disappointed. They are going to wait until it is too late to buy one at the present low price. We expect the announcement of a price increase any day now, but before that time comes even our supply may be exhausted.

We have only so many Hudsons that we can sell at the low price we ask today. When these are gone, the next shipment from the factory will be at higher prices.

Men familiar with the material market, who have watched practically every other make of car go up in price, wonder why Hudsons did not advance long ago. Hudsons would have, too, but for the fact that Hudson prepared for the present market by her purchases of materials last year, when the market was considerably lower. Now these are nearly exhausted, and Hudsons built from now on will be of materials bought on a higher market. So Hudsons must cost more.

Will you wait too long? Will you be disappointed? Order today, for even tomorrow may be too late to take advantage of this great saving.

Franklin School Kiddies Raise \$155 in Hawaiian Fete

The children of Franklin school held a program and candy sale Friday afternoon, at which they cleared more than \$155 from tickets of admission alone.

Besides this a tidy sum was netted from the sale of ice cream and candy made by the girls of the school.

Prince Lei Lani, the famous Hawaiian tenor soloist, and Miss Ola Eitner, a local violinist, provided a real musical treat for the many friends and patrons of the school who attended. Little Loretta Borhoff, Omaha's talented child dancer, delighted the audience with several costume dances, in which she performed exquisitely.

The object of the fete was to raise money for new Victrola records. Since the proceeds totaled such a magnificent sum, however, the boys and girls will probably give a part of it to the Red Cross.

Earthquake Recorded On Georgetown-Seismograph

Washington, Oct. 20.—An earthquake of some intensity and lasting more than an hour was reported today by the Georgetown seismological observatory. It was about 2,000 miles from Washington and began at 11:43 a. m. yesterday. The maximum vi-
