

HUBBY NOT VICTIM OF IOWA ELECTION

Woman Finds Her Mistake After She Complains to the Public Welfare Board.

"I know that my husband was the first man to become drunk in Iowa since that state went wet. He came home and whipped each one of our five children and tried to whip me, but I threw a bucket of water over him and then ran out of the house," were the words of a wife who called at the Board of Public Welfare offices to have her domestic relations mended. "You see," she added, speaking to Miss Hattie Wilson, assistant repairer of household punctures, "it was only a few hours after my husband returned home that I read in the papers that Iowa had gone wet. Isn't it just awful, and to think that my husband was the first man to become drunk. I just know that he went to Council Bluffs."

Understands Men.
"I will send for your husband and have him explain. Don't you tell him that I am sending for him, but just tell me talk to him. I know how to talk to men who imbibe to excess and then go home and whip their wives and children. Wait until I get him in here. You may stay in a side room and hear me if you wish," replied Miss Wilson.

"May I live in that room? I would just love to hear what he would say, because when I talked to him about this, he told me to shut my mouth or he would shut it for me," rejoined the aggrieved wife.

The husband was summoned and he appeared a meek as Mary's historic mutton. The wife remained in the side room.
"I want you to explain how and where you obtained intoxicating liquor and why you went home and abused your family," were the stern words of Miss Wilson.

Was Goo-Mixer.
"Well, miss, I'll tell you how it is. You see, me and my mate were doing a job of painting in a fine house and we did the work so well that the missus gave us a bottle of wine which was about 1,000 years old. She warned us to add twice as much water as there was wine. I told my mate to do the mixing, because he was a good mixer when mixing the paints, but I guess he didn't do the right thing. We went into an alley and killed the bottle, because if I took it home I knew my wife would not let me have it. Yes, we killed the bottle, but it nearly killed me. Then I went home and I did not know anything for two days. I didn't even recognize the grocer and I didn't owe him anything, either. "But I'm selling you, miss, that I am off that stuff for good. I am ashamed of myself."

Peace Again Reigns.

The wife in the side room could suppress herself no longer. She removed the secrecy by rushing out and exclaiming: "I will forgive you, John. I thought you had gone to Council Bluffs and was the first man to have become drunk since Iowa went wet."

Husband and wife kissed and returned home.

"What do you know about that?" asked Miss Wilson of Mrs. Ohaus.

U. S. Buys 6 Million Mexican Dollars to Supply the Mints

Washington, Oct. 20.—Six million Mexican silver pesos have been bought by the Treasury department at 88 1/2 cents apiece, for minting into half dollars, dimes and quarters.

The treasury acted when faced with necessity of buying silver for coinage at steadily increasing prices, which at their height brought the value of the metal dangerously close to the minted value.

The purchase of the great volume of Mexican dollars, the largest purchase by the government of the minted silver coin of another government ever recorded, placed the United States in possession of a sufficient quantity of silver to run the mints for two or three months and withdraws from the silver market here the largest single buyer.

In return the Carranza government is understood to have lifted its embargo on the exportation to this country of silver and copper, and these and other commodities needed here soon will be crossing the international line freely.

Howell Not Contractor, Board of Control Explains

(From a Staff Correspondent.)
Lincoln, Oct. 20.—(Special.)—Senator Ed Howell of Omaha is not a contractor for the state, it is now said. E. O. Mayfield, member of the Board of Control, explains that Mr. Howell has no contract. He is just a hired man and is said to be a ton for hunting coal for the board. As there is no constitutional prohibition against hunting coal like there is prairie chickens and ducks, Senator Howell does not even have to go to the expense of going to the game warden and paying \$1 for a hunting license. He simply starts in the early morning and when he sees signs of coal he sneaks on on the unsuspecting coal pile and bags the game. If there is a ton of it he gets 5 cents for his trouble. If he finds two tons he gets 10 cents. When one understands the thing it is easy.

Permanent Roll of Honor For All Who Buy Loans

Washington, Oct. 20.—A roll of honor of the millions who buy Liberty bonds is to be preserved in the nation's archives. Secretary McAdoo today instructed the preparation of the long roll. Names will be inscribed on the parchment, but not amounts, so that the man or woman who buys only a \$5 bond will stand on an equal footing through the generations to come with his wealthier brother.

Gothenburg Trims Lexington.
Gothenburg, Neb., Oct. 20.—(Special Telegram.)—Gothenburg High defeated Lexington High here today, 29 to 12. Although Lexington's team is coached by Guy Chamberlain of Cornsboro, the Gothenburg team had the better of it all the way through. One of Lexington's touchdowns was made on a fake play. Mackey, back, snubbed quarter, was the star of the whole game, making three of Gothenburg's touchdowns and making a 58-yard drop kick for three points.

HOOVER FOR PROFIT UPON LIVE STOCK

Food Administrator Wires Congressman Reavis That He Is Not Inclined to Disturb the Prices.

Falls City, Neb., Oct. 20.—(Special Telegram.)—Yesterday Congressman C. F. Reavis wired Herbert Hoover, food commissioner, that Chicago advices indicate that price fixing on live stock is contemplated, adding, "The farmers of the middle west have been feeding \$2 corn to cattle and hogs all summer. To fix an arbitrary price under the guise of a guarantee to stimulate production will work injurious, and will materially reduce production. If increased production is the sole object the stimulus possible. Production

ject, the present conditions furnish will not be increased by reducing the price to the producer. The threat of price fixing has sent thousands of immature cattle and hogs to the markets in the last three weeks. The farmer must know what to expect as present uncertainty is creating alarming conditions."

Later in the day this wire was received from Mr. Hoover: "Chicago advices are absolutely untrue and do not represent opinion or proposed action of the food administration. We will take no steps to jeopardize live stock production interests. All our power will be used to keep prices at which allied and governmental purchases are made, on a plane that gives assured return of cost and profit to producers of meat animals. In our opinion the best market obtainable for the present corn crop of the country will be through live stock. We need increased production of beef and pork and the only way to secure this increase will be by maintaining a profit on production. Will appreciate your giving this the widest publicity."

Three American Sailing Vessels Attacked by Sub

At Atlantic Port, Oct. 20.—Attacks on three American sailing ships by German submarines were reported by their crews, who reached here today on a French liner. Captain Mortensen of the three-masted American bark Paolina, 1,198 tons, said that on September 25, when his vessel was 140 miles from Brest, it was fired on by a U-boat but not hit. The Germans then rooted it and sank it with torpedoes. The captain and his crew escaped in the small boats and were picked up by a French destroyer. The Paolina had a cargo of oil and steel wire.

Another crew, who said they were from the American schooner McCrae, of Philadelphia, reported that three months ago their ship was torpedoed by a submarine near Brest, but did

not sink. The Germans looted it and then abandoned it and later, they said, it was towed into Brest and sold. It had a cargo of oil. Also on the same liner was the crew of the four-masted schooner Henry Lippitt, 895 tons, of Philadelphia, whose sinking previously had been reported.

Three New State Banks Authorized by Board

(From a Staff Correspondent.)
Lincoln, Oct. 20.—(Special.)—Three new state banks were authorized by the State Banking board today. The Farmers State bank of Stoddard, capital \$15,000, with Ernst Pohlman, president; Herman Brettmann, vice president, and M. J. Daglefoerde, cashier. The Fidelity State bank at Lodge Pole, capital \$15,000, with F. B. Knapp, president; Roy Isenberger, vice president, and W. T. Tate, cashier. The Acron State bank of Long Pine, capital \$25,000, with W. A. Bucklin, president; Fred Barclay, vice president, and Howard O. Wilson, cashier.

HOW MUCH WILL IT COST?

The Initial Price May Be But a Fraction of the Final Cost.

Most people who ask a dentist "How much will it cost me to have my teeth fixed up" do so to find out whether they HAVE ENOUGH MONEY TO PAY FOR THE WORK.

Too frequently that is the LEAST PART OF THE "COST" OF DENTISTRY.

A person may go to a dozen different dentists and get a dozen different prices—and the highest price may be ten times the cheapest—and neither be RIGHT.

An ill-fitting crown, for instance, made of thin gold of low karat, and base dentals—may "cost" only \$1.98, but if you happen to live fifty miles away it means railroad fare, loss of time, probably another dental fee, to say nothing of the suffering endured and the inconvenience of another session in the dental chair.

On the other hand, if you go to a dental office where you are asked as much as \$1,000 for a piece of work that is worth not to exceed \$50 to \$100, whereas the next person who did not look so prosperous might secure the same work for one-tenth what it "cost" you, you are paying for something you do not get.

I am not insinuating that such practices are in vogue in Omaha, and for the good of the profession I sincerely hope the stories to that effect are but rumors.

However, I would suggest to people contemplating having dental work done that they consider well the meaning of the word "cost" before finally selecting their dentist.

I have adopted a scale of prices which are considerably lower than dentists of equal skill charge for similar work,—prices which enable me to give you the best materials, the services of Dental Specialists, and make a modest profit without overcharging you.

My personal guarantee of satisfaction is part of the transaction.

SCIATICA SUFFERERS SOON RELIEVED

Peculiar, darting, piercing pain of neuralgia in sciatic nerve relieved by Sloan's Liniment

Don't think there's no help for your Sciatica because you've tried other remedies. Sloan's Liniment is so penetrating and effective, it gets right down and stops the pain by relieving the pressure on the irritated nerve. Probably some inflammation or congestion is causing this irritation. The counter-irritant effect of Sloan's Liniment soon quiets the nerve and stops its paroxysms of protesting pain. Simply bathe the aching part with a little Sloan's Liniment. This clear, clean liquid will not stain the skin. It gives you immediate relief without rubbing. The wear and tear of suffering from Sciatica, Neuralgia, Sprains, Bruises or other external aches not only makes you less able to endure the pain, but may have a weakening effect on your strength. You can always get Sloan's Liniment. Generous size bottles at druggists everywhere. 25c, 50c, \$1.00.

Sloan's Liniment KILLS PAIN

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves comes instantly. It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.—Advertisement.

An Instantaneous Wrinkle Remover

The average woman is always surprised to learn, after experimenting with all sorts of patent so-called "wrinkle removers," that the most effective remedy in the world is a simple face wash which she can make herself at home in a jiffy. She has only to get an ounce of pure powdered azoxite from her nearest druggist and dissolve it in half a pint of witch hazel. Apply this refreshing solution to the face every day for a while. The result is charming—marvelous. Even after the very first treatment the wrinkles show less plainly and the face has a nice, firm, comfortable feeling that is thoroughly delightful and lends self-confidence in one's appearance. This harmless home remedy is used by thousands of women to obliterate the unwelcome traces of time.—Advertisement.

Meat Cause of Lame Back and Kidney Trouble

Take a glass of Salts to flush Kidneys if your back is aching. Noted authority says Uric Acid from meat irritates the Bladder.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

Few Folks Have Gray Hair Now

Well-known local druggist says every body is using old-time recipe of Sage Tea and Sulphur. Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, first beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.
