BULGARS DESIRE TO BE INDEPENDENT

Representative Already Makes Showing Indicating Displeasure at Prospect of Playing Second Fiddle.

(By Associated Press.) Copenhagen, Oct. 20 .- A Bulgarian representative recently sought and obtained an opportunity in a neutral European capital to lay before the entente governments the special desires of his country with regard to a peace settlement and in a one-sided conversation explained Bulgarian aspirations to regain an independent political status as soon as the war was concluded and resume cordial relations with entente powers. As the case was presented, in short, the central European idea of an economic, league in which Bulgaria would play a comparatively minor role does not appeal to the Bulgarian mind.

Isl-Feeling Rampant.

Attempts also are being made to get before the public in America and in the entente countries a defense of Bulgaria's pretensions to Macedonia and the Dobrudia, the suggestion even being openly made from the Bulgarian side that Serbia should be compensated with Austrian territory from Bosnia and Herzegovina, a suggestion which is pointed to as illustrative of the attitude of many Bulgarians South Side Youth Hurt toward their own allies.

The correspondent has of late heard of considerable ill-feeling between the Bulgarians and their allies.

Complaints are made that Bulgarian divisions were compelled to march long distances on foot, while favored German troops rolled past them in trains, this favoritism exciting particular hitterness on the part of a select Bulgarian division from the capital.

how to tell a funny story.

"The Home of Satisfaction"

Satisfaction Guaranteed

USED CARS

The Murphy-O'Brien Auto Co. have adopted a new policy of selling used cars. A guarantee accompanies every Dodge Brothers and Paige car we sell. We assume responsibility for defective parts and give the purchaser every assurance of satisfaction. This is something new in the automobile industry—a most radical change from the policy employed by all dealers in used cars.

Heretofore the purchaser has assumed all the risk. He has had to depend on his own judgment, or "luck." He could never be sure he would not have a big repair bill tacked on to the original purchase price. We are going to change this. We are going to insure you—to guarantee you will be satisfied. We believe this is only fair—that the man who spends his money for a used car is entitled to the same attention and consideration that is given to the purchaser of a new car.

SEVEN DAYS' TRIAL

Come down and pick out your car. We'll tell you every-thing we know about it. Then try it for seven days. If, at the end of that time, you are in any way dissatisfied, bring the car back and every cent of your money will be cheerfully refunded.

That's all there is to it. There is no red tape.

In a week's time you will know whether the ear is as represented—and that is what the trial is for—to determine if you are satisfied. Then, as a further assurance of satisfac-

30-Day Mechanical Guarantee

We give, for a period of 30 days, the same guarantee as to the mechanical soundness of the used car that we give with new cars. Thus we assume all risk,

We believe the prospective purchaser of used cars will appreciate this new policy. We know we will derive a vast amount of satisfaction if we can say on December 31, 1917, "We know that everyone who has purchased a car, of any description, from the Murphy-O'Brien Co. is satisfied."

Come in and talk it over. Now is the logical time to purchase, as prices are low.
