

WATTLE NAMES COMMITTEE TO AID LICENSING

Concerns Handling Foodstuffs In Country Must Have Licenses After Nov. 1, Government Order.

In licensing concerns handling foodstuffs in the country the policy of the government will be to work through committees of men engaged in, and familiar with, the various lines of business to be licensed. This policy will welcome voluntary cooperation from those engaged in the various lines in handling the licensing matter. It is understood there is to be no license fee.

State Food Administrator G. W. Wattle has appointed his wholesale grocers and the food dealers' committee for Nebraska as follows:

W. H. McCord, McCord-Brady company, Omaha.

Charles H. Pickens, Paxton & Gallagher Co., Omaha.

Robert S. Trimble, Trimble Bros., Omaha.

W. W. Bingham, R. Bingham & Son, Omaha.

H. B. Grainger, Grainger Bros. Co., Lincoln.

John Donald, The Donald company, Grand Island.

E. K. Bradley, Bradley-Hughie company, Nebraska City.

J. W. Spirk, The Neligh Mills, Neligh.

E. S. Stevens, Beatrice.

John D. Fuller, Blackman & Fuller, Hastings.

Charles H. May, May Bros. company, Fremont.

Chauncey Abbott, Wells-Abbott-Nieman company, Schuyler.

E. Simmons, Great Western Sugar company, Scottsbluff.

All Must Be Licensed.

It was announced at Washington that all wholesale grocers and commission men must be licensed after November 1, regardless of volume of business.

Dealers in fundamental foodstuffs are required to make application at once for their licenses. Firms doing both a wholesale and a retail business will be required to take but one license to cover both branches.

An Omaha man has written the state food administration showing what he feared when he attempted to substitute graham or whole wheat flour for plain white flour. He says that while white flour could be bought for 6 cents a pound, when he attempted to buy graham to comply with the food pledge regulations he found the price raised to 8 1/3 cents a pound, with still higher prices being asked for the whole wheat flour. He asked that the situation be investigated.

Husband Is Yellow, Wife Tells Captain; Wants Him Drafted

A feminine voice called up the "Lucky Seventh" headquarters early yesterday morning.

"Can you draft my husband?" asked the voice.

"No, but we can enlist him," replied Captain Higginson.

"He won't enlist. He's too yellow," said the woman. "I want him drafted."

Learning the man was 30, Captain Higginson said he would probably be drafted soon, unless he had a dependent family.

"Oh, he's got two children. But he's no good to us, so we want him drafted," insisted the woman.

"Well, if you refuse to sign his exemption papers and say you can get along without him, he'll have to go," said the officer.

"Fine! I'll do that," said the woman happily, as she hung up.

Soldiers, Married, Having 2 Children, Get \$107.05 Month

A married man with two children can join the army and get \$107.50 a month now that the bill for dependents has gone through.

The amount is made up by his salary of \$30 a month, his board and clothes, estimated by the government at \$35 a month, and the \$42.50 a month which is allowed his wife for the support of herself and children.

In addition to this, the soldier can get life insurance for \$8 per \$1,000 a year, or at the rate of 67 cents a month. This would cost him \$36 per \$1,000 in a civil life insurance company. After he leaves service he can still keep up this insurance. If seriously injured he will draw a large pension for life.

McGuire Secures Eleven Straight Booze Verdicts

The eleventh consecutive conviction obtained by Special Prosecutor McGuire in bootlegging cases was recorded in law court, Judge Estelle presiding, when a jury found Marie Johnson guilty of illegal possession of liquor. John Dombrowski went on trial on the same charge Tuesday morning.

Only three cases have been dismissed since the present panel of jurors began hearing evidence. Two cases were dismissed because witnesses for the state disappeared at the last minute. One bootlegger turned state's evidence.

Special Prosecutor McGuire and Deputy County Attorney Ramsay are asking for jail sentences on all convictions in appeal liquor cases.

Few Contagious Disease Cases Reported For City

Health office records show the following contagious diseases in Omaha at this time:

Scarlet fever, eight; smallpox, six; diphtheria, one; infantile paralysis, none.

Quarantine on the last case of infantile paralysis was raised yesterday.

MOVIE FANS HOARD PENNIES FOR TAX

Two Tickets After Nov. 1; One For Show, Other For Uncle Sam; Exhibitors Meet.

Save your pennies, movie fans! After November 1 a 1-cent ticket will be sold with every dime admission and a 2-cent ticket with every 20-cent admission to the motion picture theaters.

This is because the new war tax will be in effect then. It is estimated that the tax will yield the government a \$67,000,000 war revenue from the movies and \$23,000,000 from other theaters annually.

Three hundred motion picture exhibitors and theater managers met at the Fontenelle to discuss ways and means of handling the 10 per cent war tax levied by the government on every theater-goer, based on the price paid for seats.

A committee from the convention visited George L. Loomis, collector of internal revenue in Omaha, early Tuesday for information regarding provisions of the law. After a conference a wire was sent to the department at Washington. Upon receipt of an answer interpreting the meaning of certain sections the movie men will make plans for co-operation with the government.

The point in question is whether two box offices will have to be maintained or whether two tickets, one for the admission and one for the tax, can be sold from the same window.

F. D. Eager of Lincoln, chairman of the convention, opened the morning session. Delegates convened again in the afternoon. H. M. Thomas, manager of the Strand theater, is secretary of the convention.

Denison Arrives to Aid Campaign For Army "Y" Funds

Secretary Denison of the Young Men's Christian association, home for a short time from Deming camp, where he is in charge of the Young Men's Christian association work, will be in Omaha for the next 30 days in connection with the campaign to raise \$35,000 for the work among American troops on this side and across the sea, for the work with the French army, the Italian army, the Russian army and prisoners of war.

A dinner will be given at the Commercial club Thursday evening at 8:15 o'clock for leading business men from all over the state, including Omaha. This meeting will be addressed by George Sherwood Eddy, associate general secretary of the international committee of the Young Men's Christian association, of which Dr. John R. Mott is general secretary. He has first hand information from the French front. Mrs. Eddy will speak to the women at the Young Women's Christian association at 6 o'clock.

"The associations are doing great work at the various camps and work that is appreciated by our soldier boys," said Mr. Denison. "We are providing many things the boys need as well as giving them a place where they may write letters home and are also providing them with amusements and sports."

Farm Loan Associations To Patronize Loan Bank

Federal farm loan associations in Iowa, eastern Nebraska and South Dakota will apply for loans from the Federal Farm Loan Bank of Omaha, averaging \$100,000 each in the next year, it is estimated at the Federal Farm Loan bank here.

March 1 is the common date of the expiration of farm loans in the states of Iowa, eastern Nebraska and South Dakota. In anticipation of the maturity of the loans of these farmers, the bankers, loan men, and farmers are taking an active interest in organizing associations under the terms of the Federal Farm Loan act.

Negro, Taken While Robbing House, Is Found Guilty

Joe Elmore of St. Louis, negro, was found guilty of breaking and entering by Judge Seay's court. The jury deliberated only 30 minutes. Elmore and Will A. Black, negro, were captured by police while robbing a house at 521 North Eighteenth street last August. Black pleaded guilty and was sentenced to from one to ten years in the penitentiary. Deputy County Attorney O'Sullivan prosecuted the case against Elmore.

Anthony Breaks Arm When Motorcycle and Auto Crash

Special Officer Fred C. Anthony, 2400 Cummins street, was thrown from his motorcycle and received bruises and a broken arm when his machine collided with an automobile delivery wagon at Thirteenth and Bancroft streets late Tuesday. He was taken to Wise Memorial hospital. A. J. Grieb, driver of the delivery wagon, was arrested and charged with reckless driving.

John L. Kennedy, coal administrator for Nebraska, has gone to Washington, having been called by Dr. Garfield for a conference.

Relief from Eczema

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

What Food Saving Involves

Sign the pledge and enroll as a member of the United States Food Administration, and you will be asked to do these things:

- Eat plenty, but wisely, and without waste.
 - Preach and practice the "gospel of the clean plate."
 - Buy less; cook no more than necessary; serve smaller portions.
 - Use local and seasonal supplies;— watch out for waste.
 - Whenever possible, use poultry, game and sea foods in place of beef, mutton and pork.
 - Use potatoes and other vegetables freely.
 - Save wheat by substituting, in part, corn meal and other cereal flours for wheat flour.
 - Save butter and lard. Use butter on the table, but substitute vegetable oils for cooking.
 - Save sugar. Use less candy and sweet drinks and less sugar in tea and coffee.
- "This is a duty of necessity, humanity and honor. As a free people we have elected to discharge this duty, not under autocratic decree, but without other restraint than the guidance of individual conscience."
- Herbert Hoover.

Schools Reflect War Spirit Teachers Make Lessons Easy

War-time activities are being emphasized in a practical way at Mason school, where Principal Martha W. Christianity leads a knitting class every Tuesday afternoon, after regular school hours.

Twenty teachers of this school are knitting sweaters for soldiers. They are working according to the plans of the Women's Service League. The sweaters will be sent to Fort Omaha. The first will be completed within a few weeks.

The manual training boys and girls are covering hot water bottles and making bedroom slippers for convalescents of the army and navy. Children taking art courses are making pretty booklets with art covers, containing verses and paragraphs of humor and sentiment.

School Rooms Show Change

Pupils from the bleak school rooms of days gone by would rub their eyes in bewilderment should they happen to enter the Castelar school.

From the chill blustery out doors a visitor yesterday stepped into the cheerful hall, which might have been that of a pleasant artistic home, except that the floors were uncarpeted.

On neutral tinted walls hang beautiful prints and engravings, while feathery ferns and flowering plants in the windows complete the homelike atmosphere.

School for pupils of this district is a pleasure and the aim of the principal and teachers is to make every day of the child's school life one for happy memories.

Literature is featured.

Literature is a subject much featured at Castelar school. Each grade takes an author or subject and fairly lives it for the whole semester. One grade is studying the King Arthur tales, another Greek mythology. A third devotes its literature period to Dickens, and another studies Japan.

It is easy to discover what each room is studying, for the children surround themselves with illustrations and decorations touching their subject. In the room where stories of cherry-blossom land are being learned, strings of gay butterflies are suspended from the ceiling. Japanese prints hang on the walls, and sprays of cherry blossoms, pretty Japanese pagodas and quaint little Japanese children are drawn and painted on every available inch of the walls and blackboards.

In another room, where Japan is studied, brilliant paper fans, made by the children, lanterns and a tea table make up the decorations.

In the King Arthur room the children have bought framed copies of

Connell Out With \$150 Offer; Follows Vaccination Talk

"I will give \$150 to any person who will show me one case of permanent injury resulting from 25,000 vaccinations applied in Omaha during 11 years of my service as health commissioner," said Health Commissioner Connell Tuesday.

He explained that he meant inoculations performed under the supervision of his department, and estimated there had been more than the number quoted.

"Before vaccination was started in the Philippines there were 6,000 deaths annually from smallpox; after vaccination was introduced, there were no deaths. If somebody will show me a substitute for vaccination, then I might give some attention to the protestations of anti-vaccinationists," he added.

The doctor's remarks were prompted by an address given Monday evening by a woman who is opposing vaccination.

Is Jam Same as Liquor? Puzzle for Police Judge

Can a man be fined for "illegal possession of intoxicating liquor" if he is caught with a half-gallon fruit jar containing a jam made of alcohol and fruit? Special Officer Franklyn arrested Fred Dworak, 1702 South Fifteenth street, at a dance hall at Twentieth and S street, Sunday evening, with a jar of jam. Monday morning Police Judge Fitzgerald set his case over until October 31 in order that the "jam" might be tested.

South Side police court has often been called upon to determine just what is "intoxicating liquor" and just when a man is drunk. In the cases where drunkenness is charged usually the officers testify "he staggered, your honor." And the almost-drunk nearly always pleads, "Why, judge, that's just the way I walk."

McCabe Church to Hold Joint Reception

Sure Way To Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

Reed Wants Land Case Tried in Lancaster County

Attorney General Reed, representing the state, argued before Judge Leslie, sitting in equity court, Tuesday morning objecting to the jurisdiction of Washington county district court in the ex rel case brought by Henry Rix against George L. Shumway, commissioners of lands and buildings, to compel him to execute a contract for the purchase of 400 acres of school lands in Washington county. The attorney general wants the case tried in Lancaster county district court.
