#### Delegates to Federation of Women's Clubs Meeting Here Dig Into Purses to Aid Liberty Loan.

"Woman's club work has become a profession. It is no longer an idle pastime. We must study and specialize to attain efficiency," Mrs. T. J. Gist of Falls City told 500 delegates to the Nebraska Federation of Women's Clubs convention in session at the Fontenelle. War burdens make a well-organized working body especially necessary, Mrs. Gist pointed out.

The federation will purchase \$300 worth of Liberty bonds, possibly more, the bonds to be credited to the endowment fund. Mrs. A. G. Peter-son of Aurora, chairman of the state women's Liberty bond committee, made a motion to this effect.

"But we haven't \$300 in our treas-y," protested Mrs. J. Rowan of ury," pro Alliance.

"That makes little difference. We'll soon raise it," replied the president, Mrs. J. N. Paul of St. Paul. Mrs. A. W. Fields of Lincoln ad-

vocated a dollar march, the delegates to contribute to the Liberty boud fund at the end of the morning session. If more than \$300 is raised, more bonds will be bought.

Red Cross work is being done by clubwomen in every district, the pres-idents reported. Mrs. Charles Humphrey of Falls City told of the work in the first district; Mrs. J. W. Welch, Benson, second; Mrs. S. F. Erskine, Norfolk, third; Mrs. La Chappell, Ashland, fourth; Mrs. C. Dunham, Eustis, fifth, and Mrs.

W. L. Tolbert, Kearney, sixth. Difficulties in financing the "Ne-braska Federation Bulletin," the club paper, were reported by Mrs. A. G. Peterson. The delegates voted unanimously to continue it.

"If necessary as a war economy, let us discontinue the district meetings and notify club women of state doings through the bulletin," advocated Mrs. Gist.

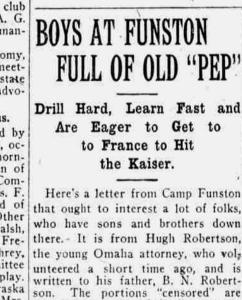

Interested in Health Conditions. The health department, headed by Mrs. K. R. J. Edholm of Omaha, occupied an important part of the morning session. Mrs. Alpha Morgan of Broken Bow spoke on "The Com-munity Visiting Nurse," and Mrs. F. A. Burnham of Arnold talked of "Big Work in Small Places." Other "Big Work in Small Places. Other speakers were Mrs. J. S. Walsh, Gothenburg; Mrs. J. C. Agee, Fre-mont, and Mrs. C. G. Humphrey, Falls City. The health committee has a baby health exhibit on display. Schelerschin trustees of the Nebraska Scholarship trustees of the Nebraska son. The portions "censored" are

In Nation-Wide Canning Contest

Young Girl Who Wins Prize

U. S. Food Administration Miss Helen Tew, of Washington, D. C., has been awarded check No. 1 for five dollars in the nation wide contest conducted by the National Emergency Food Garden Commission for the best canned vegetables grown in war gardens. The picture shows her in the uniform of the U.S. Food Admin-istration. The commission, of which Charles Lathrop Pack, the president of the American Forestry Association, is the head, is giving \$5.000 in prizes. apportioned to the various states, to promote food conservation, and hundreds of war garden exhibits all over the country are applying for this nation wide recognition of their work.

#### Families Report on Foodstuffs Used To Welfare Board

Twenty-six members of seven Omaha families eat on an average of

four eggs per person per week. That is one of the items of information shown in weekly food reports received today by the Board of Public Welfare, which was asked by the National Food Conservation department to obtain food statements from ten families for a stated period of seven days. Seven reports have been received.

In the case of eggs it is noted that one family of nine persons used no eggs during the week, while a family of five used 36 eggs in the same pe-

Thirty-five members of seven families ate 70 pounds of meat last week, an average of two pounds per person. The consumption of sugar averaged 11-5 pounds per person per week. Five members of one family used 30 pounds of potatoes during the week, while another family of six persons ate 121/2 pounds. The family of nine reported 6 pounds of butter and 11 pounds of sugar for the week.

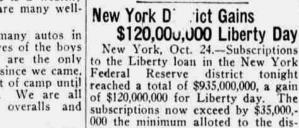

Mrs. R. M. Ohaus, superintendent of the Welfare board, will endeavor to summarize these reports in a way which will yield some valuable information for the government in connection with similar reports from other cities and towns.

#### **One-Minute** Store Talk

"I like good clothes too well to trade where the other kind can be had—combination good and bad," is the short and sweet way a clothing customer of ours put it the other day.

There's a world of thought in that little suggestion. No man need risk disappointment when guaranteed clothes satisfaction is within reach."

Why be content with less than greater Nebraska satisfaction?

# **Shrewd Men Are Buying Overcoats Now!** At \$15, \$20, \$25, \$30 Values that may never be duplicated again at these very low prices

OOK the situation in the face-As long as the war keeps up prices will

be up. So far we've been equipped to meet the issue. We've protected you with tremendous contracts, and the values we offer are unequaled in America today. That's the very reason it will repay every man to supply his needs and anticipate the future. Do it NOW!

Officers and Men of Mettle.

I have gotten along fine from the first. The officers of our company are all the finest sort of men, and of equally high caliber. . . . the drill ground my previous drill has helped. . . I understand our company is the picked men of the train, and that they intend making

in a week or so. In the army the medical corps is recognized as being a set of picked men, and it certainly appears to be here."

I expect you wonder what is the spirit of the drafted men who are here. I find that down in the main camp, to have the blues. And he is a big fellow, larger than I, who sits around

and looks down his nose.

#### Willing to Stick Now.

There has been a big change the last week or ten days. Shortly after we came I found that nearly ever man one ground or another, and felt that ceiving notice of denial, which stated he had ten days to appeal to the president, took the paper to our colonel

( a mighty fine fellow, but very

#### **TODAY'S BEAUTY TALK**

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist a package of canthrox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that al services will be held at 2 thoroughly dissolves and removes Sunday afternoon at the every bit of dandruff, excess oil and dirt. After rinsing, the hair dries quickly, with a fluffiness that makes makes arranging it a pleasure .- Adv.

We had some mighty hard drilling this week. Breakfast at 6 a. m. and shortly after, we march over the rocky hills about two miles to our parade grounds, where we drill till nearly noon, back again at 1.10, climbing hills at double time, then back to camp at 4:45. We walk, walk, walk all day long, but we are learning and learning fast, so they tell us, Well, I guess I'll have to ring off. and see the "aeroplane trip after the kaiser," that they are putting on here.

Love to all, HUGH C. SOBERTSON.

Paris, Oct. 23 .- Dr. Albert Dastre, a member of the academy of sciences and the academy of medicine and a noted physiologist, was killed today in an automobile accident.
