HUSKER BEAR DOPE GALORE FROM STEWART CAMP WHEN STARS GO ON HOSPITAL LIST

Ted Riddell Out of Game for Season, Due to Aggravation Of Old Injury; Kositzky on Invald List From Bad Smash; Otopalik Not Likely to Enter Michigan Game.

Lincoln, Oct. 24.—(Special)—Nebraska goes into the game at Ann Arbor next Saturday afternoon 25 percent weaker than at any time this season, Dr. E. J. Stewart, head coach of the Huskers, said today. Gloom hangs in thick globs around the Cornhusker camp, due to an increasing hospital list. Stewart says the Huskers have been hit a knockout blow by the old injury jinx, but some are inclined to believe the Husker center is simply pulling another of his foxy tricks. Riddell Out of It. Ted Riddell, regular end, aggravated an old injury during scrimmage last night and will be out of the game for the remainder of the season. Riddell's loss was a hard blow, but is not the most serious. Hubka has been playing a bangup game at end and could readily fill Riddell's shoes. Kositzky, one of the stellar performers in the line, however, will not be able to take part in the Cornhuskers' big battle next Saturday. Stewart said positively today, Kositzky is one of those stolid players who takes pride in the fact he has never been forced to leave a game because of injuries. He received a bad smash in the Notre Dame game and continued playing. Kositzky was so intent on keeping his injury from the coach that he did not report, but last night he was hurt again in practice and now it is too late to repair the damage. More Stars Laid Up. Otopalik, who was hurt in the Notre Dame game, is still laid up and Stewart has no hope of using him against Michigan. Then Shallenberg comes along with a bad Charley horse which has him completely out of it. Stewart says it's off—that his squad cannot hope to win in the fact of this hospital list, but will endeavor to keep the Yost eleven to the lowest possible score. Nebraska's warriors will have to battle without any vocal support. The plan to send the University of Ne-

braska band to Ann Arbor to furnish a little spirit on the side lines was nipped by Red Cross workers. At the start of the season the University of Nebraska voted to give all of the net proceeds of the football season to the Red Cross. It would cost approximately \$1,000 more to send the band to Michigan to provide a little backing for the Husker eleven, with Lincoln commercial organizations contributing a part of the funds. The Red Cross workers decided, however, that the fund needed the money worse than Nebraska needed another mark chalked up in the win column, so the powers that be at the university decided that the band should not go. Few Business Men Go. A slender following of business men will be the only rosters accompanying the Nebraska team on their invasion. The train leaves here Thursday afternoon at 6 o'clock and will arrive in Ann Arbor early Saturday morning. Stewart intends to exercise his squad liberally along the route. The Nebraska mentor will take along 25 men. Practice during the entire week has been behind closed doors. Sam Kellogg and Harold McMahon, two backfield stars, held out the game Saturday, have been working regularly during the week and, barring injuries, will actually start against Michigan. Dr. Stewart has assembled a nice assortment of plays for the entertainment of the Wolverines, but the Nebraska offense has not played the dashing game which it flashed in the earlier games because most of the backfield men are crippled. Michigan Plays Unsolved. The varsity has failed to do much with the Michigan plays which the school brought back from the game last Saturday. In spite of all the bear dope which Stewart has been exuding, betting in Lincoln has been in favor of the Huskers and there's quite a bunch of rooters down here who look for Nebraska to turn the trick.

Stecher and Hokuff Meet At Central City Tonight Joe Stecher and Big Bill Hokuff of Omaha clash tonight in a finish wrestling match at Central City, Neb. Hokuff has been training industriously for several weeks now and has reduced from 250 to 227 pounds. He believes his improved physical condition and his knowledge of Stecher's wrestling tactics give him a chance to dump the Dodge boy. Hokuff has wrestled Stecher half a dozen times and was Joe's training partner for several weeks. Cornhuskers Go Through Omaha on Way to Michigan Doc Stewart's Cornhuskers go through Omaha tonight on their way to Ann Arbor, where Saturday they tangle with Hurrup Yost's Wolverine eleven. The Huskers arrive over the Burlington at 6:10 and leave at 6:30. A number of local Nebraska followers plan to give the boys a sendoff at the depot. 3,000 AT FUNERAL OF "BOB" FITZSIMMONS

"Fought Final Fight as He Did His Ring Battles—With Indomitable Courage," Says Minister. Chicago, Oct. 24.—Robert Fitzsimmons, who died here last Monday after a week's illness of lobar pneumonia, was buried today at Grace-land cemetery. Funeral services for the former champion heavyweight pugilist were held in the Moody tabernacle, conducted by the Rev. Paul Rader, himself an athlete in his college days on the Pacific coast. More than 3,000 persons from all walks of life attended the services and filed by the bier at the close of the services. "This man fought many battles," Mr. Rader said, "and often the sweets of victory more tasted than he did the acid of defeat. But he never fought a greater fight than the one with himself which led to renunciation of the old for the new man. It took courage to face the contemptuous laugh, the sneer, the doubt cast on his sincerity until the big athlete submitted to baptism in the little Baptist churchman at Los Angeles. His baptism was the symbol of the casting off of the old man for the new. All the world despises a quitter; all the world admires a hero. Bob fought his final fight as he had fought his ring battles—with indomitable courage. The son of an Episcopal clergyman, his early training was never wholly forgotten and helped him in his final victory—that over death." From the career of the former pugilist the pastor urged his hearers to draw its lesson with special application to themselves.

American League Season Will Be Cut to 140 Games St. Louis, Mo., Oct. 24.—President Johnson of the American Base Ball league announced here today that next season the league schedule would be cut from 154 to 140 games. He said the season would begin about April 27 or May 1 and end the middle of September. "I have always thought that 154 games were too many," said Mr. Johnson. "Each year I have contended that 140 games was the ideal schedule, but as the sentiment among the magnates did not seem to favor my idea, I never pressed the point. The shortening next season is in no wise a war move, although I think the war provides a very good reason for inaugurating the plan. "Of course, details will have to be worked out at the annual league meeting in Chicago. I do not think the shortening of the schedule will entail a reduction in the player limit. "The new schedule of 140 games will enable the teams to get a later start to training camps, and this also will be a big factor, as it frequently has been too cold in the south to do much training when the teams arrive in February."

Omaha Gives Its Liberty Dollars For War Bonds

(Continued from Page One.) banking board at Lincoln, has sent a telegram to the state banks all over Nebraska urging them to do their full duty by subscribing for themselves and by urging their patrons to subscribe for Liberty loan bonds. Arrangements for the speaking engagements of General Leonard Wood of Camp Funston in Omaha Friday are going ahead daily. Military officers accompanying him while in Omaha will be Colonel Douglas Settle, commander at Fort Crook; Colonel F. A. Grant, depot quartermaster, Omaha; Lieutenant Colonel H. P. Hersey, in command at Fort Omaha, and Major Rainsford Hanney of the Royal British flying corps, stationed at Fort Omaha. The Omaha committee has received word that the selective service men at Camp Dodge in Iowa have subscribed a total of \$1,008,000, and that the 350th infantry has subscribed \$129,000. Easy to Buy Bonds. There is no reason why any employee of the Gayety theater need not have a Liberty bond among his treasures, as Manager Johnson has informed his big family that the theater will willingly arrange to have the bonds reserved for them. Already the orchestra-members at that house own almost \$1,100 worth of these g. t. edge securities and will probably buy more today. Twenty-four out of 27 employees of the Bertschky Manufacturing and Engineering company have subscribed for \$2,000 worth of Liberty bonds, or an average of \$80 each. The officers of the company have also made substantial subscriptions. The subscription of the Henslow hotel, \$2,600 was announced last night.

Zbyszko Denied Exemption On Ground of Exemption Saco, Me., Oct. 24.—The local exemption board today reaffirmed a decision by which it refused to exempt Wladek Syganiewicz, known as Zbyszko, the wrestler, from the selective draft. Zbyszko, who is now at Camp Devens, Ayer, Mass., claimed exemption on the ground that his mother and sister, living in Austria, were dependent upon him. After the local board had denied the claim a month ago Zbyszko appealed to the state board and to President Wilson. The president returned the case to the local board. Say Kerensky Connived With Kaiser Wilhelm

(Continued from Page One.) "With the formation of the preliminary parliament," he said, "the independence of the ruling power was confirmed officially. Russia is a republic, but its autocrat is Kerensky." He urged the workmen and soldiers' councils to be ready to fight for the powers to be handed over to them. He declared they would be able to save the country and make peace. The evening newspapers, which publish the program for the meeting of the central council of soldiers' and workmen's deputies on October 20, old style (November 2), are filled with rumors of a Bolshevik demonstration and an attempt to seize the government on that date. The program for the discussions of the council embraces five topics: The revolutionary democracy and its power; the conditions of peace; the constituent assembly; demobilization of the army and the fight against anarchy and pogroms. The Verchenee Vrmya says: "The soldiers' and workmen's deputies frankly admit that they are planning civil war." Minister of the Interior Nikitin, in a proclamation to all the commissaries throughout Russia, exhorts all classes of the population "to unite against the increasing anarchy, which is driving the country to ruin." The minister says that without such co-operation the government will hardly be able to keep order and prevent outrages.

Wheeler, Illinois food administrator, today was that they couldn't meet it. The list covered sugar, flour and potatoes. The grocers said they would like to put his prices into effect if he could tell them where to get flour and sugar at the prices he announced they should pay the wholesaler.

AMERICAN JACKIES READY FOR WINTER

Men On Destroyers of Flotilla Have Been Issued North Pole Clothing; Chasing the Subs.

(By Associated Press.) Base American Flotilla in British Water, Oct. 24.—All American destroyers and men are now prepared for the winter. Both have been equipped for the cold days ahead. The issue of winter clothing to the men has taken place and the fast little ships have been thoroughly overhauled and have had several "gadgets" added to their equipment such as gun shields for the men operating the guns, non-breakable glass windows for the bridges, more crows nests and extra life rafts. Thanks to the busy women at home who knit, many of the men have been provided with excellent sweaters, jerseys and socks. Now, however, an entirely new issue of extra heavy garments, designed by the British from their long experience on torpedo boats in the terrible weather off this coast, has been made. Here are some of the things, when donned, which will make the men look more like Arctic explorers than bluejackets: "Fifty Pounds" of Clothes. Helms, made of wool and covering all but the eyes, nose and mouth; light coat sweaters, jerseys and cardigan jackets, knitted mittens and gloves; extra heavy course underclothing; light weight woolen socks and knee-length knitted stockings, besides heavy, thick woolen socks for boots; leather sea boots; windproof khaki-colored trousers; great coats lined with lamb's wool and knitted mufflers. Over this clothing officers and men will continue to wear their kapok life jackets. Pillows and mattresses on board their ships are made of the same material. The men also had oilskin when they came over. The men face the coming hardships cheerfully. All they ask is that the folks at home do not forget them while they are facing the perils of fighting the submarine under the vastly new conditions of winter. Few of them have cruised in the gales that are peculiar to this coast, when sleet squalls are hourly affairs. U-Boat Danger Ever Present. As to whether the winter aids or hinders the U-boats is a matter of divided opinion among those in the British service who have had the experience of three winters. It is said that a comparison of the figures will show that there is not a great deal of difference in shipping losses between the summer and winter seasons. The long summer days which permit the U-boats to work long hours, also help the destroyers in detecting them. The dark stormy days of winter which enable the submarine to approach its prey with less chance of detection may also help the prey to escape and aid the destroyer in getting closer to the U-boat. But this winter there are new factors in favor of the anti-submarine forces and against their prey. The most important is the addition of the American ships. Next is the all around increase in effectiveness of the methods for dealing with the submarine problem. British and American experts here are confident that these measures will continue to show even more gratifying results in the winter months ahead.
