EASY TO SAVE FOOD IF ALL TAKE PART

Single Slice of Bread Each Day for Person for Year Means Thousands of Bushels of Wheat, Says Wattles.

"If every man, woman and child in Nebraska would save one slice of white bread every day for one year, 415,000 bushels of wheat would be conserved to feed our army and the allies. The whole United States would have 380,000,000 bushels of wheat," Gordon W. Wattles, federal food administrator, told delegates to the Nebraska Federation of Women's clubs at Wednesday evening's session of the convention at the Fontenelle. "The world is short 500,000,000 bushels of food products." "If this war is a long-drawn-out one, food will be more valuable than ammunition in deciding the victor," Mr. Wattles emphasized. "Eat things that can't be sent abroad. Save food. Don't waste any." "We need a revival of patriotism and self-sacrifice," said Mr. Wattles. "This country has grown too careless of its obligations."

Prof. C. W. Pugsley of the department of agricultural extension, University of Nebraska, also urged food conservation. Ex-Governor C. H. Aldrich of Lincoln made a patriotic address. "Buy Liberty bonds," he urged. "They are the kind of munitions in which to invest in order that democracy shall live. Germany will go down to defeat because it does not recognize the rights of democracy. Might does not make right. Democracy stands for the individual. Autocracy to crush the individual." The Nebraska Federation bought \$1,100 worth of Liberty bonds Wednesday. Mrs. J. N. Paul, state president, bought \$1,000; Mrs. W. E. Barkley, state suffrage president, \$1,000; and \$350 was purchased for the endowment fund. The rest was subscribed by members.

Miss Hanna to Dance. Mrs. William Steele of Sedalia, Mo., general federation chairman of music, who was to take part in the program, has suffered a nervous breakdown, according to a telegram received by Mrs. John Haarmann. Miss Claire Virginia Hanna will give a program of aesthetic dances Thursday evening. She will interpret the Pavlova Gavotte.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any drugist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. The E. W. Rose Co., Cleveland, O.

ARMY WANTS FOUR MORE SALESMEN

Two Who Have Been at Work Have Made Success and More Will Be Given Trial.

Four more real salesmen are wanted by the recruiting office in the army building to sell goods for Uncle Sam. The "goods" include new khaki uniforms and guns, but they will be given free—with a blessing—to the young men the salesmen persuade to enlist in the army. Last week Major Frith sent out a call for salesmen to enlist and give their services in recruiting, at a salary of \$100 a month, besides clothing and medical attendance. A large number applied and the two selected have done such good work that it has been decided to take in four more. Thomas Crawford of South Omaha was one of the two selected last week and already he has brought in a number of volunteers.

Changes at Supply Depot.

A general upheaval is going on at the Omaha supply depot. New officers are being brought in and ones who thought themselves stationary are being sent anywhere the government considers them most needed. Captain Philip Cantlon, supply officer, has been ordered to Camp Joseph E. Johnston, near Jacksonville, Fla., where he will be instructor in the training camp. His place will be taken by Captain Farnby, who has been in charge of the shipping department at the depot. Major Walter Stern of the officers' reserve will come from Milwaukee to take the place vacated by Captain Farnby at the depot. Major Stern is a wealthy flour manufacturer of Milwaukee who has given up his business to place his services at the disposal of the government during the war.

Discoverer of Finger Print Identification Dies

London, Oct. 25.—Sir William James Herschel, discoverer and developer of the system of identification by finger prints, died yesterday.

MUNGER EXPLAINS RECENT DECISION

Says the Labor Unions May Resort to Anything Not Violation of Law, Or Rights of Others.

Deputy Attorney General Alfred C. Munger, office in the Omaha labor union injunction cases, makes the following statement in reference to Judge Leslie's decision: "There seems to have been some misapprehension as to the meaning of Judge Leslie's decision in the labor injunction case. It has been assumed by some, and given some publicity, that this opinion reversed a former opinion of the district court declaring so-called 'peaceful picketing' to be unlawful. "This is not the case. The present opinion states that labor unions, in attempting to persuade nonunion men to leave their work, may resort to anything that is not in violation of law or the lawful rights of others." The Princess theater case decided that so-called 'peaceful picketing,' when it constitutes intimidation by mere numbers, even though there be no actual violence or oral threats, is unlawful. Under this decision there is the same limitation upon extremes of 'peaceful picketing' that was established in the Princess theater case. "This statement is made in order to avoid any misunderstanding on the part of union members, as it is the intention of this office to enforce the law as interpreted in these decisions."

Corn Pain Stopped Quick

Corns Lift Right Off With "Gets-It" Blessed relief from corn pains is simple as A B C with "Gets-It." When you've been limping around for days trying to get away from a heart-drilling corn or bumpy callus, and everything you've tried has only made it worse, and then you put some "Gets-It" on and the pain ceases right away, and the corn peels right off like a banana skin—"ain't it a grand and heavenly feeling!" "Gets-It" has revolutionized the corn history of the world. Millions use it and it never fails. Ladies wear smaller shoes and have pain-free feet. We old fellows and young fellows forget our toes and feel frisky as colts. Everybody with a corn or callus needs "Gets-It." We will all walk about and enjoy ourselves as we did without corns. Get a bottle today from your druggist, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill., 25c is all you need to pay. Sold in Omaha and recommended as the world's best corn remedy by Sherman & McConnell Drug Co. Stores.—Advertisement.

Girl Drinks Poison When Letters From Man Are Withheld

Anna Wilczsky, 18 years old, tried to solve her life problem yesterday by drinking carbolic acid. The empty phial was found on the dresser in her room at the home of Mrs. C. L. Williams, a practical nurse, who conducts a private hospital at 1517 South Twenty-sixth street. Anna is a ward of the juvenile court and was taken from her parents three years ago following their estrangement. Since that time she has been employed as maid at the Williams home. Last spring, according to Mrs. Williams, a repair man who came to the home met Anna and has since been corresponding with her. The man is a total stranger to the girl, says Mrs. Williams, and because his letters have been withheld from her, she procured the carbolic acid and drank it. Police Surgeon Bongardt said she would recover.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.
