

GERMANY FOSTERS TROUBLES IN ITALY

Northcliffe Says Teutons Trying to Knock Italians Out of War; Responsible for Internal Difficulties.

(By Associated Press.) St. Louis, Oct. 27.—Lord Northcliffe, head of the British war mission in the United States, in an address before the St. Louis Chamber of Commerce today said the Austro-German offensive against Italy is a desperate attempt to "knock Italy out of the war" and that "disturbances in Italy are being fomented by Germany."

"I believe there will be desperate fighting on the Italian front in the next few weeks," said Lord Northcliffe. "The most serious point in the war news today is that the Germans are attacking the Italian front for the first time. The German communique today speaks of 'Austro-German troops.' It is evident they are trying to put Italy out of the war."

"If I were a Prussian, I would think I had won the war. We know they are preparing the occupied country for permanent residence. Our duty is to see that they do not do this. Nations wake very slowly to war conditions. The first indication of a shortage in England was in candy for the young women. I find the same thing in this country. In New York the women are trembling for candy. There is a sugar shortage, though to see all the candy piled in the windows of candy stores, one would not think so."

"We have no real shortage, because we have been compelled to reduce consumption of almost everything, and I will say that it seems to have improved the health of the people."

Russ Soldiers Oppose the Council Meeting of Nov. 1

Petrograd, Oct. 27.—Russian soldiers on the southern front are petitioning their councils against the plan for a meeting of the central council of soldiers' and workmen's deputies in Petrograd on November 1. They declare the meeting of the constituent assembly should be awaited. Leon Trotsky, president of the executive committee of the Petrograd council of soldiers' and workmen's deputies, declared the soldiers' and workmen's organization hitherto had contented itself with a defensive attitude against the provisional government, but that it now must take the offensive. He accused the government of planning to leave Petrograd at a moment of peril.

"The soldiers' and workmen's deputies will not leave," he concluded. "They will fight it necessary to the very death in Petrograd, the heart of the revolution."

Railway Exchange New Name For Range Block

Beginning November 1 the Range block, Fifteenth and Harney streets, will be known as the Railway Exchange building. That name has been decided upon by officials of railroads having offices in it and approved by the owner.

The Railway exchange will house the passenger and freight departments of the Milwaukee, Rock Island and Great Western, with the Wabash, Denver & Rio Grande and Missouri Pacific coming in later.

Illinois Central officials expect to move into the Railway exchange next year, to be followed later by the Northwestern and the Union Pacific probably.

Wheatless and Meatless Days Are Set for Iowa

Burlington, Ia., Oct. 26.—J. F. Deems, federal food administrator for Iowa, today designated Tuesday as meatless day and Wednesday as wheatless day, and makes an appeal for a strict observance of the designation throughout the state as a basic observance of food conservation in Iowa.

Post Officers at Ft. Leavenworth Stage Sham Battle in Bond Drive

Fort Leavenworth, Kan., Oct. 27.—(Special Telegram.)—A spectacular sham battle was staged at Fort Leavenworth tonight. An actual war problem involving the landing of soldiers in the enemy's territory after crossing Merritt lake on pontoons was carried out by hundreds of troops. Trench warfare and the use of barrage fire was simulated, and the entire spectacle was as nearly like the present fighting in Europe as is practical. The post officers have arranged the exhibition of modern warfare for its patriotic effect. Thousands of persons came for the event. The movement of troops on land and pontoons on the lake was rendered visible by gigantic flares, searchlights and signal rockets. Trenches were made prominent by the erection of white barricades in front of them, and every means was used to make the clash between the opposing armies as spectacular as possible.

Two Years Not Too Long for U. S. Forces To Train for Front

St. Louis, Oct. 27.—Hamilton Fyfe, war correspondent for the Northcliffe newspapers, a member of Lord Northcliffe's party, speaking today at a local club, declared that from what he had seen at the front, the American army would do very well if it were ready to take the field after two years' training. "I have been called a pessimist for expressing this opinion," he said. "But I believe it is much better to try to see things as they are than to indulge in false hopes. The German nation prepared for fifty years to win this war and they have not won it yet. Every defeat that the British and French have suffered on the western front has been due to unpreparedness. On the other hand the great victory on the Somme last year and the great drive which General Petain is making now were made possible by extensive preparation."

American naval officers was given last night by Dr. Baltasar Brun, the foreign minister. It was attended by President Viera.

6% IS PERMANENT

You will get 6% on Home Builders' shares issued to you as long as you keep them. 6% on \$1,000 is \$60 per annum or \$600 for ten years. Consider what you can do with such a sum in ten years from now.

You can order shares at \$1 each in any number and convert them to cash on short notice when you need the money.

Ask Yourself About The Hudson Super-Six

Consider its Value Now in Face of Recent Price Advances of 51 Cars.

Suppose you look at the importance of buying a Hudson Super-Six now in this way:

Its present price is based upon the material costs of last year. When supplies from which the present production is built is exhausted, then the price of the car must be advanced. By taking your Super-Six now you save an amount equal to whatever increase will later be made in the selling price.

You have no such opportunity with other wanted cars. Their prices have already been increased. More than fifty makers have advanced prices within the past two months. It has entirely rearranged automobile values.

Cars which have always sold in the \$1,200 and \$1,300 class are now listed to sell at about the present price of the Hudson Super-Six. Cars which sold at a trifle more than the Super-Six have been advanced so much that they

are now in the \$2,000 and \$2,500 classes.

The situation of the Hudson is unique. Its value cannot be compared to any other car on the usual basis of price. The increases which have been made in the prices of other cars has been equal to reducing the price of the Hudson by \$200 to \$300.

Prompt action in buying now means a saving to all purchasers. Hundreds realizing that fact are buying now. Hudson sales, therefore, are now at their highest point. We have already exhausted our allotments of certain models. The factory has notified us that we are to receive only a definite number of cars at present prices. On the more important and staple models we are given the final shipping dates of our last cars. Production on at least two models will be completed within two weeks. If you want to save, now is the time to act.

Catarrh Sufferers

The Most Astonishing, the Most Successful Home Treatment Ever Discovered for Nasal, Bronchial, Throat, Stomach, Bladder and Other Symptoms of Systemic Hypersecretions of the Mucous Membrane.

A TRIAL TREATMENT OF THIS REMARKABLE DISCOVERY FREE TO ALL WHO WRITE

There is absolutely no other way to overcome Catarrh except by home self-treatment. You have positively got to apply the treatment yourself. With this important fact in mind, C. E. Gauss, of Marshall, Mich., has perfected the most remarkable combination treatment ever discovered. Having cured completely hundreds of his friends, neighbors and others, he now offers to send free to all a trial treatment direct to your home. It is enough of a treatment to convince. It gives positive relief. You realize the relief. You are conscious of it. This is one of the most important discoveries ever made, for it is a fact that nine people in ten have Catarrh, but do not realize how badly they have it.

A Mouth of Corruption

Catarrh is the One Disease that is not imagination. The hawking, spitting, sneezing, wheezing, snuffling, blowing and gagging are not a habit, these distressing and offensive efforts to gain relief are not stopped by a mere command of the mind. No amount of will power, however determined, can cure Catarrh.

It requires help to overcome a disease that although local in character may and often does permeate the entire system. For, although you know you have catarrh, you do not know how badly you have it. You may have what you believe is only Nasal Catarrh, but soon you will be a threat to your general health.

Here is a sensible, rational, home self-treatment, just as effective, just as searching, just as penetrating, no cleaning, no purifying as could be had from any source, even if you paid a hundred times as much.

A nose that dribs with mucus is an indication of disease. A breath tainted with the odor of catarrh is an offense against all health and decency. A stomach filled with droppings from diseased nasal cavities may cause untold misery. The bowels clogged with strings ofropy mucus indicates a body literally reeking with catarrh. With millions of the blood, carrying with millions of catarrh germs, entails upon the kidneys a labor that may break them down; the lungs and bronchial tubes, accorged with destructive influence of systemic catarrh, can lead to the most serious consequences.

where? Thousands are seeking braces, tonics, strong drugs and other poisons for relief when their trouble is catarrh and nothing else. And when you realize that the whole body is a vast emptying ground for the myriad of poison germs hatched every second in the small space back of the nostrils, can you wonder that 50,000 free trial treatments will not begin to supply the

of stopped-up noses, constantly hawking and spitting, nasal discharge, snoring, bad breath, frequent colds, difficult breathing, smothering sensation in dreams, sudden fits of sneezing, dry mucus in nose, chunks heaving at soft palate, and other symptoms too numerous to mention. Simply clip, sign and mail coupon. Do it now.

The Trouble Begins Here

In the upper nasal cavity the catarrhal mucus collects and either runs out through the nostrils or dropping down it hardens and forms in chunks or long strings just where the soft palate or uvula is located.

The Trouble Gets Worse

It then drops down the throat with food or drink and creates a condition wrongly diagnosed as indigestion and stomach trouble.

You Can Never Tell What Serious Trouble Catarrh May Develop

From the stomach it mixes with all food and enters the blood to call upon the entire system to get rid of it. Gauss' Combined Method acts in all these stages from the nasal cavities to the throat, stomach, intestines, the blood, liver, breathing apparatus, bowels, kidneys, bladder and skin. It is the most comprehensive treatment ever discovered.

It Will Pay You to Send Coupon Today

C. E. GAUSS, Main Street, Marshall, Mich. If your New Combined Treatment will relieve my Catarrh and bring me health and good spirits again, I am willing to be shown. So without cost or obligation to me, send, fully prepaid, the Free Treatment, with full directions for using. Name..... Address.....

Will Power is Useless

You know from experience that you cannot cure catarrh by forgetting it. But you can learn from a positive demonstration how to cure catarrh with this combined treatment.

This is an educational move on my part. I want everyone to try my treatment. I ask no money, no questions. I have but the one remedy, a discovery that is worth your while to send for, whether you are a millionaire or a worker by the day. Catarrh is no respecter of persons. It undermines the poor and the rich alike. This free trial treatment proves that it goes to the root
