FORT OMAHA SOLDIERS TO **BATTLE NONPAREILS THIRD** TIME AT MELADY MEADOW

Belloon School Eleven and Local Champions to Stage Rubber Conflict This Afternoon; Nonpareils Win First Game, 15 to 0; Soldiers Win Second, 13 to 0.

By FRANK QUIGLEY.

In all probability the stands will be chucked at Melady's Meadow, Twenty-fourth and Vinton streets this afternoon, when the soldiers from Fort Omaha and the Nonpareils, champions of Omaha, clash to decide the foot ball supremacy between these two fast contingents.

Foot ball fans who have seen the? Foot ball fans who have seen the soldiers in action, know that they are EVERS MAY GO TO well drilled and look like a university team in atcion. Well, why shouldn't they? They practice foot ball under a competent coach four hours each day and the team will tip the beams for an average of 175 pounds. Approximately 2,000 men are now sta-tioned at Fort Omaha and it is a cinch that a team which could make a crediable showing for most any university ought to be picked from this large congregation of men.

The Nonpareils have the best material available around this neck of squads. The first battle resulted in a victory for the Nonpareils, score, 15 to 0, and the Soldiers copped the second game, score, 13 to 0.

Harry Williams, professional base ball player of repute, and a foot ball fullback with some rep, will be seen with the Nonpareils and Marty Flanagan and Earl Hasson, formerly star half backs at Creighton, are playing with the Nonpareils. Undoubtedly the biggest crowd of the season will witness this stellar independent foot ball event. The contest will start at

Reports From East Indicate Trojan Will Wind Up His **Career** in the Johnson Circuit.

Much speculation is being indulged in as to the future of Johnny Evers the woods and if defeated, lack of practice will be the reason. This will be the third game between these two be the third game between these two in base ball. John of Troy, who was gave him a fat long-time contract besides, is done as a player and admits it. But he wants to continue in the

game as a manager and recent moves he had made indicate that he would like to transfer his services to the American league. During the world's series he was in the company of American league men at all times and he seemed much pleased when he was mentioned as a possible manager of some American league team, the Yankees and the Red Sox being specified by the rumor mongers.

The Phillies won't retain Evers.

He proved a disappointment as a player when the Quaker City club took him off the hands of the Braves last summer and Philadelphia fans never warmed up to him. But if Evers is done as an active player, the brain and spirit that made him one of the game's greatest are still as

prime as ever and many predictions are made that he still will be a big factor in some club's success. Stormy Career on Diamond.

Chicago, Nov. 4 .- Although preparation for the big scrap overseas is the main business of the men in training at army and navy camps near Chicago, Waiting for a chance to get into the fracas in France gets tiresome to many of the boys in camp, and boxing has come to the fore as the most effective means of working off surplus "pep." Under direction of Lewis Omer, for-

mer athletic director at Northwestern university, boxing shows are being held regularly at Camp Grant, Rock-ford, and some high-cass exhibitions of mitt-wielding are being staged. Several boxers well known in the middle west are in training at Camp Grant and a lot of the lads who never loxed before have shown ability that indicates a champion or two may ome day come out of the army.

Among the scappers in training at Camp Grant is Danny Goodinan, who was popular in middle west boxing circles a few years ago. Goodman lias participated in several scraps at the camp lately and, although facing preen opponents, has flashed considtrable of his old-time class.

"Rabbit" Hedlin, also well known as a willing little performer in the hempen square, is learning the art of kaiser fighting, too, but has found ime to step a few fast rounds in the

BALL PLAYERS GO IN FOR SHOOTING

Many Stars of Big League Diamond Drop Bats For Shotguns As the Winter Season Approaches.

With the base ball season over and the paraphernalia stowed away for the winter the knights of the diamond show interest in other pastimes. The great majority of major league players devote that off season to recreation as they see it-for to them base ball is work.

A great many of the star ball tossers of the American and National leagues are excellent shots with the trapgun and devote considerable time to shooting in the field and at the traps during the five months that the pay check doesn't flitter in with their mail.

Chief Bender, whose remarkable pitching with the Phillies the last season is still the sensation wherever base ball is discussed, is one of the best trapshots in this dear old land of ours, and the Chippewa may be located at the Beideman club traps in Camden, N. J., several afternoons of each week.

Bender, with Harry Davis, captain of the Athletics; Christy Mathewson, manager of the Cincinnati Reds, and Otis Crandall, now hurling in the Pacific Coast league, toured the country several years ago as a trapshooting squad and their performances awakened the interest of other ball players to the sport. Grover Cleveland Alexander, who

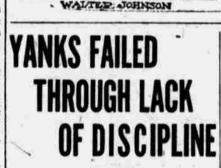

has turned in 30 victories in each of the last three years for the Phillies, the last three years for the Phillies, is another who is an excellent shot, and he paired off with Bender in a number of matches last spring. Billy Killifer, Alexander's battery mate, and Oscar Dugey, who is also on the Phils' pay roll, are pretty nifty in the breaking of elay targets. Joe Bush, the veteran hurler of the Mackmen, is another, and is guite

But John broke in all right. What he lacked in weight and physique he made up for in brains. While always "joy club" never gets anywhere successful on the diamond, Evers was unfortunate in business matters. He dropped a lot of money in various ventures, and it is likely that when he joined the Boston club he had very little left to show for his many years

of labor in Chicago. Joe Tinker had planned to make Evers a Federal leaguer. Joe landed in soft with Charley Weeghman, and it was his plan to have Evers made the manager of the Brooklyn Federal league club when the Wards finally decided to break into base ball. Charley Murphy was putting the skids under Evers, as the manager of the Cubs, at that time, and it looked as if Tinker would surely coax Evers

and Coyne fell on the ball. A pass from Mullholland to Leahy netted 10 yards, and Leahy kept on going for 15 more. Mullholland tore around right end for 10 yards, and on the next play Leahy struggled eight yards through the line for another touchdown, with three Wesleyanites clinging to his stalwart frame. Campbell nonchalantly kicked goal.
