Invitations have been issued by Mr. and Mrs. P. H. Clark for the marriage of their daughter, Maude, to Harry Allan Searle, jr. The wedding is to take place Wednesday evening, November 14, at the home of the bride's parents, 310 Park avenue. A number of delightful entertainments have been given for Miss Clark, among them the luncheon given by Mrs. Harold Smith on Monday, the tea by Mrs. Brown Cessena on Thursday, and the theater party by Miss Katherine Keeline at the Boyd on Saturday.

Miss Gray has been guest of honor at a number of entertainments this week. Mrs. G. F. Spooner entertained at an Orpheum party for her Monday, Tuesday Mrs. F. J. Miss Doris Lindsay entertained a number of her little friends at a Halloween party on Monday evening at her home on East Pierce street. The Young Men's Christian association, the Young Women's Christian association and the young people's organizations combined to give one of the most successful parties in many years in their celebration of Halloween on Tuesday night. The guests met at the Young Men's Christian association and were hospitably introduced into the trenches, where terrible devils chased them. After finally escaping from the awful place they were escorted to the Presbyterian church, where they were presented with such delightful souvenirs as dead rats, cats, snakes and the hands of dead men. The congregational church offered all sorts of weird surprises as the pedestrians made their way over the rocky road, which wound from basement to attic. At the Baptist church they opened the tombs, that all might see and converse with the dead and learn of their fate and the punishment that awaits the evil doer. Having survived all these dreadful experiences the weary travelers were rewarded by a sumptuous feast at the Young Women's Christian association.

The members of the R. E. M. club and their guests were the guests of Mrs. C. E. Test Wednesday evening. To Help Nature Shed a Bad Complexion Beauty devotees are enthusiastic over the beautifying qualities of the new "Vaseline" cream. Nothing discovered within recent years accomplishes so much, so quickly, without harm, at such small expense. The principle reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding complexion defects, it removes them. It restores the skin to its natural, healthy, glowing state, and never irritates, reddens, or causes any other trouble. It is Nature's way of renewing complexion.

When the natural process is retarded because of deficient circulation or nerve tone, mercurized was comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercurized wax, get an ounce of it at the drug store, use at night like cold cream, washing it off in the morning.—Advertisement.

Forces Big Hair Growth In a Month

A Powerful Secret Not Generally Known is Given by the Screen Star, VALESKA SURATT.

BY VALESKA SURATT It is certainly a pity that more women have not known the wonders that can be accomplished by the application, once a day, of the following oilless exquisite hair "forcer." It takes but a few moments to use, and it does not interfere with hair-dressing in the least. Get from your drug-gist one ounce of beta-quinol, and mix it with a pint of bay rum, or one-half pint of water and alcohol. Short, thin hair will grow out with wonderful profusion and vigor, and thin spots will quickly fill out. It will not fall.

MISS G. H. K.—Blackheads can be removed in a few moments, even while you are engaged in your toilet. And to think you have been years trying to get rid of these embarrassing blackheads! On a hot wet cloth sprinkle some powdered norexin, which you can get at any drug store for fifty cents, and rub this over the affected skin. You will find the blackheads will be entirely gone in a few moments.

DEE DEE—Talk about shampoo! Just dissolve a teaspoonful of eggol in half a cup of water, and use as a head-wash. You will be surprised at the remarkable cleanliness of your scalp and the glossiness of your hair, as a result. For twenty-five cents you can get at the drug store enough eggol to last for many weeks.

MISS J. M. K.—There are no words in the English language that can describe the wonderful difference produced on the skin by my complexion formula. It is positively "touching," and it doesn't matter how bad the complexion, it will always work. Try it. Mix two tablespoonfuls of glycerine and one ounce of aintone in a pint of water.

MILDRED S.—The following wrinkle formula is worth a fortune to any woman. You can make it at home in a few moments, and it costs less than any wrinkle treatment you can get at the stores already prepared. Ask your druggist for a two-ounce package of epol, and mix this with two tablespoonfuls of glycerine in half a pint of water. The skin will grow more plump, and deep lines, crow's feet and other large and small wrinkles will gradually fill out and vanish. If you never do anything else on your face, this formula, and you will never regret it.

EUNICE Y.—You certainly should have been able to get at the drug store the beta-quinol for the hair, and the epol for wrinkles. However, if you will send fifty cents, which is the price of either one, addressing "Secretary to Valeska Suratt," Thompson Building, Chicago," it will be sent to you at once by mail.

MISS E. L. R.—Yes, most face powders are chalky. It's just the reason why I have my own face powder made after my own formula. It is almost invisible, giving a natural bloom to the skin you never experienced before. It is now sold in drug stores as "Valeska Suratt Face Powder." In white, flesh and brunette, at fifty cents a box.

CORA B. Y.—That is something I can't promise. However, if anything in this world can develop the bust, this formula certainly will do it. Mix two ounces of ruceton and half a cup of sugar in a pint of water. Take two teaspoonfuls after each meal and on retiring. This formula has done marvels for a good many.—Advertisement.
