

ALL WANT TO SHIP POTATOES AT ONCE

Spens Says Burlington Doing All Possible to Help Out the Growers of the State.

Conrad Spens, vice president of the Burlington, in charge of traffic, with headquarters in Chicago, is in town, enroute east from Denver. Relative to the movement of the potatoes from Nebraska, Wyoming and Colorado, Mr. Spens says:

"The Burlington is doing the best it can to help the farmers and potato growers in the movement of the crop. It is impossible to supply a sufficient number of refrigerator cars to handle the potatoes and apples at this time, due largely to the fact that the crop is large and then, seemingly, all of the growers appear to be anxious to move their output at this particular time, something that is absolutely impossible. Cars are not available, and if they were, at the loading stations the facilities are not adequate to handle the rush business that comes so suddenly.

"In many localities farmers have been short of help, and consequently this fact has delayed getting the potatoes and apples to the points of shipment. "While we are short on refrigerator cars, we have kept our territory supplied as well as we could with good, serviceable box cars for shipping out the produce. These cars have been lined, thus making them warm, and in addition we have permitted the installation of stoves in which fires have been built, keeping the vegetables and fruit from freezing. These stoves are supplied at the expense of the shippers, but they are returned to point of origin of consignment free of cost."

Hit Me and You Hit Uncle Sam, Leet Tells Watchman

"Hit me and you hit Uncle Sam," thus William A. (Billy) Leet, sportsman of Omaha and Manning, Ia., is reported to have sternly admonished John McArdle, 75-year-old watchman at a greenhouse at Fortieth and Mason streets owned by J. D. Falkner, when the watchman exhorted Billy because Billy was using the top of the greenhouse for a tight rope.

According to Falkner, the watchman discovered Leet on top of the greenhouse. He was hatless and attired in a long leather coat. McArdle ordered Leet to come to earth. This Leet did and then attempted to gain entrance to the office in which McArdle had barricaded himself after telephoning police.

Unable to break into the office, Leet, Falkner said, thrust his knee through one dollar's worth of window. He withdrew from this window only to insert his head through another dollar's worth of glass. Before further damage was done police arrived on the scene and took Leet into custody.

In police court Judge Madden fined Leet \$15 and costs upon his promise to repair the damage.

Soldier Tells How Boys in Camp Appreciate Sweaters

Uncle Sam's boys at Camp Dodge, Iowa, are enjoying sweaters sent to them by a group of Omaha Red Cross workers. One Omaha woman has received an appreciation that makes her proud to have done her "bit." From private William F. Lynch to Mrs. Elizabeth E. Morrill: "The government at Camp Dodge, Iowa, has furnished us some of the Red Cross sweaters, and when I got mine your name and address was on it, and I want to thank you a thousand times for it. I surely appreciate something like that, especially now since the weather has become so cold. I often wonder what we would have done if it had not been for the women working so hard to help us, and there are sure some of them that need help. I think we will be here most of this winter, and if we are we will need some of those wonderful sweaters."

Jury Takes Auto Spin in Dodder Insurance Hearing

Delia L. Dodder, wife of the late Edward L. Dodder, who was found shot through the head in his electric coupe on a road north of Florence last January, is suing the Aetna Insurance company for \$10,000 on his insurance policy in district court. The jury in the case left the court room for a 12-mile spin by automobile to the place where Dodder was found dead in his machine. Some question is raised as to whether death was the result of suicide.

Mr. Dodder was the owner of the Dodder undertaking establishment, and was grand treasurer of the Ancient Order of United Workmen. The suit by his wife is brought on one of the three insurance policies on which payment has been withheld on the grounds that Dodder committed suicide.

Northwestern Makes Hard Drive on the Potato Crop

One hundred and fifty refrigerator cars have been dispatched to western Nebraska potato fields by the Northwestern. The movement of cars west, where potatoes are reported to be rotting on station platforms for want of transportation facilities to Omaha and eastern points, came as the result of a direct appeal to Washington by Administrator Wattles.

General Manager Walters of the Northwestern, in advising Mr. Wattles of the movement, declared the road will make every effort to keep the spuds moving before a hard freeze sets in.

Push Work on New Hotel With All Possible Haste

No building now being erected in Omaha is attracting so much attention by the speed with which the work is going forward as the Conant hotel on the site of the old Schlitz hotel at Sixteenth and Harney streets. The contractors have completed the concrete skeleton of the full 10 stories and the roof is being placed. At the same time the brick and terra cotta finish on the south side is climbing roofward constantly and has been completed to the fourth story.

Auditorium Takes in \$2,500. The receipts of the Mundy Auditorium during October were \$2,028.

OMAHA SOPRANO ACCEPTS ENGAGEMENT IN EAST

Helen Rahn

Miss Helene Rahn, coloratura soprano, leaves for New York to accept an engagement with a concert company on the Keith vaudeville circuit. Miss Rahn is a pupil of Walter B. Graham and has filled positions as soloist in both the Hanscom Park Methodist and Dundee Presbyterian churches.

ALL MEN OF FOURTH BOARD ACCEPTED

Draft Men Make Fine Showing At Funston, Where Only One Man is Rejected.

The report of men accepted from the first two detachments sent to Camp Funston came yesterday to the Fourth district local board.

Out of 130 men but one was sent back after several severe physical examinations of the camp physicians. This speaks well for the pains with which Dr. Pollard of the Fourth board weeded out the unfit before sending them.

John Fraysur was the man sent back. He was the company cook in the first detachment. He has a wife and two children, but as he married a widow with this family, after war was declared, he was not exempted.

About one-fifth of the total number registering in the Fourth district have been examined and either sent, exempted or rejected. Thus, if the remainder in the district are of the same quality, which is probable, there can be four more delegations of equal size sent from those registered.

Taking it for granted that the Fourth Omaha district is representative of the whole United States, there can be four more draft bunches sent to fight without calling on younger or older men. So there can be 5,000,000, instead of the 1,000,000 now in training, at the front as soon as the government wishes.

Then, too, these 5,000,000 would be a picked bunch, not cripples and aged men, and otherwise unfit as are now said to be in the German army. Making the physical examination less severe, refusing to exempt married men, etc., would probably put in millions more.

Explosion in City Hall; Carpenter Severely Hurt

Harry Stroesser, city hall carpenter, was severely injured on his eyes and face when an explosion in a city hall gas heater followed the application of a match to the pilot light. Mr. Stroesser did not know that the pilot light had been extinguished and that an accumulation of gas had formed in the heater. First aid was given in the office of the Visiting Nurses. It is not believed there will be permanent injury to Mr. Stroesser's eyes.

RELIEVE HEADACHES WITHOUT DOSING

Painful attacks stopped without internal treatment by Sloan's Liniment.

What greater comfort than to get rid of that throbbing, persistent pain in the brow or temple? When of neuralgic origin, Sloan's Liniment applied at painful points or along nerves of forehead promptly soothes and stops the pain. Often a headache goes. If the blood be drawn from the brain by the counter-irritation of Sloan's Liniment at the back of the neck, along the spine or at the feet. Headache being also a symptom of various bodily disorders, its constant recurrence may call for a physician's advice.

No need to rub Sloan's Liniment. It penetrates quickly and brings relief at once. In other forms of neuralgia and rheumatism, sciatica, sprains, strains, bruises and all external pains, the most distressing aches disappear before its quick soothing relief.

Sloan's Liniment is cleaner than mussy plasters or ointments as it does not stain the skin. Generous size bottle at druggists everywhere. 25c, 50c, \$1.00.

Sloan's Liniment KILLS PAIN

Removes Hairy Growths Without Pain or Bothers

(Modes of Today) It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.—Advertisement.

Barred Zone On Eastern Coast is Result of Fires

New York, Nov. 6.—As a result of the many fires along the Brooklyn waterfront and also in other coast cities, an order declaring all territory within 100 miles of the coastline of the United States a barred zone is expected by local federal officials to be issued within a few days.

It is estimated that more than 600,000 enemy aliens would be affected. At a conference at which the attorney general was represented local federal officers emphasized the necessity to safeguard the waterfront of New York and vicinity. The gravity of the situation, it was said, led the officials to decide upon a broad course of action, which is expected to result in the barring of alien Germans from all coast cities.

\$15,000 Railroad Damage Suit is Up for Hearing

Hearing of the suit of Frank Maple against the Union Pacific Railway company began in federal court. He is suing for \$15,000, alleging that the defendant was negligent in not having a step placed on the ground at the steps of a car from which he was alighting at North Bend, Neb., the night of March 3, 1917. As a result he fell and his "left knee was crushed, broken, bruised, torn, mashed, lacerated and injured."

Cough? Feverish? Grippy? DR. King's Discovery for Coughs & Colds

AT THE first sign of a cold—feverishness, sluggishness, tightness in chest, sniffling and sneezing—go to the nearest drug store and get a bottle of Dr. King's New Discovery. The first dose brings relief. This old reliable preparation has been recommended and used successfully for coughs and colds for fifty years. It's years of use recommend it.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have Filled and Use at Home. Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes cleared up perceptibly right from the start stored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything with ease. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discern them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense

of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Non-Opto tablets. Drop one Non-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time. Note: Another prominent physician to whom the above article was submitted, said: "Non-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it strengthens vision 50 per cent in one week." It is in many instances or refund the money. It is one of the very few preparations I feel should be kept on hand for regular use in almost every family. It is sold in this city by Sherman & McConnell, C. A. Melcher and others.—Advertisement
