

### WOMEN FAINT IN THEIR EFFORTS FOR MUNY COAL

Reopening of City Fuel Office Brings Out Long Line of Purchasers; 12 Cars On Hand.

Everybody arrived early at the municipal coal office yesterday to avoid the rush, and the result was that two women fainted in the rush. The line extended around the first balcony of the city hall. A woman, who had waited long to get to the order counter, fainted in the line. She was rushed to the head of the line inside the office and given a cup of cold water, which revived her. Her order was taken and she smiled thankfully. This woman did not ask "Where am I at?" when she regained consciousness. She said, "I am so glad that I got to the head of the line, because I came away this morning before I washed my dishes."

#### No Time Lost.

Another woman at the end of the line fainted when she heard of the success of the woman who had been advanced to the front ranks. The second woman was carried to the front by tender hands, water applied by one hand, and her money taken by another hand.

Two other women discussed the proposal of a general faint along the line, but did not carry their idea into effect.

The reopening of the municipal coal office brought another rush, notwithstanding the advance in price. Many were disappointed because orders were limited to the supply of hand, which is 12 cars. When this lot has been disposed of further cash orders will be accepted.

### Union Ban on Muny Auditorium Lifted; Opera to Be Given

The happiest man in Omaha now is Lucius Pryor, promoter of popular priced opera.

The San Carlo Opera company will appear at the municipal Auditorium on December 3, 4 and 5, as scheduled.

The Omaha Musicians' union will remove the "unfair" ban from the Auditorium in return for a promise of fair treatment toward union musicians by the city commissioners. Pryor stated at a conference last week that more than \$3,000 worth of tickets already had been sold for the San Carlo engagement. If the trouble with the union musicians had not been settled, traveling organizations having musicians would not have played in the Auditorium. The situation threatened to extend to other branches of organized labor at the Auditorium.

### Improvers Want Belt Line Elevated on Leavenworth

### Race Tickets Found In Wallet, Sixty Days Says Judge

Two alleged members of a confidence gang, J. J. Grey and Charles Harris, were sentenced to 60 days in jail by Judge Madden in police court this morning. These men with six others were arrested at the Harley hotel, suspected by police of being active in race horse swindles. A wallet, to which Grey claimed ownership, contained race tickets, telegrams in code, instructions from a racing syndicate and a bond stating that J. B. King, to whom the correspondence was addressed, was now under a \$50,000 surety bond. Checks from banks in principal cities also were found in the wallet.

Harris, who gave his occupation as a tailor, admitted serving a term in the Iowa state penitentiary for a confidence game worked in Sioux City, Ia.

Mrs. L. Vick's, and her husband, J. F. Campman and wife and Mrs. Vick's brother, H. F. Gordon, were given 60-day suspended sentences. Gordon is a victim of tuberculosis. His sister testified that morphine found in the room at the Harley hotel was purchased for him. The money she said was derived through an insurance policy carried for her child, which died recently.

Ruth Dean, arrested at Nineteenth and Douglas streets, and giving her address as 3113 South Twenty-second street, was released owing to illness.

### Omaha "Y" Workers Prepare To Do Bit in Big Campaign

Omaha "Y" workers are preparing to do their bit in the huge \$35,000,000 Young Men's Christian association drive to be made next week. Omaha and Nebraska are expected to raise \$250,000.

E. F. Denison, secretary of the Omaha association, who has just returned from Deming, where he was in charge of the Young Men's Christian association work among 38,000 soldiers stationed there, explained the great need of this fund.

"The \$5,000,000 given by the nation last spring is completely exhausted," said Mr. Denison. "Construction of the buildings at the camps and their equipment came out of this fund. The Young Men's Christian association was in Europe when our boys arrived. All this took money and we must have more to continue our work. Heating the buildings is one of the problems that faces us, especially in France, where coal is selling at \$60 to \$90 a ton."

### NEED MORE BOXES FOR XMAS PACKETS

Women Ship 1,600 Packages and Have 1,000 More Ready; Need Additional Funds.

Eight hundred dollars more is required by the committee in charge of the Red Cross Christmas packets for soldiers. The women have already collected \$3,200 for the 4,000 packets they expect to send.

One thousand packages ready for shipment are held up by a shortage of packing boxes large enough in which to send them. More than 1,000 packets have been shipped to date.

Mrs. Anthony Merrill's lecture for the benefit of the fund will be given Friday afternoon at 4 o'clock at the Boyd theater instead of Sunday to permit state teachers an opportunity to hear it. Her subject is "Living in War Times."

A housemaid in a well-known Omaha family brought her penny savings bank and emptied its contents to the women in charge. There was \$1.65.

Mrs. T. L. Davis and the women assisting her hope to complete their work by the end of the week.

### Big Run of Cattle Daily From the Range Country

High prices paid for cattle on the Omaha market is starting animals in great numbers from western Nebraska and, according to railroad officials, there has seldom been a year when range stuff has been in as good condition as now.

From the sand hill country of Nebraska the Northwestern is bringing in one to three trains of stock daily and the shipments over the Burlington are running about the same. The outlook is that the grassers will continue coming all this month.

It is said that notwithstanding the high prices paid for feeders the feed lots will be just about as full as usual and that the beef that will go onto the market along about Christmas time will be prime.
