

VILLA BANDITS DYNAMITE TRAIN: MURDER 125 MEN

Many Passengers Executed and Women and Children Stripped of Their Clothing; \$100,000 in Silver Stolen.

Juarez, Mexico, Nov. 7.—Villa followers dynamited a northbound passenger train on the Mexican Central railroad at Armerdariz station, 50 miles south of Chihuahua City, Sunday.

With blood-stained floors, shattered windows and coaches crowded with frightened Mexican men, women and children who were shivering, half naked, in broken seats, the train arrived here tonight.

One hundred and twenty-five soldiers and passengers were killed. The peon passengers were still so badly frightened they could only tell disconnected stories of what occurred.

The locomotive and two cars were completely wrecked by the dynamite which had been placed on the track. The 60 train guards from the federal garrison at Torreón were either killed during the attack or executed soon after.

Every one on the train was robbed and made to disrobe, even the clothing of the women and children having been taken by the Villa followers for their camp followers.

Fortune in Silver Missing. The messenger for a large American company in Mexico is missing and the \$100,000 worth of silver bullion which he was bringing to the border is also missing.

The express messenger, engineer and conductor and other railroad employees lost their lives when the engine was blown up.

Villa's men first fired volley after volley into the train, breaking the windows and killing many of the guards and passengers. They then went through the coaches robbing the passengers, killing many of the men and ordering others outside the train for execution.

The remaining passengers were robbed of everything they possessed, even to the last centavo of the poor peons. They were then ordered to disrobe, and when two women refused they were shot and seriously wounded. All were left on the desert overnight without clothing.

There were no Americans on the train. A German boy, who was coming to the border, was robbed of everything he owned and reached here barefooted, wearing a pair of ragged overalls and a high Mexican hat. One Mexican family from Michoacan, including a husband, wife and two small children, had to beg clothing in Chihuahua City.

The passengers agreed that Julio Acosta and Martin Lopez commanded the Villa followers, but the major in command of the train escort, who was wounded and left for dead, heard the commanders say Villa was near by. There were 450 in the Villa command and they left for the mountains after robbing the train.

Villa Defeats Federals. Presidio, Tex., Nov. 6.—In a fight between Mexican federal troops from the Ojinaga garrison and Villa followers yesterday near Baranacas, opposite Indio, Tex., the federal troops were defeated and 35 driven across the American border, according to a report received here tonight. Captain Dominguez Garcia, commanding the federals, was reported killed and a number of his men killed and wounded. The Villa men captured 65 horses and a quantity of guns and ammunition.

German Progressives Fear They Lost in Political Move

Copenhagen, Nov. 7.—The fear of the progressive elements in Germany that they may have been cheated in their bargaining with Chancellor von Hertling and Foreign Secretary von Kuehlmann for a government of a more parliamentary nature, is plainly evident in this morning's German newspapers.

The new administration, they find, is seriously considering letting the post of vice chancellor die with the retirement of Dr. Karl Helfferich, should his resignation be accepted, instead of filling it with Deputy von Payer or another radical member of the Reichstag.

Von Hertling Appoints Friedberg and von Payer

Asterdam, Nov. 7.—The Frankfurter Zeitung, a copy of which has been received here, says Count von Hertling, the new imperial German chancellor, has appointed Herr Friedberg, leader of the national liberal party, and Friedrich von Payer, progressive member of the Reichstag, respectively vice president of the Prussian ministry and vice chancellor.

The newspaper adds, however, that the appointments have not yet been confirmed by Emperor William.

Roosevelt Deeply Regrets Mayor Mitchell's Defeat

Oyster Bay, N. Y., Nov. 7.—Commenting on the early returns of the New York City vote which showed the election of Judge Hyland, Colonel Theodore Roosevelt said tonight: "I exceedingly regret Mr. Mitchell's defeat. I am very much pleased that M. E. Lewis was elected attorney general of the state of New York and that Schuyler Merritt was elected congressman in the Bridgeport district of Connecticut."

Burglar, Fearful of Capture, Chokes Baby to Its Death

Raleigh, N. C., Nov. 7.—Lucy Plummer, 4-months-old daughter of J. Kemp Plummer, assistant state chemist, was found choked to death in her bed today, the victim of a burglar. The theory of the police is that the baby cried out when the intruder was in the room, and, fearing it would arouse the household, he choked the child to death.

Breaks World's Record for Surf Casting in Newark Club

Newark, N. J., Nov. 7.—Charles Elinghausen broke the world's record for surf casting at the tournament of the Newark Bait and Fly Casting club here today with a cast of 435 feet. This betters a record which has stood for 20 years.

Bluejackets Eat Eggs and Fish; Save 7,000 Lbs. Meat for Allies

(By Associated Press.) Chicago, Nov. 7.—The 18,000 bluejackets at the Great Lakes training station had their first meatless day today. Thereby more than 7,000 pounds of meat were saved to help make the world safe for democracy. Still no one complained of hunger. Here is what they had:

Breakfast—Bananas, scrambled eggs, hominy grits, bread, butter, coffee.

Dinner—Bean soup, crotons, baked lake trout, boiled potatoes, baked tapioca pudding, bread, butter, coffee.

Supper—Luncheon meat, fried potatoes, lima beans, oranges, corn muffins, butter, coffee.

Similar days will be observed each week.

Germans Dominate Turk Markets by Trickery

Washington, Nov. 7.—German business trickeries to dominate the Turkish markets are described in a bulletin issued today by the bureau of foreign and domestic commerce. The Germans are master imitators, according to the author of the reports, Consul General G. B. Ravndal, formerly at Constantinople. Dealing particularly with hardware, he says American products in normal times are sold not directly to Turkish distributors, but through a few firms in Hamburg and Bremen which have branches in New York.

Sometimes the catalogues of these concerns show American articles on one page and German imitations on the other, with the advantage of reduced price and quick delivery of the German goods conspicuously indicated. Despite these conditions, the American products gained an important position in Turkey before the war, solely on their merits.

Oldest Woman in Dakota Dies at Ninety-Nine Years

Sioux Falls, S. D., Nov. 6.—(Special.)—Mrs. Eva Rada, whose death is reported at the home of her daughter near Lesterville, is believed to have been the oldest woman in South Dakota and one of the oldest in the northwest. Had she lived two months longer she would have passed the century mark, being 99 years and 10 months old at the time of her death. Her husband died 30 years ago. She is survived by two daughters and three sons.

Saving for Newspapers Who Ship by Express

Washington, Nov. 6.—Newspaper publishers were told by Internal Revenue Commissioner Roper today that the war tax of 1 cent on each 20

First American Hunger Strike Among Suffragists Is Under Way

(By Associated Press.) Washington, Nov. 7.—The first hunger strike in the American agitation for votes for women is under way.

Alice Paul, national chairman of the woman's party, now doing a seven-months' sentence in jail here for picketing the White House is the striker and tonight she had been in the jail hospital without food for the preceding 24 hours, stolidly threatening to starve herself to death unless her six compatriots, serving time for the same offenses, get better food.

So far the jail officials are taking the strike calmly and waiting for Miss Paul to get hungry enough to eat. Forcible feeding has not been discussed as yet. But inasmuch as Miss Paul made somewhat of a record for herself as a hunger striker in an English jail several years ago while militating with Mrs. Pankhurst, headquarters of the woman's party is quite confident that she will give the prison officials a surprise if they expect her to yield quickly.

Miss Paul, a slight little woman weighing about 90 pounds and of delicate constitution, was taken to the jail hospital last night because she was ill. Miss Paul said she was ill because of bad food, bad air and no exercise. Woman's party officials say she and the other militants have been getting a coarse diet, principally of salt pork and cabbage at the rate of 18 times in 13 days. When Miss Paul was taken to the hospital she was offered a diet including milk and eggs, and without the salt pork and cab-

GIVE TOMORROW A CHANCE Don't Waste Another Day

Don't drag yourself through another round of headache, sour stomach and indigestion. Every single day of your life is worth too much to spend that way. Every morning should be an open door to perfect health and increased happiness. Don't start another day with suffering. Give it a chance.

When you get up tomorrow, take a small quantity of Salinos (laxative salts) in a glass of cold water before breakfast. You'll feel better within an hour and the end of the day won't find you all tired out, with a sick headache and a sour stomach.

Salinos is the trade name for the three old-fashioned salts that physicians have prescribed for years in the treatment of the many troubles caused by constipation. It is a correct combination of those same salts, with the addition of certain fruit acids.

As almost everybody knows, it is nearly always necessary to take old-fashioned salts in hot water. Salinos can be taken in cold water. It does not gripe or distress in any way. Its action is gentle but positive and by helping to restore regular daily habits, it aids in purifying the blood, getting rid of daily headaches and restoring the kidneys to normal activity.

Salinos contains no caffeine and no acetanilid. It is just old-fashioned salts, with fruit acids, a sensible preparation for all who suffer from constipation and the many disorders it causes. It is just as safe as the salts you have always known and always hated to take.

Get a small package tonight. Take a little in the morning before breakfast and make tomorrow a bigger, better day.

Dispensed by S. Sherman & McConnell stores and all good druggists.

Supper—Baked beans, hot slaw, fresh fruit, bread, butter, coffee.

Tomorrow will be wheatless day at the station and 6,000 loaves of wheat bread will be saved.

Breakfast—Fresh fruit, scrambled eggs, corn bread, butter, coffee.

Dinner—Vegetable soup, roast beef, gravy, mashed potatoes, rice and raisin pudding, corn muffins, butter, coffee.

Supper—Luncheon meat, fried potatoes, lima beans, oranges, corn muffins, butter, coffee.

Similar days will be observed each week.

Finland a Republic in New Draft Plans Drawn

London, Nov. 6.—A Petrograd dispatch to the Exchange Telegraph company says:

"The provisional government at a sitting last night accepted draft plans regarding the government of Finland. These aim at direct establishment of cordial relations between Finland and Russia, Finland to remain annexed to Russia, but to have its own legislative institutions and government. Also it is to be declared a republic with the supreme executive power entrusted to an elected ruler.

"War and peace making power is to be vested in the state jurisdiction conformable to the Russian fundamental laws. Foreign treaty making power is conceded to the Russian government. The legislative power will be exercised by the diet, in conjunction with the ruling head. The general administrative power will be exercised by a ministerial council."

cents or fraction of that amount charged by express companies would be assessed according to charges based on bulk weight of newspaper bundles, and that it would not be necessary to weigh each package separately to determine the individual charge and tax. This ruling, which is subject to review by Secretary McAdoo, will mean a saving of time and money to publishers using express companies for distribution.

Coal Prices Increased At the Ohio Mines

Washington, Nov. 6.—Coal prices in the Palmyra, Massillon and Jackson fields of Ohio were increased today by the fuel administration as follows: Run of mine, from \$2.35 to \$3.75; on prepared sizes, from \$2.60 to \$4.00; slack and screenings, from \$2.10 to \$3.50.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets do the work.

Most headaches "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Keeps Kidneys Active With a Glass of Salts

Must flush your Kidneys occasionally if you eat meat regularly.

Noted authority tells what causes Backache and Bladder weakness.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid, which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders, come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

'SAMMIES' IN FRANCE SHOW U. S. SENATORS

Soldiers Give Exhibition Drill of "Going Over Top," Bayonet Exercises and Throwing Grenades.

(By Associated Press.) With the American Army in France, Nov. 7.—The American congressional party visited today the zone in which the troops are billeted and are receiving war instruction.

They first visited headquarters in the town but did not meet General Pershing who is at present in Paris. They went to Major General Sibert's headquarters and were taken out to see the American troops in practice—going over the top bayonet work on dummy Germans and an exhibition of their skill at sniping and with hand and rifle grenades, mortars and the smoke barrage.

During the hand grenade instruction pieces flew close to the congressmen who were enthusiastic over the energy displayed by the troops and when one congressman called for three cheers for the boys the party cheered itself hoarse.

New Campaign Hats.

The wide-brimmed campaign hats have been abandoned by the United States army for troops actually in the field. In their places hats like the fatigue headgear of the French army have been adopted.

The new hat is a sort of fore and aft arrangement, made by sewing two heavy pieces of khaki cloth together with the seams front and back and adding to the sides other pieces of material which fold up on the side of the hat, or may be drawn down to cover the ears. The hat is comfortable. It also can be rolled up to pocket size or worn with shrapnel helmets.

The old campaign hat to fold was cumbersome for troops in the field and officers recommended a change. It was so unwieldy that some of the troops discarded it entirely when they were changing to the shrapnel helmet.

Germany Reaches a Crisis in Man Power; War Cannot Go on as Before

(By Associated Press.) Washington, Nov. 6.—Cable reports reaching here from Switzerland say Germany has reached the crisis so far as its man power is concerned.

For three years, according to these dispatches, Germany has lost on an average of 1,200,000 men annually and this number will at least be equaled in 1918.

It is contended that to continue the war on the same scale for another year, the Germans must have at their command a reserve of at least 2,000,000 men, whereas they actually will have a reserve of only 1,500,000, including youths of the class of 1920.

WEAK KIDNEYS MEAN A WEAK BODY

When you're fifty, your body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

First Jewish Chaplain.

Washington, Nov. 7.—The first Jewish chaplain of the American navy was appointed today by Secretary Daniels. He is Rabbi David Goldberg of Corsicana, Tex., and he will be commissioned acting chaplain for the period of the war with the rank of lieutenant, junior grade.

Three Million Pairs of Shoes for Russ People

Washington, Nov. 7.—Representatives of the Council of National Defense will go to New York tomorrow to make purchases of shoes out of stock to meet Russia's immediate needs. Bids for the manufacture of approximately 3,300,000 pairs of shoes of a standard model adopted for civilian employees of the Russian government, chiefly railroad workers, munitions makers and miners will be opened here Monday but deliveries will not begin until January and will extend over a period of five months.

Each capsule contains about one dose of five drops. Take them just like you would any pill, with a small swallow of water. They soak into the system and throw off the poisons which are making you old before your time. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, gall-stones, gravel, "brick-dust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs.

Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. GOLD MEDAL are the pure, original imported Haarlem Oil Capsules. Accept no substitute.—Adv.
