Judson G. Squires, son of Mr. and Mrs. George G. Squires, has enlisted in the medical corps of the army and from St. Louis he was ordered last week for duty to the Scott field flying school at Belleville, Ill. His brother, Clarence, who joined the coast patrol last summer and was on duty at Newport, R. I., when the mosquito fleet was disbanded, has been transferred to New York, but in what capacity or for what duty his family have not learned yet.

Philip Metz has been sworn in as assistant paymaster in the navy, with rank of ensign, and is now awaiting orders in Buffalo. He will be assigned to some training school before beginning his duties, but it is uncertain how soon his assignment may come.

Philip Downs, who has been at the Brooklyn navy yard since September, has been transferred from the mosquito fleet to the naval aviation corps and will be home today or within a day or two to await further orders.

Philip Chase and seven or eight of his balloon school friends were in for last Saturday and Sunday at the home of his parents, Mr. and Mrs. Chase.

Lieutenant Colonel Fred W. Sladen has been promoted to be colonel and has been detailed as a member on the general staff corps.

Lieutenant John Caldwell is home on a 20 days' leave before reporting for duty at Jacksonville, Fla., on the 20th of this month. Mrs. Caldwell and son will probably join Lieutenant Caldwell in the south later.

Quentin Twatchman, who married Miss Charlotte Callahan of this city, has been commissioned to the engineering corps of the army with rank of lieutenant, and is now in

Washington engaged in making special drawings for mounted guns. Lieutenant Twatchman has invented a carburetor which is considered very promising. Lieutenant and Mrs. Twatchman and little girl have taken an apartment in Washington quite near that of Mr. and Mrs. Walter Penfield.

Philip Gordon Jones has been appointed major of the Third battalion of the Nebraska university. Major Jones is a senior at the university.

Lieutenant Ben Gallagher arrived home yesterday from Camp Dodge on five days' leave, but has had no orders to move from Camp Dodge as yet, although he thinks he may be sent to Jacksonville.

**Marvelous Complexion In a Week**

"The Best Part of It Is That Any Woman Can Do It," Says the Great Screen Favorite, **Valeska Suratt.**

**BY VALESKA SURATT**

**IN** all the history of beauty-art, I doubt whether there is anything quite so remarkable as the results accomplished by the mixture given below. It is as simple as it is remarkable. Under its influence the skin takes on a most unusual youthful plumpness, and wrinkles and deep lines seem literally to melt away. Ask your druggist for a one-ounce package of zintone, and mix it in a pint of water, adding two tablespoonfuls of glycerine. You will accomplish the desired result by using the resulting cream very freely and very often. The zintone will make over a pint of this unequalled rejuvenator. Soon you will notice that your freckles will disappear. I know how difficult you have found it to remove that grating appearance of the skin. This is particularly why I want you to try the formula given above. After a time the complexion will be a uniform tint; it will clear wonderfully and take on a tint of a rose-petal, without a defect. If you will use it faithfully, liberally and every day you will not fail.

**ANNOYED**—There will be no more dandruff, dread or danger in removing superfluous hair if you will simply moisten the hair with a mild solution, which your druggist will supply you for about one dollar. As the hairs are kept moist for a few moments the hairs curl up and on bathing the skin the latter is found to be as hair-free as that of a new born child. It leaves the skin in exquisite condition, and never leaves a spot or mark.

**MISS W. P. L.**—It is absolutely certain that your hair can be forced to grow luxuriantly, and the thin spots filled out in a short time. I have never known the following formula to fail when used faithfully for a short time. Besides it is more economical than any hair treatment you can buy. To one pint of bay rum, or to a half pint each of water and alcohol, add the contents of a one-ounce package of beta-quinol, which you can get at any drug store for fifty cents. Apply this daily. It contains no oil.

**ELDER M.**—Hereafter, if you have trouble getting the norexin for blackheads or the zintone for the complexion, send fifty cents, which is the price of either one of them, to "Secretary to Valeska Suratt, Thompson Building, Chicago." It will be forwarded to you at once by mail.

**FANNY T. G.**—Nothing that you have ever done for your face will so astound you as the effect of the following formula on wrinkles. It will be the same story of surprise I get from all my friends. Get from your druggist a two-ounce package of epsom, which will cost fifty cents. Mix this epsom in a half pint of water, and add two tablespoonfuls of glycerine, and your wonderment is ready. It will make you look years younger in a few days.

**HIDEOUS**—The face powder I use is made after my own formula. It is called "Valeska Suratt Face Powder." It is free from the chalkiness of nearly all face powders, and is superb in fineness, smoothness and scent. It is now sold in drug stores at fifty cents a box, in white, fresh and brunette.

**TROUBLED**—It is impossible to have a more thoroughly cleansing head-wash and shampoo than is secured by dissolving a teaspoonful of epsom in a half cup of hot water. Enough epsom can be secured at any drug store for twenty-five cents to give over a dozen of these head-washes.

**ELEANOR C. C.**—I have known quite a few of my friends who had been able to develop the bust satisfactorily in a month's time by using a mixture of two ounces of rietone and half a cup of sugar in a pint of water. This is safe, and is taken four times a day.

**HANNA R.**—You can get rid of blackheads almost as quickly as explaining how to do it. In a few moments you can positively get rid of them all. It may be hard to believe, but it is true. Get at the drug store a teaspoonful of epsom, and a half cup of water in a hot wet cloth, and rub it over the blackheads. Then look in the mirror and see the remarkable result.—Advertisement
