RICHARDS GIVES FEAST TO FRIENDS

Pioneers of Dodge County Entertained at Hotel Pathfinder, Where Events of Early Days Talked Over.

Fremont, Neb., Nov. 10.—(Special Telegram).—L. D. Richards entertained at a banquet at the Hotel Pathfinder 100 friends, for the most part pioneer settlers of Fremont, who have been closely associated with him in a social and business way for nearly half a century. The event was among the largest social affairs here in years.

Among the speakers were J. W. Goff, M. Keene, C. D. Marx, John Derr of Salt Lake City, a former Fremont resident, and Frank Fowler. Reminiscences of the guests and the opportunity to mingle and review pioneer times made the occasion enjoyable. Mr. Richards came to Fremont half a century ago. He assisted in surveying the Northwestern line through Fremont to the Black Hills.

War Work Campaign. Organization for the campaign for Young Men's Christian association war work funds, to be carried on all over the country next week, has been perfected in the Seventh district. In Fremont a general committee will have charge, a subcommittee making the canvasses. Dodge county's quota has been placed at \$4,000, but the committee has pledged to double that amount. The Seventh district is composed of the counties of Dodge, Colfax, Butler, Saunders and Cuming. J. L. Kohler of Fremont is executive secretary. Mr. Kohler said today that this district will raise almost double the amount allotted it, which is \$11,500.

Nelson Case Comes Up. Hearing of the case of Otto Nelson against his wife, Dora E., for custody of their two daughters was begun in district court. Mrs. Nelson started suit for divorce, alleging cruelty. The husband filed an answer, charging her with unfaithfulness and naming Fred Danner, now a member of the draft army. Mr. Nelson asked for the custody of the two daughters. Testimony was introduced to show that Mrs. Nelson was seen in Danner's company frequently. The Nelsons are well-to-do farmers living east of Fremont.

News Notes From Beatrice And Gage County. Beatrice, Neb., Nov. 10.—(Special).—The funeral of S. Q. Free, former city clerk of Beatrice, who died at Scottsbluff, Neb., Wednesday, as a result of injuries received at a sugar beet plant, will be held at Summerfield Kan., Sunday afternoon. The Odd Fellows of this city will have charge of the services.

Ralph Kline of this city has enlisted in the aviation service of the regular army and will leave Monday for Omaha, where he expects to take the examination. His brother Lawrence, who enlisted some time ago, is "somewhere in the east" at a training camp. The city clerk of Wymore has called a special election to be held at that place on Tuesday, December 11, to vote on the manager plan or city government.

At the J. C. Boyd stock sale near Virginia yesterday high grade cattle sold all the way from \$150 to \$300 per head, and horses from \$150 to \$250 a head.

A German wearing a kaiser button was taken off the paving work yesterday and escorted to the police station by Constable Hurn. He promised to discard the emblem and be more patriotic, so the officers released him. It is reported that a German emissary recently visited the city and talked with a number of German-speaking people to discourage the Liberty Bond movement.

Residents of Gage county are planning gage organization to deliver drum-fire attacks on sedition.

Reed Gives View That Springer Has No Authority

(From a Staff Correspondent.) Lincoln, Neb., Nov. 10.—(Special).—C. Springer of Pawnee City is not entitled to solicit business for Dr. C. M. Coe of Kansas City, according to an opinion by Attorney General Reed given in reply to a letter of inquiry by County Attorney Zimmerman of Loup county.

In his letter Mr. Zimmerman says: "Their method is as follows: Mr. Springer goes out and takes their symptoms on what they call a symptom blank and then sends it to Dr. Coe at Kansas City, who puts up the medicine and sends it to the patient. Mr. Springer then goes and sees the patient and sees how he is getting along. Mr. Springer at the time he sends in the symptom collects the fee either in cash or in notes." In answer the attorney general gives the following instructions: "The solicitor, Mr. Springer, or anyone who acts in a similar capacity, is guilty of violating the law. He is endeavoring to practice medicine without the meaning of the statute and should be prosecuted for its violation."

Beans Grown on Old Alfalfa Field Productive (From a Staff Correspondent.) Lincoln, Neb., Nov. 10.—(Special).—It is an ill wind that does not blow somebody some good, and State Auditor W. H. Smith can testify that the ill wind which caused a 20-acre tract of alfalfa owned by W. S. Williams of Seward, the auditor's home town, to dry out and die last spring turned out to be a benefactor.

When it became apparent that the alfalfa was dead Mr. Williams promptly plowed it up and planted to beans. He has just threshed the beans and the field produced 275 bushels, which is "some beans." However the beans sold for \$9 a bushel, which made the owner \$2,475, which is "some money" for a 20-acre tract to return its owner.

Committee to Honor Memory of Judge Reese (From a Staff Correspondent.) Jeffers of Omaha and John M. Tucker of Valentine.

Good Market for Potatoes. Alliance, Neb., Nov. 10.—(Special).—The car shortage here has some what retarded the marketing of the Box Beet potatoes crop, however, with but few exceptions, the farmers had their spuds protected from the freeze of last week and now are hauling in only as cellar space or cars are available. From one to two dozen buyers meet every load and the growers experience no difficulty in getting top notch prices. The Burlington set in 30 refrigerator cars during the week which took care of thousands of bushels, the exceptionally fine weather being conducive to a large movement.

Milady's Wrist Watch Must Help Pay for War

Washington, D. C., Nov. 10.—(Special).—Distinction is made between watches to be used only as time keepers and those for personal adornment in a ruling today by International Revenue Commissioner Roper, defining jewelry taxable 3 per cent on manufacturers' sales under the revenue act. Watches, as metal bracelets, and all those bearing jeweled ornaments are classified as personal adornments and are subject to tax.

The same distinction is made for garters and suspenders intended for utility or adornment. Included in the commissioner's list of taxable jewelry articles are "vanity," stamp and match boxes, cigar and cigarette cases, longnettes, vinaigrettes and eyebrow pencils.

County Surveyor A. H. Norris, who has been seriously ill at the Wise Memorial hospital, Omaha, is reported as recovering. Miss Vivian V. Cady of this city was married to Delmar L. Johnson at Winnipeg. The bride is the daughter of Mrs. C. L. Cady of this place and the bridegroom is a former resident of Cuming county. The newly married pair will make their home on a farm near Imperial, Saskatchewan, Canada.

Convicted of Wife Murder, Walkes Gets Life Sentence. Sioux Falls, S. D., Nov. 10.—Life imprisonment in the Sioux Falls penitentiary was the sentence imposed by Judge Tripp, of the state circuit court, in the case of Herman Walkes, an Avon man, who was convicted by a Bon Homme county jury of causing the death of his wife by arsenic poisoning. Walkes left the state soon

after the death of his wife, but an autopsy revealed the presence of arsenic in her stomach. Walkes was traced to Arkansas and arrested there and brought back to South Dakota.

Moisture in Corn Hinders Richardson County Farmers. Stella, Neb., Nov. 9.—(Special).—It is estimated that half the farmers in this vicinity have stopped husking their corn because it contains so much moisture. One farmer today said he would rather have his corn in the field until next spring than to have it now full of moisture. He said that the grain elevators have tests to determine the amount of moisture in

the corn offered which would give the farmers no advantage as he has had in the past to shell it later in the season, when the moisture is frozen in the grain, and deliver it to market in that condition. Some farmers who have found the cars beginning to mould are moving it occasionally in the cribs to give it more ventilation and air. The average yield is the best in years and the acreage is large.

Mother, why don't you take Nuxated Iron? And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable All the Time and Looking So Haggard and Old?—The Doctor Gave Some to Susie Smith's Mother and She Was Worse Off Than You Are and Now She Looks Just Fine. NUXATED IRON WILL INCREASE THE STRENGTH AND ENDURANCE OF WEAK, NERVOUS, CAREWORN, HAGGARD LOOKING WOMEN 100 PER CENT IN TWO WEEKS' TIME IN MANY INSTANCES. THE CHILD'S APPEAL. There can be no Beautiful, Healthy Rosy Cheeked women without Iron. F. KING, M. D. "There can be no healthy, beautiful, rosy cheeked women without iron," says Dr. Ferdinand King, a New York Physician and Medical author. "In my recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe the more organic iron—Nuxated Iron—for their nervous, run-down, weak, haggard-looking women patients. Pallor means anemia. The skin of an anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, dependent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks. "In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste pipe the waters in which our vegetables are cooked are responsible for another grave iron loss. "Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt. "As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by a lack of iron in the blood. "On account of the peculiar nature of woman, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss. "Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who are doing all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to make a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, alas, not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless. "I have used Nuxated Iron widely in my own practice in most severe aggravated conditions with unflinching results. I have induced many other physicians to give it a trial, all of whom have given me the most surprising reports. Dr. Schuyler C. Jacques, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out medical information or advice for publication, as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant ill-physical weakness, nervous irritability, melancholy, indigestion, flabby, sagging muscles, etc., etc., and in consequence of their weakened, run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise all such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising results, and in consequence of their strength, power and endurance will find it a most remarkable and wonderfully effective remedy. "NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians, both in Europe and America. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in all cases of iron deficiency, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100,000 if it does not give satisfaction if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Sherman & McConnell Drug Co. Stores and all good druggists.
