

### HISTORY OF DANCE GIVEN FOR TEACHERS

Entertainment by Publicity Department of Commercial Club Closing Feature of Three Days' Session.

The 52d annual session of the Nebraska State Teachers' association passed pleasantly into history last night at the Auditorium, where a splendid aesthetic dance feature was presented by Portia Mansfield Swett of Chicago and her outdoor dancers in a repertoire of numbers offered under the title of "The Dance of the Ages."

This pretentious entertainment feature was given under the auspices of the publicity bureau of the Commercial club of Omaha. W. F. Baxter, chairman of the bureau, thanked the teachers for coming to Omaha, expressed the hope that they had an enjoyable and profitable meeting here and hoped that they will favor Omaha in the years to come with their presence. The total registration was announced as 3,614.

Welcomed Back to Omaha. "It is a pleasure, indeed, to have you with us and Omaha welcomes you back next year. We are always at your service," said Mr. Baxter. He announced a forthcoming statewide campaign in behalf of the suffering Armenians.

The Auditorium was well filled with teachers when the curtain was raised on the first number of the dance program. Throughout the evening the Sweet dancers were greeted with hearty applause, the teachers appreciating the talented young women and their graceful terpsichorean presentations.

The program was a history of the development of the dance through 3,000 years. The first number was a sun worship dance of ancient Egypt, showing a Nile maiden and slave. The angular effects of that dance were taken from the Egyptian art as portrayed on pottery. Next in order were dances from Arabia, Persia, ancient Greece, ancient Carthage, Rome, "Europe Before the Renaissance," "Discovery of America," "Rise and Heyday of the Ballet," "Revival of Classic Dancing," "Russian Ballet" and "Tumult of the Elements."

The concluding dance number showed the introduction of dancing in schools and a patriotic ensemble by Omaha school children, under the direction of Miss Pleasant Holyoke, followed by "America," sung by the audience and led by Mrs. Hazel Smith Eldridge, who sang several numbers during the evening. Mrs. Eldridge's singing won genuine approbation.

The children taking part in the patriotic ensemble were Katherine Porter, Helen Porter, Elinor Kountze, Gertrude Kountze, Polly Robbins, Martha Robbins, Margery Adair, Ann Alexander, Maude Brown, Katherine Baxter, Margaret Scott, Laura Richardson, Ann Young, Elanore Baxter, Marcia Folda.

Like Patriotic Ensemble. The dance numbers were all so heartily appreciated that it would be difficult to say which deserved mention, but the "Saturnalia" of the Roman period won particular favor. The French valse and Spanish street scene showed the result of Miss Swett's careful training. The rhythm was faultless and the costumes were all that could be desired.

The patriotic ensemble by local school children touched a responsive chord and was a tribute to Miss Holyoke. "Spring's Awakening" and Mendelssohn's "Spring Song," as introduced by Isadora Duncan, were sufficient to place Miss Swett in the front ranks as an exponent of the best in dancing.

Expressions of Thanks. The music was furnished by Miss Eloise West, director; Miss Hazel O'Connor, piano, and Grace Slabaugh, violin.

The teachers were well pleased with the efforts of the publicity bureau of the Commercial club and other entertainment features extended them during their three days in Omaha. Many expressed the hope that the next annual meeting will be held here.

### OFFICER SAVES THEATER CROWD FROM STAMPEDE

Fire which started in the operating room of the Park theater, 316 North Sixteenth street, last night during a show and excited the lobby of the building, caused a near panic among the spectators who rushed toward the exits in an attempt to get out. Timely arrival of Officer Whelan, who held back anxious parents when they sought to invade the theater to safeguard their children, probably prevented many people, mostly children, from receiving injuries in a stampede.

Firemen extinguished the blaze with chemical apparatus. Little damage was done.

### U. S. Aircraft Production Enormous; Can Be Doubled

Washington, Nov. 10.—Aircraft production in American factories is developing at such a rate that it was said today the present program of 22,000 planes and 50,000 motors by July 1, can be doubled in the last six months of next year if the needs of the army demand it.

Consideration is being given to the substitution of metal tubing for spruce wood in American airplane manufacture, although the change may be unnecessary because the spruce supply which was interrupted by labor troubles in the northwest now is almost normal. The French are using aluminum tubing for their planes frames.

### Many Changes to Be Made On State Fair Grounds

Lincoln, Neb., Nov. 10.—To make room for the new \$80,000 hog barn at the state fair grounds, many changes are being made and 1918 visitors will find a complete transformation of the grounds along the south and west sides.

The old hog sheds are being torn down and street car and railroad tracks are being torn up. The boys' camp will also be improved by an extension to the west. Other improvements are being made and many of the building remodeled.

### Will Coarser Food Harm Complexion?

Not If It Is Well Digested. Take on same page with Calcium Wafers - Stuart's Dyspepsia Tablet After Meals and Prevent Heartburn, Gas, Sour Risings and Heaviness.

Shipping from dainty food to the rougher variety will surprise the stomach in many cases. Coarser food will not hurt anyone if the digestion is good, but most stomachs will need help. Stuart's Dyspepsia Tablets after meals will digest the food, clear the stomach and prevent dyspepsia, bad breath, gastritis, catarrh of the stomach, pains in the bowels, nervousness, heartburn, belching, bloating, etc.

These are the causes of muddy, blotchy complexions in most cases. No face cream can do any good. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store, correct the faults of the stomach to restore the complexion to its natural beauty.

Look and Feel Clean, Sweet and Fresh Every Day. Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have scaly skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Advertisement.

### WOMEN OVERTAXED WITH NEW DUTIES

Engage in War Work and Quickly Learn the Lessons in Efficiency and Organization.

"I have never seen so many over-taxed, excited, nervous women in my life as since our country entered the war," asserted Mrs. Anthony French Merrill, Chicago, in a lecture yesterday on "Living in War Times."

"There are two kinds of women. One is the kind that gives unselfishly of herself to a cause in which she believes. The other is the frivolous woman who sits at home and gives nothing. The first may render her-

self of as little use as the second if she does not save herself and direct her energies wisely and efficiently. For in these days when we are seeking to avoid waste we must learn not to waste ourselves.

"We women engaged in war work are in an absolutely new task. And the first lesson we must learn is that of efficiency, organization and discipline. We have been learning this lesson marvelously since last spring. A vast number of American women had been living the 'wasted life.' They had nothing to do. There is a definite task in hand now. The light minded women must be awakened. They must forsake their careless ways and they must submit to discipline. They must do what they promise. They must be dependable."

The proceeds of the lecture will be donated to the soldiers' Christmas jacket fund.

## YOU MEN OF BUSINESS

IMAGINE the mistress of your household as she waits for you tonight—planning the joy of your homecoming and refreshment of your evening meal. Then turn the mental page and picture her in such a setting as the artist has conceived here. Then say—if you can—that such furniture is not suggestive of comfort and happiness and affection. There's a room—perhaps a corner—in your home today that wants for just that touch of hominess. You can remedy the lack, at once, if you will but listen to its appeal. After all—for what do you strive but for Her and for Home? Come down to Hartman's before the vision fades, and make your selection, THE WORLD'S GREATEST HOME-FURNISHING ORGANIZATION IS AT YOUR SERVICE.

Convenient Monthly Payments Gladly Arranged on Any Purchase—If Desired

Advertisement for Hartman's furniture featuring various items like chairs, beds, dressers, and wardrobes with prices and descriptions. Includes a large illustration of a bedroom suite and a list of products with prices.

### British to Build Ships Of Reinforced Concrete

London, Nov. 10.—Plans have been approved by the committee of Lloyd's register for a number of nonpropelling barges and a motor vessel to be constructed of reinforced concrete, for British and Scandinavian coastal trades. Plans of other reinforced concrete vessels of large carrying capacity for certain sea trades are under consideration.

### A. O. U. W. County Fair To Be Held at The A. O. U. W. Temple No. 110 N. 14th St. Every Night Nov. 12-17th Inclusive

An invitation is extended to the public generally to the members of the D. of H. A. O. U. W. and other fraternal orders in particular. NO ADMISSION.
