These new corn sales were made: No. 5 yellow, \$1.60; No. 6 yellow, \$1.52, 22.2 per cent moisture; sample yellow, \$1.20, 23.48 per cent moisture and sample mixed, \$1.15. 25 per cent moisture. Recent reports indicate that much of the corn acreage in the leading states will not be harvested on account of softness, live stock being turned in on it as the most economical way of disposition. Taking the

corn crop on the whole, the government and private reports suggest the most spotted conditions in years. Stocks on hand are too light to admit of export business at the present time, but a little corn t sent from the southwest into Mexic Sales of cash oats were made very freely today, local buyers and exporters taking practically everything offered. Cash quo-tations were much higher, the general run advancing from I\(\frac{1}{2}\)c over Saturday's sales, and made new figures not seen here for some time. Choice No. 1 white sold at 63%c and No. 2 white at 62%c and 63c, while standard oats brought 62%c and 62%c. The No. 3 grade sold for 62c and

New York, Nov. 12.-Eastern colege foot ball teams apparently reached the zenith of their gridiron orm in Saturday's games. Almost without exception the elevens battled true to the standards expected and there was not an upset to mar the pigskin prophecies.

Not in many seasons had there been a day when top-heavy scores were so prevalent. Some idea of the number if touchdowns made can be gained by the fact that in 20 games, selected almost at random, the combined score of the winning teams was 678 to the

Two games stand out in this riot i scoring with startling vividness owing to the closeness of the struggle and the final result. Pennsylvania lought Dartmouth to a standstill and won in the closing period. The Quaker offensive was better

sustained and more varied than that of Dartmouth and the latter eleven could neither break up the Pennsylvania passing game or make consistnt gains against the Red and Blue detense when in possession of the ball. Pittsburgh and Washington and lefferson had a hammer-and-tongs battle in which both elevens displayed remarkable foot ball and playing spirit. The Panthers finally emerged victors by the narrow margin of three

points, but the game was in doubt until the closing minute of the contest. The Army and Navy were victors in their respective contests, the soldiers defeating the Carlisle Indians rather easily in a game in which Olishant and Knight starred with a great xhibition of team work and open field sprints for touchdowns. Georgetown put up a stronger battle against the Middies, but was forced to be satisfied with the small end of the score as the all-around power and ability of the Navy were too great to be overcome by even the well-balanced and carefully coached combination of the col-

legians. Cornell's visit to Ann Arbor ended n a disastrous defeat at the hands of the Michigan eleven, which proved far too strong for the Ithaca team, Brown tackled the Second district

naval reserve eleven, captained by

'Cupid" Black, formerly of Yale, and was completely outclassed by the service team, which played like an all-American combination, which it closey approaches in personnel. The nearest approach to a big varsity contest was the annual game between the Harvard and Princeton freshmen elevens. The Crimson youngsters defeated the embryo

ligers with the same gusto that their

older classmates would have displayed had the opportunity been accorded

Cornhuskers Are Favorites as Champ Hopes for Valley

Kansas City, Mo., Nov. 12.—Predic-tions of a Missolri Valley conference championship for the Nebraska eleven were made concrete Saturday when the Lincoln team clinched the ffrst of two Missouri Valley circle games by defeating the University of Missouri eleven, 52 to 0. The Missouri team was completely smothered by the

heavier Nebraskans. The result makes the Nebraskans favorites in the game with Kansas at Lawrence next Saturday, and, unless some calamity should befall the aggregation, puts the valley title cleanly

within their hands. Ames mounted to second place by handing the Kansas Aggies the short end of a 10 to 7 score. A comparison of the scores of the Kansas Aggies-Kansas game and the Kansas-Ames game makes the Lawrence victory look more like luck. However, Kansas, by clearing Ames out of the way. gives Nebraska a sweep at a clean, uncontested title if it defeats the Jay-

hawkers. New York Wire Mill Burns;

Loss Placed at \$2,000,000 New York, Nov. 12,-New York City's waterfront was the scene of a disastrous fire today, when the fac-tory of the Washburn Wire company, which was working on large orders for the United States, was destroyed, with an estimated loss of nearly \$2,-000,000. The patrolman who discovered the fire declared he found three different blazes at different places in

the factory.

The buildings ranged from two to six storie sand only parts of two of them remain standing. The flames apparently enveloped the different buildings of the factory simultaneously, for the entire plant was a mass of flames soon after the gre started. A series of violent explosions caused the floors and walls to collapse, in-
