Regular Army Increased

By 79 Recruits Monday

Seventy-nine men joined the regular army in the Omaha district Monday, making it the biggest day of the month for recruiting.

While recruits for the month of October concerning recruiting all over the country are not yet out, the Army building is predicting that Omaha will stand first in the United States because of the large number of recruits taken in here during that month.

It is known that on October 5 there were 1,002 men recruited in the whole country and 35 of these came from Omaha. As there are 64 recruiting stations in the country and Omaha on that day took in one-third of all recruits, it would probably come very near the top of the list, if not first. October 7 Omaha enlisted 26 out of a total of 859.

Since April 1 a total of 24,670 volunteers have joined the regular army. This is one-third as many as were raised by the selective draft. There are also thousands of men who came by way of the National Guards, as well as many volunteers who were put in special branches in the National army, such as the 30th engineers and the gas and flame battalion.

Plan to Consolidate

Bureau With the Club

A proposition to consolidate the traffic bureau of the Commercial club more closely with the club and make it merely a department, is on foot at the present time.

It is likely that E. J. McVann, who has been manager of the bureau for many years, will soon sever his connections entirely, probably the first of the year. Mr. McVann now maintains law offices in Chicago and Washington, and comes back to Omaha at times to look after his business here, but it is understood that he now wishes to be relieved here, as his practice in Washington and Chicago demands most of his attention.

A committee of the traffic bureau, consisting of Ward M. Burgess, Charles H. Pickens and others, has been appointed to make recommendations to the executive committee of the Commercial club regarding a possible consolidation.

Hitherto the traffic bureau has been supported largely by contributions from the leading shippers, such as wholesalers and manufacturers in Omaha, while the bureau got a small contribution from the Commercial club also. If the consolidation takes place, the matter of financing the bureau will have to be worked out anew.

Meatless and Wheatless

Days for the Travelers

George B. Haynes, general passenger agent of the Milwaukee road, was here Monday night. Mr. Haynes gave notice of the inauguration of wheatless and meatless days on all dining cars on the Milwaukee, the purpose being in line with the suggestion of the government food administration in an effort to conserve wheat and meat for the soldiers and the allies.

According to Mr. Haynes, henceforth on the Milwaukee diners Tuesdays will be meatless and Wednesdays wheatless. On the meatless days fish will be substituted and on the wheatless days corn, rye and oatmeal bread will take the place of the white flour product.

Suspected Thief is

Arrested by Police

Officer Carney this morning arrested Tony Scala, on the charge of breaking into the home of Joe Zeriali and Tony Bass, who reside at 607 Pacific street. When searched at the station he was found to have in his possession several gold watches and other jewelry, which Zeriali claims as his property. The case will be given preliminary hearing tomorrow morning in police court.

Sneak Thieves Get

\$96 From H. H. Shepar

Some time yesterday a sneak thief entered the home of H. H. Shepar, 1919 Capitol avenue, and stole \$96 in cash. Mr. Shepar reported the case this morning to the police.

BIG LEASE MADE
IN RECORD TIMEHarry Wolf Acquires Two-
Story Building on Farnam
Street; Will Remodel
Soon.

Another long term lease has been purchased by the Harry Wolf company of Omaha. This time, Mr. Wolf bought the building and lease on the two-story building east of the Nebraska Clothing company, and lying between the Nebraska Clothing company store and the Sun theater, on Farnam near the corner of Fifteenth street.

The property was owned by the Cassel Realty company.

Last Sunday the "Bumble Bee" section of the Omaha Bee called attention to the fact that a whole week had gone by without Harry Wolf negotiating a new long-term lease.

"So I started out to negotiate one," said the lease baron.

No Time Lost.

Mr. Wolf said this is the fastest deal on record in Omaha. He met Mr. Mittlebach of the Cassel Realty company at 9:30 in the morning, got the price and terms, and at 11 o'clock the deal was consummated.

Mr. Wolf stated he had no definite arrangements, but thought the property should make a very desirable location for a good high class mercantile establishment.

H. A. Wolf company will remodel the property to suit the proper business that will eventually go in there.

Creighton Squad Loses

Kelly, Quarterback Star

Coach Tommy Mills of the Creighton football squad lost one of his most valued players when "Put" Kelly, quarterback on the Blue and White team, turned in his grid tops after the game with North Dakota last Saturday. Kelly leaves Wednesday for Austin, Tex., where he will go into service in the aviation corps.

Preliminary to joining the flying division proper he will be put through a three-month course at the University of Texas.

Kelly was down at Nebraska last spring when the call came for men to attend the first officers' training camp at Fort Snelling. Thither he went, but returned to Omaha at the close of the camp and appeared in a Creighton uniform with the opening of the football season.

"Put" soon proved to be worth his weight in gold at the pivotal position for the local crew and has played a consistent game all season, running his team like a veteran. The doughty little quarterback tried out for quarter on "Doc" Stewart's eleven down at Lincoln last year and his weight alone prevented him from making the Nebraska varsity squad.

Kelly will be given a sendoff by his teammates on the Blue and White eleven, starting with a farewell spread tonight.

Stockmen Vote Minimum

Hog Price is Fair One

Twenty stockmen from Nebraska, Iowa and Colorado hobbled in the lobby of the Paxton hotel Monday evening. The talk turned to hogs and to the new minimum price of \$15.50 which the government has fixed. Opinions differed and arguments grew hot. Finally someone suggested a straw vote. The returns on the question, is the new price fair? showed 14 yes to six no. The six who voted no all insisted that the price is too low.

The men debated the price of hogs for the year. Most of them favored \$18, but Herman Smith, Kearney, declared hogs will be around \$20 all year. Other stockmen laughed at him, but he was firm in his opinion.

George Kern, West Side, Ia., was the other extremist. He said that he thinks hogs will be kept down near the minimum price of \$15.50.

Prominent South Side

Woman Dies at Hospital

Mrs. Jennie Martin, 2219 F street, wife of James G. Martin, prominent commission man of South Omaha, died at the Clarkson hospital Monday night. She was 55 years old and is survived by her husband and one daughter, Mrs. Russell Burrus, 4428 South Eleventh street.

The Martins have resided in South Omaha for 30 years, during which time Martin has been in business.

Funeral services will be held at the residence Thursday at 2:30 o'clock.

Jail Breaker is Given

45 Days in Hospital

Harry Steinberger this morning made a sensational but unsuccessful attempt to escape from police headquarters and was sentenced to 45 days in the county hospital by Police Judge Madden. Steinberger is a dope fiend, it is believed.

Jail Sentence Faces

Those Having Liquor

Sherman Billingsley, brother of Logan Billingsley, pleaded guilty to the possession of intoxicating liquor when he was placed under fire by Special Prosecutor McGuire in district court and paid his \$100 fine and costs.

Half a dozen other liquor appeal cases have been dismissed by the payment of the fine levied in police court to keep the cases from coming before the higher court juries. The general exodus follows the announcement by Prosecutor McGuire that jail sentences will be asked instead of fines in cases appealed hereafter.

Beckert Turned Over to

Military Authorities

Rudolph Beckert was turned over by United States Marshal Flynn to the Fort Crook military authorities under instructions from the attorney general. A sergeant and a private took him to Fort Douglas, Utah, where he will be interned during the war. Beckert alleged that it was while he was under the influence of cocaine given him by a doctor that he made the alleged disloyal remarks.

GOES TO AUSTIN TO JOIN
ARMY BIRDMEN

ELMER B. CAMPBELL.

Elmer B. Campbell, son of John Campbell, prominent Omaha abstract man, will leave Wednesday night for Austin, Tex., where he will begin training in the aviation section, United States army.

Campbell, who was a student at the first officers' training camp at Fort Snelling, has been in Omaha since the close of that camp helping instruct recruits of the different military units recently organized.

He will undergo training at Austin for six weeks, whence he will go to San Antonio where he will be given a certificate as an aviator and a commission after six months' training.

Campbell is 20 years old. He was a student at the University of Nebraska at the outbreak of war and a popular fraternity member there. His mother, Mrs. John Campbell, is a prominent war relief worker.

He Took a Chance

On the 13th and

Lost; No Luck At All

Harry Steinberger told the police this morning that he always believed in taking a chance, but he admitted after drawing a blank, that today, being the 13th of the month, luck was against him.

He was arrested by Officers Lahey and Plotts on a charge of being suspected of shop-lifting. While having his photograph and measurements taken this morning for the police archives Mr. Steinberger made a brilliant dash for the great outdoor world which lies beyond the city jail. He was moving on high speed at Twelfth and Douglas streets when Officers Van Dusen and Mansfield impeded further progress of the fugitive.

"Well, I took a chance and lost," philosophically remarked Steinberger when he was taken into custody again.

MYSTIC MEDIUMS
PLACED UNDER BANCity Ordinance Prohibiting
Sale of Psychic Information
Passed; Does Not Inter-
fere With Spiritualists.

An ordinance passed by the city council prohibits on and after November 28 the charging of a "fee" for services rendered under the names of clairvoyance, fortune telling, trance or life readings, or associated terms.

The effect of the ordinance, if enforced, will be to make Omaha an unprofitable field for dealers in psychic information.

Commissioner Kugel declared that his investigations revealed so much imposition that he believed it was time to check this business.

Mr. Kugel explained during a meeting of the city council that this ordinance will not interfere with the activities of members of the spiritualist denomination.

"We do not pretend to prevent spiritualists holding their services, contributing toward their churches and paying their ministers, but we will put a stop to this business of duping victims out of their money on the pretense of telling fortunes, selling love powders and charms, and a lot of other activities practiced in the name of spiritualism," he announced.

Make Your Own Cough

Syrup and Save Money

Better than the ready-made kind. Easily prepared at home.

The finest cough syrup that money can buy, costing only about one-fifth as much as ready-made preparations, can easily be made up at home. The way is to take half a pint of honey and add to it enough throat and chest colds will really make you enthusiastic about it.

Any druggist can supply you with 94 ounces of Pinex (60 cents worth). Four will supply you with Pinex and all the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 65 cents and gives you a full pint—a family supply of a most effective, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually but surely the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "24 ounces of Pinex" with full directions and don't accept anything else. Absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

BODIES POISON

THEMSELVES

They Breed Disease

When Clogged

If a day passes and your body fails to remove from itself the volume of waste matter that has piled up during the previous twenty-four hours, disease of some sort is likely to follow.

When this happens, what physicians call auto-intoxication frequently takes place.

By auto-intoxication they mean self-poisoning—where the body poisons itself because of constipation.

It is easy for anybody to understand how such a condition can cause severe headaches, disordered stomach and set up rheumatic pains throughout the body.

Many people treat constipation with cathartics that are filled with harsh acting drugs and find temporary relief in this way.

Increasing numbers are taking old-fashioned salts with most satisfactory results. Salts have been a standard treatment for constipation for many years, prescribed by thousands of physicians and taken with positive benefit by an untold number of sufferers.

Most effective of all salts has been a combination of three certain kinds, to which fruit acids have been added. This particular prescription is now made up in package form and sold by druggists under the name of Salinos (laxative salts).

Salinos is easy to take, dissolves readily in cold water, and gives to it a pleasing flavor.

Get a package of Salinos today and try a little in a full glass of cold water tomorrow morning before breakfast. You'll feel better within an hour and the end of the day won't find you dog-tired with a sick headache and a sour stomach.

YOU CAN NEVER LOOK 40

So Say Eminent Chemists, if

You Use Never-Tel.

Never-Tel is the new, delicately perfumed toilet preparation in sanitary tablet form to darken and strengthen gray or faded hair. It appeals especially to those desiring to avoid dyes, theatrical changes. It is said that it does its work so gradually that even friends can "Never-Tel," and after abundant proof, it bears the rare distinction of being legally accorded the name Never-Tel.

This new preparation is complete in itself, therefore simplifies the entire problem of caring for the hair. There are no bottles or extras to buy. You merely dissolve two or three tablets in a little water as used. It is certainly a greater convenience for home users and travelers alike, and has the added advantage of never staining delicate skin, is not sticky and will not rub off—in fact, the manufacturers recommend that the hair be washed frequently in the usual way during its use. A 50-cent box at all druggists will prove it a most interesting, harmless restorative, appealing to modest, refined people everywhere.—Advertisement.
