

CANADAY AGAIN HEADS GRAIN MEN

Minden Man Re-elected President of Farmers' Co-operative Society; Eckerle Delivers Address.

J. S. Canaday of Minden, was re-elected president and J. W. Short-hill of York secretary of the Nebraska Farmers' Co-operative Grain and Live Stock State association at the second day's session at the Hotel Rome Wednesday afternoon. These two men have held their offices for a number of years, and each year they grow stronger in the hearts of the association members.

E. P. Hubbard of Juniata and E. B. Daley of Merna were elected to the board of directors.

At the close of the registration Wednesday afternoon, 427 delegates were enrolled.

Don't Want Quitters.
"You don't want to be a quitter or a slacker," said Charles E. Eckerle, general organizer, in his talk before the convention of the Nebraska Farmers' Co-operative Grain and Live Stock State association at the Hotel Rome Wednesday morning.

Mr. Eckerle was not scheduled for the program, but was asked to talk when he was found present.
"The government is doing big things these days, while we are getting ready for this great war," he said. "Of course, here and there we find somebody kicking. One fellow said to me outside the door today that he was not in favor of this government price fixing of wheat, and he thought it was all wrong. Here and there I hear a farmer say that supply and demand should be allowed to make the price of wheat and other products. Yet, not five years ago the farmers were howling because they only got 65 cents a bushel for their wheat, and now the government has guaranteed you \$2."

He advocated that the managers of the co-operative elevators and shipping associations start a campaign to put farming on a more strictly business basis, and at the same time to work out a way whereby the farmer could buy his implements a little closer by paying cash for them instead of making the implement man his banker and paying interest on money that he should have had ready before he bought his implements.

E. P. Hubbard of Juniata, manager of the co-operative elevator there, talked on the value of the association work, declaring that a live manager, by coming to the association can get points that will enable him to save for his company during the year many times the amount it costs to send him to the convention. He cited his own experience of learning through the convention some time ago how to cut down the insurance premiums on the elevator, so that insurance is now costing his company \$80 where it formerly cost \$480.

The delegates will visit the Union Stock yards and the packing houses Thursday morning. Special street cars will be provided to take them to the yards from the Hotel Rome at 8 o'clock.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.
No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

How the Union Pacific Railroad Appeals to Patriotism of Patrons

UNCLE SAM FIRST

THE UNION PACIFIC SYSTEM is putting forth every effort to render the service which the Government calls upon it to render in this hour of National need.

Hundreds of thousands of soldiers are being moved to camps in various parts of the country and in a short time these men will again be moved,—to sea coast points for transport to the battle front.

THE UNION PACIFIC SYSTEM is doing its share in the handling of these many train loads of soldiers.

This means that the equipment ordinarily available for our passenger trains is being used largely for the movement of troops.

We ask our patrons to be patient with us during this period—remember, if you cannot get a seat it is because we have given your seat to a soldier. We are doing our best to make it comfortable for somebody's boy who is training for the trenches.

Our motto is your motto:

UNCLE SAM FIRST

Full page from the standard folder, reproduced herewith, of the Union Pacific Railroad is being distributed all over the United States. It reflects the unusual demand on the railroad for passenger equipment for transporting the soldiers. The road appeals to patrons to bear in mind these extraordinary conditions likely to result in unavoidable inconveniences and to make allowance for them.

NEBRASKA HOLDS WEEK CELEBRATION

Pioneer Store, Proud of Its Record of Achievement, Has Birthday Anniversary.

The fifth anniversary of the Nebraska Clothing company, Fifteenth and Farnam streets, under the present ownership, is being celebrated this week. One of the features is a souvenir gift of \$2.50 gold pieces given to patrons of the store.
The rapid progress of the Nebraska has been extremely gratifying to its owners, John A. Swanson and William L. Holzman, who purchased the store in November, 1912. Some doubt which existed at that time as to whether retail stores would be a success off of Sixteenth street has been proven erroneous by the big clothing establishment.

The annual volume of sales of the Nebraska now runs well over the \$1,250,000 mark.
The entire store has been remodeled and rearranged. The second and fourth floors are now entirely devoted to men's and young men's clothing. The first floor is devoted to men's hats, general line of men's furnishing goods, men's, women's and children's footwear. The third floor is exclusively women's wearing apparel and millinery.
"Never in the history of Omaha

was launched such a campaign of value-giving and aggressive effort to attract the public back to the old "Heart of Omaha Retailing," said Mr. Holzman. "Never before in America has any one establishment turned the retail tide back into former channels, but the new Nebraska achieved this result and has shown most remarkable growth and in the clothing and wearing apparel lines exclusively, a record equaled by very few stores even the largest cities."
