**FRENCH CLASH ON  
WAR COMMITTEE**

**Ministry Resigns; Deputies Bit-  
terly Criticise Tentative  
Union of Entente  
Powers.**

(By Associated Press.)  
Paris, Nov. 14.—The ministry re-  
signed tonight. The resignation of  
the ministry followed its defeat in the  
chamber of deputies by a vote of  
277 to 186.

After the government had obtained  
a restricted but sufficient majority on  
the question of confidence in its mili-  
tary and diplomatic policy a deter-  
mined attempt was made to bring on  
a discussion of current scandals, in-  
cluding the accusations of L'Action  
Francaise of a royalist plot and  
against former Minister of the In-  
terior Malvy, but Premier Painleve  
demanded a postponement of the in-  
terpellations until November 30, when  
the interlarded conference would be  
held.

Postponement was then made a  
question of confidence and the cham-  
ber by a vote of 277 to 186, in which  
the right joined the cabinet's oppo-  
nents, refused to acquiesce in the  
premier's demand. Thereupon the minis-  
ters left the chamber and went to the  
Elysee palace and resigned.

The interlarded war committee was  
under discussion in the Chamber of  
Deputies.

After a heated discussion on various  
interpellations, Premier Painleve put  
the question bluntly:

"Has the present government the  
confidence of the chamber? Has it  
the necessary authority to represent  
France at the coming allied confer-  
ence?"

The government then received a  
vote of confidence by a majority of  
58, but about 100 members abstained  
from voting.

M. Painleve said that if a single  
supreme command some day were  
possible it would have the need of  
precisely such an inter-allied staff  
as now would be created by the superior  
war council.

The premier said the British and  
French commander in chief had come  
to an arrangement for the extension  
of the British front at an early date,  
which it would be injudicious to men-  
tion exactly.

Abel Ferry condemned the new war  
council as merely an inter-allied sec-  
retariat bureau.

**Halt Work on New Church  
Until World Peace Comes**

New York, Nov. 14.—All build-  
ing operations at the Cathedral of  
St. John the Divine, which has been  
in process of construction a score of  
years and designed to be one of the  
greatest cathedrals of the world, are  
to be brought to a halt until world  
peace shall come, in order that  
the Episcopal church shall not  
divert any energies or resources that  
can be put into the winning of  
the war.

This announcement was made by  
Dean Howard Chandler Robbins at  
the opening session today of the  
134th annual convention of the dioc-  
ese of New York.

**MUSIC**

**Mr. Bush in Recital.**  
Mr. Martin W. Bush, one of Oma-  
ha's leading musicians, was heard in a  
most delightful piano recital last  
evening at the First Baptist church. Re-  
citals by Mr. Bush are always a treat,  
for he is a pianist of such splendid at-  
tainments and so well equipped from  
a musical and technical standpoint  
that lovers of the piano know they  
will hear when he plays many things  
to both interest and charm them. Mr.  
Bush possesses a tremendous technic  
and a wide range of dynamics, which  
make it possible for him to play at  
all times with the greatest ease.

He interprets with musicianly taste  
and clearness of conception and brings  
his numbers before the listeners with  
a finish and clarity making their en-  
joyment assured. His programs, too,  
are always out of the ordinary, and  
both the novelties, which abound, and  
better known selections are chosen  
and placed with regard to their most  
pleasurable effect.

Mr. Bush rediscovered for his open-  
ing number the happy, pianistic So-  
nata in C major by Weber, which  
flows on with mellifluous charm  
through a merry allegro, restful  
adagio and a graceful minuetto to a  
brilliant closing rondo. The lights and  
shades of the different moods depicted  
in Schumann's "David's Bunder-  
tanz" gave Mr. Bush an opportunity  
for some of his most musical work of  
the evening.

The novelties in the third group  
were all of more than usual interest  
and widely contrasted. The Dohnanyi  
Rhapsody in F sharp minor with a  
rich harmonic background for pulsing  
runs was especially charming, and the  
"Four Dutch Songs," arranged by  
Josef Hofmann, could each have been  
repeated with satisfaction to the audi-  
ence. Although short, they are full  
of quaint melody, combined with mod-  
ern harmonic structure and marked  
by strong rhythm. For a closing  
number Mr. Bush played a  
valse caprice, "Nachfolger," by  
Strauss-Tausig, which is brilliant, mu-  
sical and of staggering technical diffi-  
culties. This he played with the same  
unassuming nonchalance which  
marked his playing of the smallest  
number, and in spite of its demands  
for power and brilliancy giving it the  
same smoothness and finish which  
marks all his work. A Sgambati Min-  
uetto was another novelty given as  
the only encore.

**Teuton Thrust Merely Political  
Drive, Believes Baker; Re-  
ports of Italian Defeat  
Grossly Exaggerated.**

(By Associated Press.)  
Washington, Nov. 14.—France's  
confidence that the Teutonic drive in-  
to Italy has been stopped is expressed  
in a war office statement cabled today  
to the French embassy here.

"The Germans have exaggerated  
the importance of the Italian defeat,"  
says the statement. "In reality the  
Italian armies are far from being de-  
feated."

"The second army only has seri-  
ously suffered."

"The line of the Piave is solidly  
held. The shortening of the front  
will allow better means of resistance."  
"The English and French armies  
are in reserve behind."

"The morale of the army has been  
strengthened and is becoming excel-  
lent."

"The country at first strongly shak-  
en, is becoming more settled as the  
political parties are getting more  
united."

Military men here believe, too,  
that the Austro-German thrust in  
Italy has reached its crest and evi-  
dences of the use to which the Ger-  
man high command will attempt to  
put its advantage are now watched  
for with great interest.

In his weekly war review, issued  
today, Secretary Baker indicated his  
opinion that the drive was primarily  
a political movement. This opinion  
is shared by numerous American offi-  
cers and in some quarters it is be-  
lieved a peace offer is expected to be  
made at any moment from German  
sources. It is suggested that it may  
come in some indirect fashion, to be  
disclaimed in Berlin if it brings no  
results.

Observers here fail to see that the

**CONSTIPATION IS  
A PENALTY OF AGE**

Nothing is so essential to  
health in advancing age as free-  
dom and normal activity of the  
bowels. It makes one feel  
younger and fresher, and fore-  
stalls colds, piles, fevers, and  
other dependent ills.

Cathartics and purgatives are  
violent and drastic in action and  
should be avoided. A mild, ef-  
fective laxative, recommended by  
physicians and thousands who  
have used it, is far preferable.

This is the combination of simple  
laxative herbs with pepsin sold  
by druggists under the name of  
Dr. Caldwell's Syrup Pepsin. It  
costs only fifty cents a bottle, a  
trial bottle, free of charge, can be  
obtained by writing to Dr. W. E.  
Caldwell, 456 Washington St.,  
Monticello, Illinois.

**Upholds Constitutionality  
Of Federal Draft Law**

Wilmington, Del., Nov. 14.—Judge  
Edward G. Bradford in the federal  
district court today filed an opinion over-  
ruling the demurrer filed in the case of  
Donald Stephens, who failed to reg-  
ister in accordance with the draft law.  
The defense claimed that the law was  
unconstitutional, but the court up-  
held the constitutionality of the law.

Supply lines for the invader run  
back into Austria through rugged  
mountain passes, which it will be dif-  
ficult to keep fully open during the  
winter months. Once the mass of  
heavy artillery and supplies necessary

**Face Peeling Habit  
Becoming Fashionable**

Women of fashion and refinement in this  
country, as in Europe, seem to have been  
acquiring the mercurized wax habit, depend-  
ing less and less upon cosmetics for their  
complexion difficulties. It does seem a lot  
easier to just peel off the worn-out skin  
when it loses its youthful color and appear-  
ance—now that this can be done so easily,  
safely, painlessly and economically.

There's no trouble getting mercurized wax  
at any drug store (an ounce will do), since  
its virtues have become generally known  
here, and there's no trouble using it—just  
as you use cold cream, applying at night,  
washing it off next morning. The wax takes  
off the old dead skin, in tiny flakes, a little  
each day. This new under-skin which gradu-  
ally appears, is velvety soft and beautifully  
white, radiant with girlish loveliness. Any  
surface trouble like chaps, pimples, red or  
yellow patches, freckles, etc., vanishes, of  
course, with the discarded cuticle.—Adv.
