

FUEL EXPERT TO COME MONDAY TO HELP FIX PRICE

Kennedy Returns From Kansas
City, Where Administrators
of Seven States Held
Session.

John L. Kennedy, federal fuel administrator for Nebraska, returned from Kansas City, where he joined fuel administrators of six other states in condemning mine operators and miners who carried their disputes to the extent of closing mines and curtailing the output.

The session was held on Thursday from 2 o'clock p. m. to 10 o'clock p. m., and the states represented were Nebraska, Colorado, Kansas, Arkansas, Missouri, Iowa and Oklahoma. "These seven fuel administrators met together because the fuel situation in their states is similar and it was believed that co-operation and uniformity would work to the benefit of all," said Mr. Kennedy.

"The administrators of these states have agreed upon their plan of procedure," he added, "so that in all of the states named regulations will be made, and the coal situation will be handled along the same lines. A fuel expert will be here next Monday to assist the retail coal dealers in making correct prices."

Mr. Kennedy is not ready to outline the plan of procedure agreed on at the Kansas City meeting, but he said the details will be announced from time to time.

Condemn Operators.
The following resolution was adopted by the seven fuel administrators Thursday night at Kansas City: "Resolved, That we, the fuel administrators of seven states, similarly situated in regard to production and distribution of coal, realizing the importance of producing a maximum output of coal, do condemn the spirit and action of operators and miners in carrying their disputes and grievances to the extent of closing mines and curtailing output. We believe a patriotic spirit should prevail among all citizens, to the end that all the energies and resources of our people should be exerted to the utmost, in this, the most important period of our national life."

Omaha Boy Arrives In France With Navy Aero Detachment

Harry Wendell, Omaha boy, has arrived in France with the first United States navy aero detachment. A letter has been received by Wendell's brother, Gilroy P. Wendell, 2310 South Twenty-ninth street, announcing his safe arrival at a seaport "somewhere in France."

Wendell is a member of the United States navy aero detachment No. 1. He is a mechanic's mate. Wendell's letter suffered some at the hands of the censor. He tried to name the port at which he was located, but the censor gave it the blue pencil. The Omaha boy says his detachment is the first crew of Americans to arrive at the little French town in which he is stationed, and that the inhabitants gave them a royal welcome. He writes that he is now learning French from a score of fair instructors, who are just as eager to learn English as he is French. The town in which he is stationed, Wendell says, is about 400 miles from the fighting front of France.

Know 'Em? These Men Are in Uncle Sam's Service Delivering Mail From House to House for You Every Day in the Year

Group will be printed again in The Sunday Bee with names and present-day photos.

Quality of New Corn Very Disappointing

In quality the new corn coming to the Omaha market is a disappointment. Most of it is so full of moisture that it is hardly marketable and consequently it hardly grades. Today the receipts were 27 carloads and the sales were made all the way between \$1.32 and \$1.90 a bushel. Nobody was able to say whether prices were up or down, as there was nothing with which to compare the offerings. Grain men assert that the condition cannot improve until temperatures become low enough to freeze the moisture out of the kernels and the cobs.

Oats were 1 1/4 @ 1 3/4 cents up and sales were at 66 @ 66 1/2 cents a bushel. Receipts were 44 carloads.

Wheat receipts were 74 carloads.

Son of Bishop Stuntz to Sail for France Soon

Hugh Clarke Stuntz, son of Bishop Stuntz, will speak at the Dietz Memorial Methodist Episcopal church Sunday evening. Mr. Stuntz for the last several months has been serving as assistant director of religious work at Camp Grant, Rockford, Ill. He is under appointment for Young Men's Christian association work in Italy and will sail in one week. He will speak on the Young Men's Christian association work in the camps from first-hand knowledge.

One-Minute Store Talk

Upon this occasion—the Fifth Anniversary of our Greater Store—we are attempting to show, in a material way, our hearty appreciation of the kindly interest and patronage of our thousands of friends and customers.

We have "left no stone unturned" in our efforts to make this store an establishment of real service and helpfulness. Especially this year, when prices have soared on all lines, we have prepared far in advance to maintain our value standards.

Even the \$2.50 gold pieces, our anniversary souvenirs, are becoming scarce, owing to the United States government discontinuing this coin, but fortunately we secured a liberal supply. That they will be at a premium soon is self evident.

We invite you to attend our
FIFTH BIRTHDAY PARTY
Saturday.

CORRECT APPAREL FOR MEN AND WOMEN

FOOD CARDS ARE NOW TABULATED

Final Figures Show 200 Persons Who Do Not Uphold America in War on Germany.

One person in 1,000 in Nebraska is not in sympathy with the war on Germany.

This remarkably low percentage of disloyalty was shown in the returns of the food pledge campaign. The figures have just been tabulated. They show that out of the 200,000 families called upon for signatures during the campaign, 200 in refusing to sign gave as their reason their lack of sympathy with the American cause in the war.

The names of these people have been carefully listed and submitted to the State Council of Defense for that organization to deal with in whatever way they see fit.

Less than 1 1/2 per cent of the 200,000 families refused to sign from all causes. Some of them refused because they did not understand the nature of the pledge, and others because they signed previously when the campaign was only half carried out, and they did not understand that they might sign the card a second time.

Give The Stomach A Chance To Work

We can't expect the stomach to act normally if the natural avenues of elimination are blocked so it cannot dispose of its refuse. When the bowels are constipated the stomach is called upon for work beyond its capacity and the result is bloating, belching, headache, and discomfort generally, and, unless the condition is promptly relieved, serious illness.

An effective remedy for constipation is sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that acts on the bowels in a gentle, natural manner, without griping or other pain or discomfort, affording speedy relief. Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it in the house when you need it; it costs only fifty cents and is the ideal family remedy, solid enough for children and old people, yet sufficiently powerful for the strongest constitution. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 408 Washington St., Monticello, Illinois.
