### Set Age Limit on Eggs; Cheaper Butter Ahead

Washington, Nov. 16.—Speculation in butter and eggs has been eliminated, the food administration announced today, by a voluntary arrangement made with the country's butter and egg exchanges. A set of rules drawn up governing transactions in these commodities prevents speculation and guards against fictitious prices. No purchases are to be made on

call, except by persons actually en-gaged in the distribution of the commodity purchased and goods must be purchased only for actual distribution in the ordinary course of business, and then only in such amounts as are necessary to enable the purchaser to carry on his business efficiently.

### One German Shell Puts

Many "Sammies" in Bed With the American Army in France, Nov. 16.—A number of American infantrymen, suffering from shell wounds, arrived today at the base hospital. All the casualties were caused by the same shell.
A group of Americans were in a

shack in the reserve when the Germans began shelling heavily. The officers ordered the men to a place of safety, but before they could get there a large shell dropped on the position and exploded. The American artillerists concentrated their fire on the communicating trenches of the enemy and it is believed their shells caused considerable casualties and damage.

### LABOR POLICY IS LIKE SUBMARINES

President of National Founders' Association Declares Union Labor Attacks Industries Under Surface.

Buffalo, N. Y., Nov. 16.-The address of William H. Barr, president of the National Founders' association, in which he criticised the government's policy in dealing with labor's problems, was freely discussed by the delegates attending the 37th annual convention of the American Federation of Labor here today and a reply was looked for from the floor of the convention.

The eight-hour day, Mr. Barr de-clared in his speech delivered in New York, is an economic waste and a grave menace in time of war.
