Birthday Party. Mr. and Mrs. G. A. Dunn entertained Thursday evening in honor of their son, Mr. Gordon Dunn, the occasion being his fourteenth birthday. The evening was spent with games and music and about 20 guests were present.

Informal Wedding. A very pretty and informal wedding was that of Miss Josie King and Mr. John Murray, both residents of the South Side. Miss Hallie King, sister of the bride, and John Golden were the only attendants. Father Thein of St. Bridget's church performed the ceremony Wednesday morning at 8:30 o'clock, which was

NEVER-TEL Defends Your Youth Gradually Darkens Gray Hair HOW often do we see young men and women 25 to 40 years of age, prematurely gray, and whether you realize it or not, gray hair is the biggest handicap of your life. Give yourself an even chance. Turn back the pages of so called "Time" by the occasional use of NEVER-TEL.

Sisters Announce Double Engagement

Jean Undeland

UNDELAND GIRLS TO WED WYOMING MEN SOON

A most interesting double betrothal announcement is made today by Mr. and Mrs. A. L. Undeland, who announce the engagements of their daughters, Agnes, to Mr. George R. Keeline of Gillette, Wyo., and Jean to Mr. Roddy Ryan, also of Gillette. The weddings will be on different dates, however, Miss Agnes Undeland's wedding to take place on Thanksgiving evening, November 29, at the home of her parents, and Miss Jean Undeland's wedding date is December 11. The arrangements have not yet been completed, however.

The two sisters are well known in musical circles. Miss Agnes is an accomplished pianist and Miss Jean a violinist of great ability. Miss Agnes is a graduate of Sacred Heart High school, while Miss Jean attended the University of Nebraska, later going to Germany, where she studied music for three years.

Mr. Keeline is a son of Mr. and Mrs. Harry Keeline of Council Bluffs and is a ranch owner in Wyoming. He will take his bride to Wyoming, where they will make their home. As Mr. Ryan is a young attorney of Gillette, the two sisters will make their homes in the same city.

The two romances began in the west when the Undeland family lived in Wyoming for a short time, Mr. Undeland having taken up a large claim there.

J. DeBacker, Raymond Traynor, Phillip Cogley and Stephen Parker.

Chiropractic Talks

For a number of years past many of the leading newspapers and periodicals throughout the country have devoted considerable space to such subjects as Guides to Health. Advice by physicians to inquirers regarding all kinds of ailments, diseases, etc. Full credit should be given to all efforts directed along those lines, whether from a medical, surgical or naturopathic viewpoint and they should in no way be minimized. The public have not, however, been fully informed as to the facts relating to Chiropractic, which stand out preeminently among the many different forms of scientific drugless healing. Chiropractic was discovered twenty-two years ago and has since been developed into a science which has progressed so rapidly that at present there are approximately 8,000 Chiropractors throughout the country and a number of first-class colleges and schools are furnishing complete instruction to students. So that the public may fully understand the facts regarding the wonderful advancement made in Chiropractic, the Chiropractors of Omaha and surrounding cities will publish a series of talks, 26 in number, one each Sunday. The first article will be on Chiropractic—What Is It? The Chiropractor, Disease and Its Master; Gout, Sciatica, Stomach Trouble, Nervousness, Neuritis and other subjects, which will be announced from time to time. These articles, explaining Chiropractic and its relation to the restoration of health, are not in any way intended to detract from any established profession. Everything, from a professional standpoint, has its place in the affairs of the human family, whether it is the surgeon, oculist, osteopath, scientist, etc. The articles to be published are not intended to advance the interest of any one Chiropractor, School or College. Each week the subject to be published on the following week will be announced. Soldiers may secure adjustments free of charge from any Chiropractor.

See Superfluous Hair Melt Away "A New Way That Makes It Remarkably Easy," Says Valeska Suratt, Queen of the Screen. BY VALESKA SURATT HAVE you ever seen superfluous hair just melt away? Well, this is practically what happens when you use the method I outline here. It is as most as easy now to get rid of superfluous hair as to wash the face, and every bit as safe. There is only one thing I know that will do this, and this is to apply a few drops of sulfo solution on the hairs to be removed. After a few moments the hairs will be seen to crinkle up and fall entirely loose from the skin. That is all there is to it and never leaves a spot or irritation, and the skin is left soft and smooth. The sulfo solution can be secured at any drug store for one dollar. It never fails. It solves once and for all the problem of removing superfluous hair.

MOVIE ACTRESSES AND THEIR HAIR Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or make-shift, but with a simple mixture by putting a teaspoonful of cantrox (which they get from the drugist) in a cup of hot water and applying this instead of soap. This full cup of shampoo liquid is enough so it is easy to apply it to all the hair instead of just the top of the head. After its use, the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is, while its luster and softness is delightful. —Adv.

Wrinkles Disappear "As If By Magic" "In the removal of wrinkles, I have discarded cosmetics entirely," writes Mme. Corasan, the celebrated beauty expert. The results they produce are deceptive and never permanent. Massage is only partially successful and it is too slow a method. "I've never seen anything work such wonders as a simple, harmless solution any woman can prepare and use at home without the least trouble. A half pint of witch hazel and an ounce of good powdered azoocite are all you'll need. Mix the two and apply this refreshing solution to your face daily. The effect is marvelous—instantaneous. The skin becomes firmer, "every wrinkle and sag is affected. You feel so refreshed after using the wash; you look refreshed, too; soon you will look ten years younger."—Advertisement
