A. A. U. GIVES \$5,000 TO CAMP ATHLETICS

Eliminate Registration Fees for Men Taking Part in Contests at Cantonments; Deny Reinstatements.

(By Associated Press.)

St. Louis, Nov. 19.-The Board of Control of the Amateur Athletic I nion today adopted an amendment to the rules permitting amateur athletes in army and navy camps to compete with professional athletes in the camps without losing their amateur standing, appropriated \$5,000 to promote athletic activity at the camps and climinated registration ices for atheletes that take part in contests at the cantonments.

A committee, consisting of Justice E. S. Weeks of New York, George Turner and W. C. Proutt, was appointed to confer with Secretary of War Baker as to the spending of the fund to encourage army athletics. The money will be used to buy medals for athletic winners.

The board voted also to expend any sums in addition to the \$5,000 deemed necessary to encourage athletics among the men in the na-

engaged in play ground activities during the summer months might retain their amateur standing. The old rule, which is retained, provides that athletes who engage in play ground work become professionals. The board denied reinstatement to

the following athletes: Paul Monaco, Schnectady, N. Y., who took part in a professional race; Leo J. Ziclinski and A. J. Borgelt, both of Milwaukee, who competed against professionals in Milwaukee last summer.

The athletic records submitted by the record committee were approved with a few exceptions. In the case of Clinton Larsen of Brigham Young university, who made a running high jump of six feet, seven and seveneight inches at Provo, Utah, on June 1, 1917, the board ruled that the mark was made in exhibition and not in competition and therefore could not be allowed as a world's record.

The board recommended that hereafter no noteworthy performances be recognized unless they equal or excel previous records made under similar conditions.

Big Leagues May Pool Both Coin and Men, Says Comiskey

Chicago, Nov. 19 .- Pooling of both gate receipts and players in the American league next season may become necessary in order to avoid shortening the schedule and reducing salaries to a five months' basis.

Mr. Comiskey said today that he would be willing to espouse even that remedy for the duration of the war rather than see the major leagues reduce their standards.

Creightons to Play Miners,
Not Wyoming, on Turkey Day
Creighton will clash with the fast Colorado School of Mines eleven on Creighton field Thanksgiving day instead of the University of Wyoming. The latter school was originally scheduled to battle the blue and white. The Colorado Miners last year were champions of the Rocky Mountain conference and expect to repeat this season. The Miners recently beat Wyoming 58 to 0, so that in the switch Creighton's new foe is much more formidable and should make the game

OMAHA HAS CLEAR TRACK TO TITLE

Stand in Way and Local Fans Are Confident of Winning Championship.

Omaha Central High grid team so far has the clearest title to the Missouri Valley championship. The best teams from South Dakota, Iowa and Nebraska have fallen before Central, leaving St. Joseph and Norfolk as the only elevens who have a change to muddle the locals' claim.

claim a championship while an unde-feated team is still in the field, St. Jo-Central High supporters are getting fourths of their time every day to the Missouri sport and want to be shown. They can't quite figure why Pleads to Women. such a combination of sprinters, booters and human catapults as the boys from down the river claim to be, couldn't keep their goal from being crossed so frequently. They want to know how Trenton and Topeka managed to put it over them.

Play Norfolk Saturday. Showalter's prodiges from Norfolk will make their appearance in Omaha Saturday on Creighton field, in place of Friday, as originally planned. Since Creighton has cancelled its game for that day, Athletic Director Cairns arranged with Norfolk that they should come a day later in order that the business men and alumni might be able to take advantage of their last chance to see the purple and white in action on the home gridiron.

Norfolk possesses a team that is capable of making Central work harder than usual, but is not expected to break Central's string of victories. "We are working just as hard for Norfolk as we did for Lincoln," said Coach Mulligan.

Captain Simkins, left half; Ballan-tyne, full; Rosenthal, righthalf; Zubrigen and Wiley, tackles, and Shively at end are Norfolk's veterans. Rosenthal is reported as a wizard at both, the open and straight foot ball. The average weight is 10 pounds less than that of Mulligan's crew, Norfolk held Lincoln to three touchdowns and can exhibit a style of play that should prevent Central from running up a score like those with which is overwhelmed the local elevens. Norfolk kept its best players out of the last game and is bending every effort to at least play Central to a tie score.

Central High Swimmers

To Organize Team Today Central High swimmers will meet oday to organize a swimming team. Lincoln High has had one for several years and the Omaha boys don't want to be one step behind the Capital City lads. Lincoln swimmers defeated the locals' informal team at at the Young Men's Christian association pool on the morning of the Lincoln

The Central High foot ball players who made the Sioux Falls trip Saturday consider the game played in that city as the best of the season from a sportsmanship viewpoint. A delegation of Sioux Falls girls as well as boys met the visitors at the station at 6 in the morning and showed them the town before the game, A dance was given the visiting team in the evening.

WAR WORK GREAT SOCIETY LEVELER

Norfolk and St. Joseph Alone So Declares Charles A. Goss in Address Before Science Department of Woman's

War work as a leveler of society was a point emphasized by Charles A. Goss, following talks made by Mrs. Luther Kountze and Mrs O. C. Redick on Red Cross work at the meeting of the political and social leaving St. Joseph and Norfolk as the only elevens who have a change to muddle the locals' claim.

St. Joseph was defeated by Trenton finding the good qualities in of the Omaha Woman's club Monday. "Not only are we finding ourselves, but we are finding the good qualities in of the Omaha work." by one score and by Topeka by a drop People who have never gotten to-kick. Since no defeated team can gether before meet daily in a com-

mon cause," he said.

Mrs. Redick told of women who do seph is out of the running, but may regain its former claim by defeating Central on turkey day. Eight veteran players, with an average weight of 170 pounds, according to reports from St. Joseph, are going to do a lot of damage to the Omaha combination. Central High supporters are getting the Missouri sport and want to be specified by their own work, care for their babies, do their own baking and other household tasks, who yet find time to spend a half-day each week at Red Cross headquarters. "The work grows on the women. Some who gave but a few hours each week now give three-fourths of their time every day to war relief work," said Mrs Redick.

Mrs. Redick made an urgent plea for women to give their leisure hours to the surgical dressings work, on which big demands are being made by the French hospitals. Mrs. Kountze emphasized the so-

cial service feature of the canteen work undertaken by the Red Cross women at Fort Omaha, "It isn't the food we serve, it's the opportunity to talk away some of their lone-someness and to do little acts of service for the boys that counts. We do their mending, make laundry bags for them, do necessary shopping that they have no time to do and attend to errands for them," she said.
