DON'T MISS IT. CHICAGO GRAIN AND PROVISIONS.

Lessening of U-Boat Danger Has Bullish

Lessening of U-Boat Danger Has Bullish

Effect on Corn.

Chicago, Nov. 20.—Changes of enlarged exports resulting from the lessening of U-boat danger had a decided bullish effect today on corn. Prices closed strong, 1½c to 2½c net higher, with January \$1.18\% of 1.18\% and May \$1.16\% \sqrt{6}\% \sqrt{1.17}\, Oats gained 13\% to 15\% cand provisions 15\% to 57c.

Corn prices went up grade from the start and finished at substantially the topmost point reached. Attention focused chiefly on Lioyd George's statement that there was no new fear of the submarine menace. Bankers drew the inference that ocean trade would be greatly facilitated and that much more corn than had been figured on would find an outlet over seas. In this connection, sharp notice was taken of remarks by Chairman Wheeler of the Hilinols council of fearse emphasizing the shortage of wheat. The better tone of the New York stock market tended further to strengthen corn. About the only check on the advance came from weather conditions likely to improve the quality of the new crop.

Oats mounted to the highest prices yet this season. Buying on the part of seaboard interests acted as a dominating influence.

Government action, retaining the maximum price limit at Liverpool counted toward lifting provision values here. On the bulges, though, realizing sales were in evidence.

In spite of the fact that supplies for the two days have been extremely large the market opened out active this morning on all kinds of stock. Beef steers, which were rather tearre are in today and sold steeps to of stock. Beef steers, which were rather scarce again today, and sold strong to as much as 10@15c higher, while the feeder market was again active and steady to strong on anything desirable. There was a firmer tone to the market for butcher stock, and only the fact that sellers were asking sharply higher prices prevented offerings from changing hands early, as buyers were bidding good steady figures right from the start. Nothing real toppy in the beef steer line was included in the early arrivals. Some choice feeders brought \$13.00.

Hogs—Receipts of hogs today were considerably lighter than yesterday, and the market was active from the start. Shipper trade was 19@15c higher, and they hought most of their hogs on the early rounds. Packers were also ready buyers, their trade looking anyway 15@20c higher than yesterday. An early clearance was made, practically everything being sold before 10 o'clock. A top of \$17.75 was paid for a choice load of shipping hogs, while bulk moved at \$17.50@17.65. Pig receipts were rather light today, and the market in this division was about steady. A load of rather heavy stock pigs changed hands at \$20.00

Representative sales:

Sheep-Receipts of sheep and lambs were Sheep—Receipts of sheep and lambs were a little more liberal today. Late arrivals of stock again delayed the trading on the early rounds. The market was generally 25c higher, choice fat lambs selling around \$17.25. Some light weight ewe lambs brought \$19.00. Feeder lambs were in very good demand at atronger prices, the best selling around \$18.00. Breeding ewes sold higher than the past week, and brought \$16.50. Fat sheep were in good demand, the supply being rather scarce, and were quoted nominally 25c higher. The best sold on the early market at \$11.25.

Coffee Market.

At 5 defend for coffee futures showed a somewhat steadier tone today, but early advances were not fully maintained. The opening was irregular at an advance of 2 points to a decline of 2 points, but there were foreign buying orders around the ring, while it also appeared that the recent decline had gone far enough to attract covering. Reports of a steadier tone in the cost and freight situation encouraged the buying, which carried March contracts up to 7.05c and May to 7.17c, or about 3 to 6 points not higher. Part of this gain was lost under realising in the late trading with the close net 1 point lower to 3 points higher. A prominent credit man recently said that he considers A Merchant who still clings to Horse and Wagon Delivery a Bad Risk.

The profit and loss account of America is being written by machinery. Methods that made men rich yesterday will make them poor today. The nosebag has no place in a progressive community.

With corn at one dollar a bushel and gasoline at twenty odd cents a gallon the most extravagant truck is a money saver. But the

is the thriftiest truck ever built. A penny counter, a general expense reducer. The greatest single force for better business that the past year has witnessed. At this moment when conservation of energy, time and dollars is so vital to national welfare, when merchants are making so many unexpected outlaysthe Maxwell is fighting for economical administration, laboring day and night at a minimum wage and furnishing competent and reliable transportation at the lowest load cost at which goods have been carried in our time.

Maxwell maintenance and repair bills are the lowest of record. It furnishes American Commerce, never so sadly in need of labor, a truck

which even a boy can operate and understand. Just the right size for the average firm. 2400 pounds. But muscled for giant burdens. Worm drive-a feature hitherto associated with the highest priced trucks.

Sold under the same guarantee as \$5000 trucks are. Electric lights and generator. 10-foot loading space. 16 miles to the gallon. The lowest priced one-ton truck in the world and sold on liberal terms. \$985: and it will earn its cost out of the savings it effects. Pays its way from day to day.
