A committee was appointed to confer with Secretary of War Baker and military authorities as to how best to spend this money and assist in athletics at the army camps, In further promoting of athletics in the army camps a resolution was passed that during the period of the war amateurs and professionals could compete for prizes while in active service without regard to registration.

The Amateur Athletic union also voted to suspend the collection of entry fees and registration fees to outside events for soldiers and members of the navy. Change Certain Rules.

Important changes were made in the rules regarding swimming and boxing. ## -Zend Worshipers. No Action Here on Alien **Enemy Rules Just Given Out**

Federal officials here have not yet received any instructions from Washngton about enforcing the new regulations regarding "alien enemies" which have just been made.

According to these regulations, no unnaturalized German will be allowed within 100 yards of a water front, warehouse, shed, railroad terminal. Strict enforcement of this rule, it is said, would put many Germans out of business. Many in Omaha are employed in wholesale houses and even in railroad terminals. Many live within 100 yards of warehouses

Officials here believe the law will be very broadly construed; that is not be enforced literally. Whether the attorney general will assign the work of enforcing it to the federal officials or to the local police is not yet known here.
