

EVERYBODY IS BOOSTING BEE SOLDIER PLAN

Invitations Are Pouring in For Local Sammies From Omahans Who Have Become Interested in the Idea.

Omaha women in the National League for Women's service many of whom have done personal work for the soldiers at Fort Omaha and Fort Crook, knitting sweaters and mending clothes for them, are heartily in accord with The Bee's plan to obtain invitations for Thanksgiving dinner in Omaha homes for the boys.

Many Have Boys in Service Families having sons in the service are particularly keen about entertaining the soldier boys on Thanksgiving day.

Invites Boys from Home Mrs. E. A. Singer is inviting the boys from her home town, Louisville, Ky.

Many Ask for Two Invitations for two soldiers are those received from the following: Dr. Edwin Brown, F. E. Mollin, Dr. F. W. Klossner, Dr. Palmer Findely, T. N. Crosby, Mrs. A. N. Glover, H. E. Neale, Wm. Nathan, Mrs. E. E. Campbell, J. P. White, E. J. Kelly, J. Hultgren, R. E. Price, W. F. Lewis, C. R. Finney, W. T. Nichols, E. E. White, C. T. Clark, H. E. Hartley, Victor Gladstone, C. C. Cope, Jr., W. Dinsick, L. P. Wescott, Mrs. L. W. Wunder, E. E. Crandall, John Gebuhr.

The following will have one soldier boy at their Thanksgiving dinner table: Henry Rosenthal, Mrs. D. O. Belt, Loren W. Porth, Mrs. A. F. Kimball, Mrs. C. A. Parton, Eric Morell, W. W. Montague, G. F. Epstein, Mrs. L. F. Ferry, Mrs. V. A. Black, Lajoie I. Abbott.

GERMAN LINE IS BROKEN AT MANY POINTS BY TANKS

Caught many of them in their dug-outs. The secrecy with which the British made their preparations was one of the most striking features of the offensive.

Quiet Along the Italian Front. Rome, Nov. 21.—The infantry actions on Monte Tomba and Monte Monfenera, the vital points on the northern mountain front, were not renewed yesterday, the war office announces.

Terrific British Drive. The British drive covers a part of the field of last year's offensive on the Somme and the section of the Arras battle front south of Arras. The British center in this thrust is nearly opposite Cambrai, the important German base and railway center, from which the British line on the Bapaume-Cambrai road was about nine miles distant, as it had stood for several months past.

The British and French, however, showed in the Arras battle last spring and in the French drive on the Aisne front that the line was by no means a bar to their progress and serious inroads were made upon it in various attacks on both these fronts.

What Doctors Use for Eczema A soothing combination of oil of Wintergreen, Thymol, and other healing ingredients called D. D. D. Prescription is now a favorite remedy of skin specialists for all skin diseases. It penetrates the pores, gives instant relief from the most distressing skin diseases.

Was Not Forecasted. There has been little speculation over the possibility of a British attack in force on the western front this fall in any area other than that of Flanders, where the main British effort for several months past has been expended. Even here the lateness of the season and the difficult nature of the ground at this time of year, particularly, seemed to

RUSH KELLY CASE SOON TO THE JURY

Arguments Probably Will Start Today, and Windup Likely to Come Before the Week End; Sutton on Stand.

Red Oak, Ia., Nov. 21.—(Special Telegram.)—The defense rested its case at 5 o'clock this afternoon in the Kelly trial and the state at once introduced its first witness in rebuttal. Attorneys in the case state that the arguments probably will start tomorrow morning and the case go to the jury tomorrow evening.

Judge Wheeler this morning ruled out the testimony of R. J. Harding of Macedonia, who testified yesterday afternoon that he heard Kelly read a letter in the postoffice at Macedonia on the morning of the murder, in which the minister was informed of the murder and appeared to have heard it then for the first time. W. C. Ratcliff, county attorney of this county at the time of the murder, testified concerning his visit with Kelly in the jail at Sioux Falls, S. D., shortly after the murder, and stated that he believed the minister was of unsound mind at that time. Kelly was held at that time for sending obscene letters through the mails.

Rev. and Mrs. W. J. Ewing of Deep River told of Kelly's visit at their home in Villisca where he stayed on the night of the murder and John Montgomery, father of the murdered Mrs. Joe Moore, told of the location of the stairway in the Moore home and stated that his daughter was in the habit of keeping bacon in the house. A piece of bacon was found near the bed of the Stillinger girls on the morning after the murder.

Mrs. Kelly, wife of the accused minister, was on the stand this afternoon and told that her husband took no change of clothing with him when he left Macedonia on June 8, 1912, to preach near Villisca the following day, and that there were no blood stains on his clothing when he returned home on the morning of June 10.

Judge A. L. Sutton, attorney for the defense, was one of the witnesses of the alleged murder, testifying relative to Kelly's voluntary surrender at the time of his indictment by the Montgomery county grand jury.

Sergeant Gulgard Is in Omaha on Leave of Absence

Sergeant Frank H. Gulgard, former physics teacher and commandant of cadets at the Central High school, is in Omaha on leave of absence. He is applying for admittance to the Fort Omaha balloon school, where he hopes to obtain a commission in the aviation corps.

Sergeant Gulgard, in reply to a query of how he liked army life at Camp Funston, replied, "Fine, just fine."

Messrs. Cairns and Warwell, also teachers in Central High school, have been accepted at Fort Omaha and are awaiting a call to active duty.

Submarine Sinks British Monitor Off Syrian Coast

Berlin, Nov. 21. (via Amsterdam to London)—An official statement by the admiralty today says: "A German submarine under command of Lieutenant Wendland destroyed a British monitor and a destroyer off the Syrian coast on November 11."

The British admiralty on November 14 announced the sinking of a British destroyer and a small monitor by an enemy submarine while the British craft were co-operating with the British army in Palestine. Thirty-three men were reported missing from the two vessels.

give little basis for expectation of anything more than local strokes.

It has been apparent, however, that German attention was largely centered on the Italian front where the military move in force intended to crush Italy is now in full swing. Admittedly, numbers of German troops had been sent to the Italian front, but the assumption has been that these had been largely drawn from the Russian front, where the collapse of the Russian military machine had made it unnecessary for the Germans to maintain much more than trench garrisons.

British Evidently Knew. It is considered possible, however, that the British secret service had knowledge of a weakening of the German front in the west by the withdrawal of highly trained experienced troops to give backbone to the push in northern Italy, an opportunity thus being afforded to catch the Germans unaware and hit them a crushing blow while their strategic reserve in the Franco-Belgian war area was depleted.

The element of surprise, the reports reveal, was a large factor in the initial British success, as contrary to the almost invariable rule in this war there was no advance preparation by the British artillery, the troops going "over the top" and falling upon an enemy apparently without any expectation that he was about to be attacked.

Pershing Watches Big British Drive British Army Headquarters in France, Nov. 21.—General Pershing, commander of the American forces in France, was present at the British headquarters as the guest of Field Marshal Haig, the British commander, to witness the British offensive. The American commander followed the novel battle with the deepest interest.

Palace of Brigham Young's 18th Wife Turned Over to Red Cross

Salt Lake City, Utah, Nov. 20.—Amelia Palace, the magnificent home of the favorite wife of Brigham Young, former resident of the Mormon church, was today dedicated to the service of humanity, when it was turned over to the executive committee of the Red Cross of Utah to be used as headquarters and work rooms of that organization.

This is one of the most famous and historical structures in the west, will be the center of activity for an organization of 10,000 workers, now being formed. It was built in the 70's by Brigham Young for his eighteenth wife, Amelia Folsom Young, and contains forty-eight rooms and a large art gallery, but was never occupied by her.

NEBRASKA MEN ORDERED HELD BY U. S. ATTORNEY

Belligerent Pro-German Sympathizers Soon Will Be Taken to Utah; Two More Now Incarcerated.

"The kaiser," who is now in jail at Grand Island, was ordered interned for the duration of the war by the attorney general and United States Marshal Flynn will carry out the order. He will bring "the kaiser" to Omaha and turn him over to the military authorities at Fort Crook, who will take him to Fort Douglas, Utah, the internment camp.

The real name of "the kaiser" is Martin Schosche. He earned the nickname because of the "frightfulness" which he exhibited around Kearney where he was arrested a few weeks ago. He was a farm hand near there. He showed the same devotion to militarism as William Hohenzollern of Berlin.

Was Well Armed. His arsenal consisted of a rifle, a shotgun and a revolver of large caliber. He slept with the latter strapped to the bed post. He was not what one would call "strong" for the United States. Quite the opposite.

Orders were received here Wednesday also for the internment of Walter Kronert and Edward Martin, who have been in the county jail for several weeks.

Kronert, when he was picked up in Omaha, said he was enroute from San Francisco to New York. In his possession was a letter from a friend in San Francisco, telling him that he had been drawn in the first draft and advising him not to try to avoid military service. He declined to return to San Francisco and join the selected army.

Martin, a man about 35 years old, lived for 21 years near Blair, Neb. He is alleged to have stated freely that he would fight for the kaiser if he could, and that he would be glad to take up arms against the United States. He even told Marshal Flynn that his sympathies were all with Germany.

As soon as "the kaiser" is brought from Grand Island, the three will be taken by a Fort Crook detachment of soldiers to the internment camp at Fort Douglas, Utah.

This will make a total of 12 men arrested in Nebraska and ordered interned since the war started. Two more are in jail who may be interned.

GERMANS OUSTED FROM NEW BARRED ZONES; LOSE JOBS

Washington, Nov. 21.—Thousands of unnaturalized Germans were forced to move today from their homes near docks, piers, warehouses, railway terminals and other establishments declared barred zones by President Wilson's alien enemy proclamation. For many the new regulations meant not only the actual moving of the place of residence, but the loss of jobs in the forbidden areas.

To those without work, including many with dependents, the federal employment agencies were open and the officials were emphatic in explanation that the help of these agencies in finding new employment for the alien enemies would not be withheld. This was only one evidence of the government's anxiety to treat law-abiding Germans with courtesy and consideration while applying the drastic rules to detect the few with harmful intent.

Along the Atlantic coast where danger from alien plotters is considered greatest, the registration of enemy aliens will be undertaken first and will be followed later by registrations in the interior.

Charges High German Officials Are Corrupt Copenhagen, Nov. 21.—The makings of a German government scandal are contained in an article written by Dr. Heim, leader of the Bavarian peasant party, attacking high officials of the government purchasing and distributing agencies for private profiteering at the public expense.

Discussing the sale of the Danube merchant fleet, established by the Central Purchasing society for transporting grain and food products from Roumania and Hungary to a Bavarian private shipping concern, Dr. Heim declares that even high officials of the government purchasing agency are in the pay of

Camp Cody Shows Excellent Health Rate, Says Officer

Deming, N. M., Nov. 21.—What military authorities at Camp Cody here declare is a persistent effort to harass the authorities by discrimination of reports that health conditions among national guardsmen of the 34th division stationed at Camp Cody were bad was answered Tuesday

night by Lieutenant Colonel J. M. Coffin in a statement setting forth that the actual health conditions here are good and there is no danger of an epidemic.

Colonel Coffin said: "We are below the average sick rate of any division in the United States. The quarantine for measles is extensive on account of the system adopted to combat contagious disease. There is no cause for alarm and

the epidemic is diminishing. The number of cases today was reduced from 303 to 223. The type is a mild form known as German measles. There have been no deaths from that cause and no complications through pneumonia or local infections. The number of deaths since the camp was established was negligible and not higher as in any civil community."

What LUX is

Wonderful flakes—pure, transparent—in which is concentrated more real cleansing value than is possible in any other form of soap.

It will not harm anything which pure water alone won't injure.

Try Lux just once

In this form there is no need for any air, any moisture, or any kind of "fillers" which have no cleansing value.

No matter what soap you use now for fine laundering, try Lux. You can get it at your grocer's, druggist's or in department stores.

Soap should never be rubbed directly on a delicate fabric—it coarsens the fabric and gradually turns it yellow. Use Lux which dissolves instantly. Lux needs only to be used in small quantities owing to its absolute purity and wonderful richness.

See for yourself what a remarkable difference it makes!

Think what it means to you to have found at last something which

Won't shrink woollen! Won't turn silk yellow! Won't injure even children!
