

GEORGE SAYS ALLIES WAIT ON U. S. SHIPS

Premier Declares Before First Session of War Leaders Meeting Needed in View of Russian Collapse.

London, Nov. 21.—The collapse of Russia and the recent reverses of Italy make it even more imperative than before that the United States should send as many troops as possible across the Atlantic as early as possible," said Premier Lloyd George before the meeting today of the American war mission and the British war cabinet.

"I am anxious to know how soon the first million men can be expected in France."

The premier explained that British shipping now was wholly employed in war work, partly for the allies, partly on British account, adding:

DEPENDS ON U. S. SHIPPING.
"Assuming that the submarine situation gets no worse, the easing of the position of the allies depends entirely upon the dates on which the American program for the launching of 6,000,000 tons of shipping, promised for 1918, comes into practical effect."

"I have no doubt that with the largest industrial resources of the world, a most highly trained and adaptable industrial population and an exceptional national gift of organization, the accomplishment of America in the matter of ship building will astonish everybody."

Take Stock of Resources.
The general work of the meeting consisted in taking stock of the resources and needs of both countries and, to some extent, of the continental allies.

The premier said he wished to recognize the eager earnestness with which the people of the United States are throwing themselves into the great task.

With reference to the question of supplies, Mr. Lloyd George assured the mission that the most drastic food restrictions were about to be imposed upon the people of the British Isles.

Men Who Were There.
The American representatives were: General Tasker H. Bliss, chief of staff; Admiral William S. Benson, chief of naval operations; Thomas Nelson Perkins, member of the priority board; Dr. Alonzo Taylor, representing the food controller; Bainbridge Colby of the United States shipping board; Oscar T. Crosby, assistant secretary of the treasury, and Vance McCormick, chairman of the war trade board.

Britishers' Delegation.
The British representatives were: Premier Lloyd George, Foreign Minister Balfour, Viscount Milner, George Nicoll Burns and Earl Curzon of Kedleston, constituting the war cabinet; Lord Reading and Lord Northcliffe, the earl of Derby, General Sir William Robertson and Lieutenant General Jan C. Smuts, representing the army; Sir Horace Geddes and Admiral Sir John R. Jellicoe, representing the navy, and Major John L. Baird, Baron Rhonda, Lord Robert Cecil, Walter Humelton and Dr. Christopher Addison, representing, respectively, aviation, food, blockade, petroleum and munitions.

Labor Reaffirms Loyalty To U. S.; Pacifists Silent
Buffalo, N. Y., Nov. 21.—Without a dissenting vote the American Federation of Labor today reaffirmed its unswerving loyalty to the country and a determination to stand behind the national administration until peace comes. The pacifist element, which yesterday mustered a small minority against President Gompers, was silent.

In his address on Russia, Vice President Duncan expressed confidence in the ultimate formation of a stable and lasting republican government there.

"Give them an opportunity to develop their new democracy and there will be born in it a national spirit that will be worth fighting for," he said.

Possibility of Railroad Strike is Now Averted
Washington, Nov. 21.—Possibility of paralysis of the nation's railroad facilities by a general wage strike of engineers, conductors, trainmen and brakemen is believed to have been averted by the action of the roads in giving to President Wilson complete authority to handle their interests in the coming conference with the trainmen.

Representatives of the unions will confer with the president Thursday. It is expected as a result that the workers will consent to have their wage demands laid before an impartial tribunal for adjudication.

Commandeered Ship Yards Produce Huge War Output
Washington, Nov. 20.—American shipyards, whose construction was commandeered by the government, completed last week, 20,000 tons of merchant shipping. The shipping board announced today that this brought their total output since the commandeering order was issued August 4, up to 28 vessels of 159,000 tons capacity.

German Still Most Widely Taught Language in N. Y.
New York, Nov. 21.—German is still the most widely taught foreign language in New York City high schools, with Latin and French dividing honors for second place, according to a report compiled today from the records of the Board of Education. More than 25 per cent of the city's high school pupils are studying German, the report stated.

Postpone Smith-Fulton Bout.
Minneapolis, Minn., Nov. 21.—The ten-round bout between "Gunboat" Smith and Fred Fulton, scheduled for tomorrow night, was postponed today until next Monday night because of Smith's illness in New York

British Take 976 Germans in Africa

London, Nov. 21.—The British official report concerning operations in Africa says: "Continuing the pursuit on the Makonde plateau we occupied Lutshemi on Saturday in the face of considerable opposition and took rifles. On Sunday we occupied a large enemy camp northwest of the Kitangari mission station, capturing 976 Germans and Askaris. The remainder of the enemy has been driven into the Kitangari valley.

"Near Mandebi, 38 miles southwest of Liwale, the Anglo-Belgian force was engaged on Thursday and Friday with the enemy, who was endeavoring to break southward from Mahenge.

"Exclusive of the enemy losses at Mandebi, 798 Germans have been killed or captured by our various columns since November 1."

FRENCH PREMIER PLEDGES SELF TO WAR

New Ministry Will Firmly Oppose Pacifist Campaigns and German Intrigues.

Paris, Nov. 21.—Premier Clemenceau read to the Chamber of Deputies this afternoon the ministerial declaration which has been decided upon by the new cabinet. In the senate the document was read by Louis Nail, the minister of justice. The document pledges the new ministry to a vigorous prosecution of the war.

"No more pacifist campaigns; no more German intrigues; neither treason nor semi-treason," said Premier Clemenceau, in his address.

"War, nothing but war. A censorship shall be maintained for diplomatic and military information as well as for those susceptible of disturbing peace at home, up to the limits of respect for opinions. A press bureau will give advice, nothing but advice, to all who solicit it.

"Some day, from Paris to the humblest village, shouts of acclamation will greet our victorious standards, stained with blood and tears and torn by shells—magnificent apparition of our noble dead. That day, the greatest day of our race, after so many other days of grandeur, it is in our power to bring forth."

Premier Clemenceau read his declaration in a firm, clear voice. When he spoke of France's debt to the dead, his emotion was evidenced by trembling of the sheets in his hand. His peroration was acclaimed by the whole chamber with the exception of certain unfortunates.

Three deputies of the right later withdrew their interpellations on the scandals, which now are being investigated.

Greeks Faithful to Allies, Says Venizelos in Message

Washington, Nov. 21.—Eliphthios Venizelos, the Greek premier, now in London for the inter-allied conferences, issued a statement today to the Greeks of America. It was received here by cable as follows:

"I am happy at being able to address greetings from the capital of the British empire to the Greeks over the seas, who in this most tragic period of our national history, have shown moral strength and faith unshakable in the policy which draws its principles from the very traditions of the Hellenic race. The principles were always in harmony with the ideals of freedom of the great republic of America.

"United Greece is faithful to the compact entered into with the allies and this unity is not impaired by mischievous, isolated rumors and the doings of a few organs which in some parts of the world continue to serve the fallen regime. We will now reconquer those Macedonian provinces which a treacherous policy handed to our enemies."

Baptists Decide to Aid Families of Enlisted Men

Chicago, Nov. 21.—Provisions for families of enlisted men of Baptist church affiliations was decided upon and plans for raising \$150,000 for cooperation with the Young Men's Christian association work outside of cantonments and camps was agreed upon at a meeting of the executive committee of the Northern Baptist convention here today. The convention represented all Baptist churches north of the Mason and Dixon line. It was presided over by George W. Coleman of Boston, president of the convention.

This appetizing blend of Wheat and Barley is over 98% Food.

ECONOMICAL HEALTHFUL DELIGHTFUL

Representatives of the unions will confer with the president Thursday. It is expected as a result that the workers will consent to have their wage demands laid before an impartial tribunal for adjudication.

GERMANS FLEE FROM BRAZIL'S ENRAGED MOBS

Close German Schools and Substitute Native Priests for German Teachers; Serious Outbreak Imminent.

Rio Grande do Sul, Nov. 21.—Prominent German agitators, including leading business men in this city, are fleeing into Argentina.

Before martial law was declared one of the first persons to leave was a man named Bromberg, a wealthy business man. Christian Meissner, the Austrian consul, whose attempt to smuggle out interned German sailors led to the declaration of martial law, has escaped into Paraguay through Argentina.

Reports received here from Rio Janeiro say the government is planning wholesale arrests of spies in this state. German schools are being closed and German priests in Catholic schools are being replaced by Brazilians.

Reports of German unrest in the states of Santa Catharina and Rio Grande do Sul are frequent, but the government evidently has the aliens well in hand and is in a position to prevent a widespread revolt, unless threatened by invasion by South American neighbors, a contingency which is widely rumored and generally feared. In the western part of this state the army is being increased rapidly.

U. S. RAIDS I. W. W.'S IN OIL DISTRICTS

Total Arrests May Run Into Hundreds; Examine Men to Ascertain Whether They Evaded Draft.

Kansas City, Nov. 21.—Federal authorities began a roundup of Industrial Workers of the World agitators in the middle west today. Official reports have been received here from only one raid, that at Augusta, Kan., where 22 were arrested, but unofficial reports indicate numerous other arrests in the El Dorado and Augusta oil districts, considered the focal point of agitation that led to the placing of armed guards about oil properties.

Federal officers have intimated the total of arrests may run into the hundreds. In preparation for the roundup, Oscar Schmitz, a special agent of the Department of Justice, was sent to Augusta to construct a large "bull pen" in which to house the prisoners and he reported the structure was ready today.

Every man arrested will be examined to determine whether he evaded the draft regulation, it is said, while those who can show they are not members of the Industrial Workers of the World will be released. Those who cannot show they have business in the oil fields will be handled by local or state authorities, while any considered dangerous will be dealt with by the government, the officers stated.

The activities of the Industrial Workers of the World in the oil fields of Kansas have been under observation by Department of Justice investigators for several weeks. The shipping of Industrial Workers of the World members to Tulsa, Okla., augmented the Industrial Workers of the World forces from Oklahoma and stickers bearing the picture of an angry black cat and the word "sabotage" appeared. This was followed by several mysterious fires and the placing of the armed guards.

Omaha Bridge Men Urge New Rail Classification

Washington, Nov. 21.—(Special Telegram.)—James M. Kelly and W. L. Carey of the Omaha Structural Steel Co., were in conference today with Chairman Willard of the transportation board urging that steel entering into the fabrication of bridges, sugar factories and other enterprises in which the farmers are most vitally interested, be put in class A, being devoted to munitions of war, ship plates, armor, etc., being of the very first importance and necessarily taking precedence over every other fabrication in their movement by rail.

The Omaha men, however, urged that the building of sugar factories in which steel is used, also in the construction of new bridges and the strengthening of old ones is also of great importance especially to farming communities and should therefore be given priority of movement over material not especially needed in these wars.

It is thought the plea of the Omaha men will have great weight with the transportation board in making their classification.

America Finds Substitute For German Salvarsan

Philadelphia, Nov. 21.—Dr. Simon Flexner, head of the Rockefeller institute, today told the National Academy of Science, in convention here, that the Rockefeller institute had discovered an improved substitute for salvarsan. The new chemical agent, he said, is still unnamed. Soon, he added, it would be given the medical profession free.

"The new chemical has many advantages over salvarsan," said Dr. Flexner. "Where salvarsan formerly cost \$3.50 a dose, the improved substitute costs about 5 cents a dose."

Salvarsan was a German product under the control of German manufacturers. Since the war it has been impossible to import it.

Dr. Samuel Meltzer, also of the Rockefeller institute, showed lantern slides portraying how scientists of the institution had cured tetanus with injections of epsom salts.

Stiff Joints Limber up Quick

Amazing Results From "Ulypto." You'll say, "I never saw anything like it." Apply a little "Ulypto" Ointment on that stiff or aching joint, or sore muscle, on that rheumatic pain, apply it where your back hurts or where you have that

terrible headache, head cold or neuralgia. The result will be gloriously soothing and the pain, congestion and soreness will disappear quickly. "Ulypto" Ointment is a scientific surprise, a new combination containing among other things the almost magic properties of the eucalyptus tree. Just think, no blistering or irritation, no objectionable mustard odor—just a wonderful bland, soothing pain-chaser. Use it for that sore throat, too, pain in the chest, chilblains, earache, or any inflammation. "Ulypto" Ointment is sold by all druggists in 25c and 50c jars, or sent direct by the MacMillan Chem. Co., Falls City, Nebr.

Quick Ease for Sore Throat
A few "Ulypto" Cough Drops work magic on the inflamed membrane of the throat. They will clear your voice at once, stop the "tickles," ease the cough and end hoarseness. It's a new combination, with the wonderful eucalyptus. Try them right now. So a package at all drug stores, candy, grocery and cigar stores.

"Ulypto" Ointment is for sale and recommended in Omaha by Sherman & McConnell's Five Stores, Merritt Drug Store, Boston Drug Co., Dundee Pharmacy, Green's Pharmacy.

CHILDREN'S COUGHS

may be checked, and more serious conditions of the throat will be often avoided by promptly giving the child a dose of

PISO'S

movement of small coins will continue through December to accommodate holiday shopping demands in eastern cities.

Within the six weeks ending November 15, 62,600,000 new pennies and millions of new nickels were put into circulation by the treasury. The persistent shortage of these coins, even making allowances for the heavy demand for cents caused by war taxes, has caused officials to suspect that a number of retail merchants are hoarding "change" for the holiday rush.

"Paper Pennies" Threaten to Take Place of Famous Indian Coppers

Washington, Nov. 21.—(By Associated Press.) Reports that the shortage of 1-cent pieces had caused clearing houses in several eastern and middle western cities to determine to issue paper script to be circulated locally instead of pennies reached the treasury today and were met by an immediate effort to ship more small coins eastward from the Denver and San Francisco mints.

Five million 1-cent pieces were on their way to Chicago to relieve the shortage in the middle west and the

Omahans in Capital.

Washington, Nov. 21.—(Special Telegram.)—D. J. O'Brien of Omaha and New York and Charles L. Dunday of Omaha are in Washington on business before the patent office.

E. P. Peck and E. H. Westbrook, well known grain dealers of Omaha, who arrived in Washington yesterday, were in conference today with officials connected with the food administration. They left tonight for the west.

Shipping Coin to East.

Washington, Nov. 21.—Small coin for the shopping public is being rushed east today from the San Francisco and Denver mints under continued efforts of the Treasury department to break the shortage in eastern and middle western cities. Five million 1-cent pieces are under shipment to Chicago and the movement will continue until the holiday rush is over next month.

Mexican Relations Knock Out Juarez Race Meeting

Louisville, Ky., Nov. 21.—There will be no fall and winter meeting at the Juarez race course.

Announcement on this effect was made here by Colonel Matt J. Winn, manager of the Juarez track, who said that recently adopted passport restrictions on travel to and from Mexico had made the holding of a meeting impossible.

It would be necessary, he said for patrons of the track going from El Paso to obtain a passport from the American authorities and that this passport would have to be renewed for each trip to Juarez.
