TEXAS. NEW FARM OPPORTUNITY IN ONE OF THE GREATEST STATES IN THE UNION. A new line of the Santa Fe is tapping a rich and fertile prairie section of northwest Texas, near the Oklahoma line, where already many farmers have MADE GOOD with wheat, hogs and live stock. Here, if you ACT NOW, you can get first choice—get in on the ground floor of a great opportunity. You can get in AHEAD of the railway and the people whom the railway will bring. This is the chance of a lifetime for a man of moderate means. A certain number of thrifty, farseeing farmers can acquire good land at an astoniahing low figure and on long easy terms. Why say good-bye to good rent money every year when same money invested here will pay big returns and make you OWNER of a fine big farm? If you have confidence that a great railroad like the Santa Fe would only recommend what it considers a good thing and because it wants to see new territory developed and wants newcomers to PROSPER and PRODUCE—then write me TODAY for particulars about this district. Climate is pleasant, rainfall comes in the growing season, winters are mild, stock can run in open year around Schools, churches, telephones, good roads. Everything here but enough men with their families. The farmers' BEST CHANCE is on good low-priced land raising products that bring big returns. Will you be one of the fortunate first comers to reap the advantages of a section that has been inspected by a Santa Fe agricultural agent and pronounced RIGHT? Twenty-dollar-an-acre land here has made 26 per cent yearly on investment, compared with 6 per cent on \$160 land in Illinois and lowa corn belt. Write me for jour free illustrated folder with particulars, giving experience of farmers now here and results they have achieved in short time and on small capital. C. L. Seagraves, Industrial Commissioner, Santa Fe Railway, 111 Railway Exchange Building, Chicago.
