Farmers Tax Resources Of Banks to Buy Feeders

Aurora, Neb., Nov. 24.—(Special.)—Because of the large amount of soft corn, the farmers of Hamilton county are beginning feeding operations on a large scale. The resources of the bankers are being pushed to the limit to take care of the feeders who need the money to buy the stock. Telegrams from Washington to the bankers direct them to take care of the feeders. The word has gone out that this soft corn must be utilized. The demand for money at the banks is the greatest known for years.

"DRESSED TURKEY" "DRESSED PEOPLE"

Dresher Brothers Claim That Humans as Well as Toothsome Birds Should be Properly "Dressed" on Thanksgiving Day.

Big Rush of Work Slated for Early Part of Week—Please Hurry Your Cleaning Jobs to Dreshers.

"Dressing" will be strictly in order on Thanksgiving Day. The big, luscious, tempting turkey will, of course, have to be properly "dressed," and those who sit down at the festive board to eat that delicious bird would better be "dressed" properly, too.

But the "dressing," thank goodness, is not the same kind of a "dressing."

Those who wish to appear their very best at Thanksgiving Day dinners, will find it necessary to have their clothes looked after. Men's suits will need cleaning and pressing; women's dresses, gowns, suits, wraps, etc., will need looking after as well.

And Dresher Brothers, the immense Dry Cleaners, Dyers, Hatters, Furriers and Tailors, at 2221-2217 Farnam St., want those jobs of cleaning. They will assume full responsibility for the well-grooming of Thanksgiving dinner celebrants. But Dreshers ask as a personal favor that folk send or bring in their work early in the week, for there will be a "rush" in the last days.

Put together your Thanksgiving dinner first thing Monday morning. Phone Teler 345 for a Dresher man and he will be at your home in a hurry. He will take your clothes and return them in plenty of time for wear at the "dinner."

And such a job you will get, too. There isn't any mode, manner or method of cleaning that will give a more satisfactory result than the Dresher Process and this will be an excellent way to prove it. Leave your work at the plant, at Dresher The Tailors, 1515 Farnam St., or at one of the Dresher Branches in the Burgess-Nash or Daniels Stores.

The Public Found Me Out

The things which were prophesied have come to pass—My Record is now an open book wherein all may read.

When I opened my office in Omaha a few months ago some people took it upon themselves to advertise me—at a time when I really needed it, because I was then little known.

Because my ideas were new, and my prices were much lower than other High-Class Dentists charged for similar work, I was looked upon with suspicion—and when I undertook to explain to the people of Omaha, through the public press, some of the reforms I proposed to inaugurate in Dental Practice—some of my professional brethren openly proclaimed that "The people will soon find him out"—and they certainly have.

They found out that my promise to eliminate unnecessary pain was a FACT—and not a mere fraud, as some feared and others foped.

They found out that my prices WERE lower—often by half—than the prices charged elsewhere.

They found out that my work was skillfully done, that the material used was of the best, and that there was no bad "after-effect" from dental work done here, because of the antiseptic precautions taken in this office.

When the people "found me out" my practice began to grow, with the result that today I enjoy a practice second to none in the state.

It was not "luck" nor accident nor good fortune—it was just Better Dentistry, Lower Prices, Fair Dealing and effective publicity that made possible to build in a few months a business that is seldom built up in ten years.

If you need dental work and have not as yet "found me out," take this as a special invitation to do so. A consultation does not in any way obligate you.

Had Catarrh Of Head Nose Throat and Stomach

done for me. I suffered with catarrh for seven years; catarrh of the head, nose and throat, and stomach. Peruna cured me. I followed your advice and I used three bottles of Peruna in three weeks, and now my trouble is all over. I will never be without Peruna in my house. I can heartily recommend Peruna as a catarrh remedy. I am pleased to make public the good that Peruna has done me.

In a later letter Mr. Rossi writes: "I will never be without Peruna in my house. We use it whenever any of the family have a slight cold, and find it of constant service. Peruna has many times saved one of my little boys from serious sickness."

Those who object to liquid medicines can now procure Peruna Tablets.

Mr. Samuel Rossi, No. 612 Chestnut Ave., Vineland, N. J., writes: "I want to thank you for your advice and for what your medicine has

A "Straight Up and Down" proposition with money's worth "Up" and expense "Down"

When you buy clothing, you'll find it considerably to your advantage to buy the Dundee way—the "straight up and down" way—the money-saving way. We take the money the average retailer appropriates for high rent, credit losses and delivery expense and put it into our garments. We give every one of our customers a \$20 or \$25 suit or overcoat at \$15. We save them all \$5 to \$10. And we do it by trimming our expenses close, cutting out all waste and eliminating all extravagance.

Suppose we worked the other way round—paid a fortune for rent, lost a lot of money on charge accounts, squandered a king's ransom on delivery expense. You'd have to foot the bill. We'd be obliged to charge more for the same clothes or supply low quality clothes at \$15. The proposition is "straight up and down"—no two ways about it—we prefer our own method. It's making us a lot of friends and a lot of customers.

Dundee clothes speak for themselves. The woolens are a clear indication of extra quality. The tailoring is the extra quality kind that good dressers demand. The styles are the leading ideas of the foremost designers. These clothes look right when you buy them and stay right as long as you choose to wear them. And they are sold with a definite guarantee that goes as far as you care to carry it. We're ready for you today—ready to save you money, give you extra quality and real service.
