

SPIRITED BIDDING ON GRAIN EXCHANGE

Joe Wright Pays \$500 For Box to the Camp Funston-Camp Dodge Game in Omaha.

"Going, going, going—sold to Joe Wright for \$500" was the way the seat sale for the army football game to be played on Creighton field next Saturday between picked teams from Camps Funston and Dodge started off at the Omaha Grain exchange, where 20 boxes were sold at auction. The total of the sale aggregated \$2,500. Proceeds will be divided between the two camps and used to aid in the erection of athletic buildings for the soldiers.

The seat sale at the Omaha Grain exchange was conducted by Ed P. Smith as auctioneer. The Grain exchange was assigned 20 boxes of 12 seats each, all located at one of the best points of vantage on Creighton field.

Bidding for the first box was a contest between E. S. Westbrooke and Joe Wright. Westbrooke offered \$250 and Wright raised him \$50. Westbrooke came back with \$50 and Wright quickly put him out of the bidding by offering \$500.

W. J. Hynes shut all bidders out by offering \$300 for choice of the second box.

N. B. Updike, who was slow in arriving at the sale and regretted that he was not in the room when the auction commenced, offered \$500 for third choice of boxes and then raised his own bid to \$100.

Fourth choice went to A. H. Bewsher at \$100. Ed P. Smith, John Albers, J. W. Holmquist and F. Taylor each paid \$100 for their boxes.

Then there was more music by the Forty-first Infantry band from Fort Crook, after which the sale was resumed and the 10 remaining boxes sold to Carey, Studevant, Henry Clarke, Browning, Bucklin, Twamley, George Johnston, Carlisle, Latta, Perry Smith, Barton Millard and Frank Brown at \$50 each.

To reward the band for its service the hat was passed and when it returned to its owner it contained \$50, which was turned over to the musicians.

Mail Order Houses to Cut Quantity of Sugar Shipments

Chicago mail order houses henceforth will sell no sugar in greater quantities than 25 pounds. Heretofore, even through the sugar shortage, they have been sending 100-pound sacks to customers in Nebraska and elsewhere.

The foregoing information was given W. H. McCord yesterday in a long distance telephone conversation with Harry Wheeler, state food administrator of Illinois.

Mr. McCord is chairman of the wholesalers' committee of the Nebraska food administration. The committee is checking up the matter of hoarding of food supplies in the homes. It was learned that while sugar is so scarce that the average store will sell only from 10 to 25 cents' worth to any customer at one time, Chicago mail order houses that happened to have a better source of supply, were selling and shipping 100-pound sacks of sugar. To have that much sugar in any one home at this time is considered hoarding and Mr. McCord decided to look into the situation.

He got in touch with Food Administrator Wheeler, who immediately went after the mail order houses, with the result that he got their promise to co-operate.

Mr. McCord says that unless the sugar situation is relieved more rapidly than it has been the 25-pound limit may have to be cut down still further.

Patriotism was rampant at the exchange building at the stock yards Friday afternoon. The Forty-first regiment band from Fort Crook gave a military concert in the rotunda. Hundreds of persons crowded around to listen to the music and to applaud the players. Patriotic speeches were made.

Colonel Settle and a number of the officers were honor guests at luncheon in the exchange dining room. Packing house, bank, exchange and stock yards officials were present. After the luncheon a block of the best boxes of seats for the Camp Funston-Camp Dodge football game, December 1, were auctioned off. Colonel Gallup of the Omaha Horse and Mule company acted as auctioneer. There was pep and push a plenty and the bids came hot and fast, and high.

'PHOSPHOROUS GANG' OF I. W. W. AT WORK

Mail Sacks Are Destroyed by Mysterious Blaze in South Dakota Hamlet, Buildings Are Threatened.

Sioux Falls, S. D., Nov. 24.—(Special.)—That the phosphorous gang of the Industrial Workers of the World in addition to destroying elevators and barns and other property, now has "taken on" the task of destroying mail is strongly suspected as the result of an occurrence in Humboldt, where one mail pouch filled with mail was completely destroyed and two others were badly burned as the result of a mysterious fire.

The mail sacks were thrown on the platform of the Minneapolis & Omaha railway depot from a passing passenger train and were left lying there for a time until an assistant could take them to the Humboldt postoffice. A woman who passed the pile of mail sacks discovered that they were on fire. One of the pouches which was badly burned contained parcel post matter. A large number of letters were consumed in the pouch, which was completely destroyed.

It is believed that a small quantity of phosphorus had been placed in one of the sacks, either for transmission to some one in Humboldt, to destroy the mail or for the deliberate purpose of setting the railway depot on fire. Had this occurred the fire would certainly have been communicated to adjoining buildings. Efforts now are being made to fully solve the mystery of the fire.

Mexican Federals Slowly Surrounding Villa Bandits

Juarez, Mexico, Nov. 24.—Colonel Isidor Favela, in command of 1,200 federal cavalrymen, was ordered today to entrain for Villa Ahumada, 83 miles south of here, on the Mexican Central railroad, to take the field in the direction of Coyame, southeast of Villa Ahumada. His special train was scheduled to leave late today. This is to be the first move in

the general enveloping movement which General Eduardo Hernandez has undertaken against Villa and his forces. Colonel Favela will attempt to flank the Villa column, which is reported in the vicinity of San Sostenes, 75 miles southwest of Ojinaga, while General Hernandez, with Chihuahua City as his base, encircles his main command from the south and southeast.

As soon as the Ojinaga troops have been reuniting and shod they will be also sent into the field against Villa from Villa Ahumada. These forces arrived here from Marfa, Tex., yesterday, where they were interned after the fall of Ojinaga before Villa's assaults.

Juarez, Mexico, Nov. 24.—Mexican federal troops continued to arrive here during the night and go into camp. General Cardona of Jimenez, arrived last night with 300 men. With the 500 who reached here today from Ojinaga, the garrison now numbers more than 3,500.

Rumors that Chihuahua City was being evacuated were officially denied.

The reason for bringing so many troops here was said to be to prevent Villa making another attack on the American border with the accompanying complications.
