Further details of the fierceness of the recent fighting in the north were given to the correspondent by an eye witness returning from the battle line, who also told of many instances of daring by regiments, batteries and individuals.

The Italian artillery has especially distinguished itself. In the fighting around Meletta d'Aventi, a mountain battery was obliged to fall back with the infantry. Every officer of the battery had been killed except the captain, who was badly wounded. While bleeding on the ground, he called up two gunners, ordered them to set up the wreck of the remaining gun and directed them to fire from this point. An Austrian officer was caught yesterday in the uniform of an Italian lieutenant-colonel. Speaking good Italian, he was mingling among the soldiers and gathering information. Another suspect was seen here in various uniforms, those of an Italian captain, a soldier and a chaplain. He escaped last night, but was captured today in the uniform of a chaplain.

Russ Expect All Workmen To Support Peace Move

Petrograd, Nov. 26.—Leon Trotzky, foreign minister in the Bolsheviki cabinet, has sent a note to the diplomatic representatives of neutral powers in Petrograd, according to the official news agency, informing them of the measures taken by the government to obtain an armistice. The note adds:

"The consummation of an immediate peace is demanded in all countries, both belligerent and neutral. The Russian government counts on the firm support of workmen in all countries in its struggle for peace."

Three Trainmen Die When Train !s Derailed

Henryetta, Okl., Nov. 26.—Three trainmen were killed today when the St. Louis and San Francisco passenger train "Meteor," from St. Louis, was derailed by an obstruction placed on the track. Loss of life among the passengers was prevented by J. S. Robertson, engineer of Sapulpa, who set the brakes and stayed at his post until his locomotive rolled down an embankment.

WHY SOCIETY WOMEN WASH THEIR OWN HAIR

They do, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. They have found that in washing the hair it is never wise to use a makeshift but is always advisable to use a preparation made for shampooing only. Many of our friends say they get the best results from a simple home-made canthrox mixture. You can use this at a cost of about three cents a shamspoonful in a cup of hot water. This makes enough shampoo liquid to apply to all the hair instead of just the top of the head, as with most the top of the head, as with most preparations. Dandruff, excess oil and dirt are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you.—

Woman's Club Subscribes

\$500 to Y. W. C. A. War Fund Five hundred dollars was sub-

scribed to the Young Women's Christian association war fund by the Omaha Woman's club at the business meeting Monday afternoon. The amount was pledged following the plea made by Mrs. J. M. Aiken for the cause. No action was taken in the matter of the opening of the meeting and so Mrs. M. D. Cameron gave a short talk on the necessity of these "hostess houses" which the Young Women's Christian association is trying to build, and what a mistake it would be if the Woman's club subscribed nothing to he cause. A motion was then made by Mrs. Cameron and carried almost unanimously, to buy a \$500 Liberty bond for the fund.
